

FRANK J. VEITH - CURRICULUM VITAE

<u>Academic Degrees:</u>	Cornell University, A.B. with Distinction, 1952; M.D., 1955
<u>Licensed by State of:</u>	New York, Connecticut, Massachusetts, California
<u>Internship:</u>	Presbyterian Hospital, Columbia University, 1955-56
<u>Asst. Residency:</u>	Peter Bent Brigham Hospital, Harvard Medical School, 1956-60
<u>Residency:</u>	Peter Bent Brigham Hospital, Harvard Medical School, 1962-63

ACADEMIC AND HOSPITAL APPOINTMENTS PREVIOUSLY HELD

Asst. in Surgery, Peter Bent Brigham Hospital and Harvey Cushing Research Fellow in Surgery, Harvard Medical School, 3/62 - 6/62

Arthur Tracy Cabot Teaching Fellow, Harvard Medical School, 1962-63

Asst. in Surgery, Peter Bent Brigham Hospital; Research Fellow in Surgery, Harvard Medical School; and NIH Postdoctoral Fellow, Harvard Medical School, 1963-64

Asst. Professor of Surgery, Cornell University Medical College, 1964-67

Asst. Attending Surgeon, Bellevue Hospital, 1964-67

Surgeon to Outpatients, New York Hospital, 1964-67

Associate Professor of Surgery, Albert Einstein College of Medicine, 1967-71

Associate Attending Surgeon, Montefiore Hospital and Medical Center, 1967-71

Co-Director, Transplant Unit, Montefiore Hospital and Medical Center, 1967-76

Professor of Surgery, Albert Einstein College of Medicine, 1971 -

Attending Surgeon, Montefiore Medical Center, 1971 -

Consultant in Vascular Surgery, The Englewood Hospital, Englewood, New Jersey, 1977 -

Chief, Vascular Surgical Service, Montefiore Hospital and Medical Center, 1972-2001

Director, Transplant Program, Montefiore Medical Center-Albert Einstein College of Medicine, 1976-89.

Consultant in Vascular Surgery, Beth Abraham Hospital, 1983 -

Professor and Interim Chairman, Combined Department of Surgery, Montefiore Medical Center-Albert Einstein College of Medicine, January 1, 1991 - December 31, 1992.

Program Director, Residency in General Surgery, Albert Einstein College of Medicine-Montefiore Medical Center, January 1, 1991 - December 31, 1992.

The William J. von Liebig Chair in Vascular Surgery, Montefiore Medical Center, 2001 - 2005.

Vice Chairman, Department of Surgery, Montefiore Medical Center-Albert Einstein College of Medicine, 2001 - 2005.

Program Director, Albert Einstein College of Medicine-Montefiore Medical Center Vascular Surgical Residency, 1984 - 2003.

PRESENT POSITIONS:

Clinical Visiting Professor, Department of Surgery, F. Edward Hebert School of Medicine, Uniformed Services University of the Health Sciences, 1990 -

Professor of Surgery at Cleveland Clinic Lerner College of Medicine of Case Western Reserve

University, January 1, 2006 -

The William J. von Liebig Chair in Vascular Surgery at The Cleveland Clinic Foundation, January 1, 2006 -

Professor of Surgery, New York University Medical Center, September 2006 -

MILITARY SERVICE

Captain, US Army Medical Corps

Chief, Surgical Service, US Army Hospital, Fort Carson, Colorado, 1960-62

COMMITTEE AND BOARD MEMBERSHIPS, OFFICES AND CHAIRMANSHIPS NATIONAL AND REGIONAL ORGANIZATIONS, EDITORIAL ACTIVITIES FOR MAJOR JOURNALS

Member, Study Section, National Heart & Lung Institute, Program Project Committee, 1971-75

Member, NIH Surgical Study Section, 1977-81

Chairman, Education Committee & Council Member, American Society of Transplant Surgeons, 1974-80

Member, Research and Scientific Advisory Committee, N. Y. Lung Association, 1976-79

Chairman, Transplant Advisory Committee, NY/NJ Regional Transplant Program, 1967-78

Committee on Operating Room Environment, American College of Surgeons, 1974-77

Motion Picture Committee, American College of Surgeons, 1978-80

Councilor-at-Large, American Thoracic Society, 1974-76

Councilor, The Transplantation Society, 1979 -

Treasurer, American Society of Transplant Surgeons, 1979-81

President, New York Transplantation Society, 1979-80

President, New York Regional Transplant Program, 1982-83

Reviewer, Transplantation, 1975 -

Reviewer, Archives of Surgery, 1978 -

Reviewer, The Journal of Nuclear Medicine, 1980 -

Reviewer, New England Journal of Medicine, 1984 -

Member, Vascular Committee, New York Heart Association, 1977 -

Member, Editorial Board, Journal of Surgical Research, 1974-80

Member, Advisory Council, International Transplant Olympics, 1980

Guest Examiner, American Board of Surgery, 1979, 1985, 1987

Member and Chairman of Membership Committee, Society for Vascular Surgery, 1982-85

Member, Ad Hoc Committee on Vascular Training and Certification of the Joint Council of the Society for Vascular Surgery and the International Society for Cardiovascular Surgery, 1984-85

Member, Joint Council of Society for Vascular Surgery (SVS) and International Society for Cardiovascular Surgery (ICVS), 1986-89

Member and Chairman, Publications Committee of Joint Council of Society for Vascular Surgery and

International Society for Cardiovascular Surgery, 1986-89
Member, Credentialing Committee of Joint Council of SVS/ICVS, 1988-90
Chairman, Local Arrangements Committee for 1989 meeting of SVS/ICVS
Treasurer, Society for Vascular Surgery, 1986-89
Council Member, Eastern Vascular Society, 1991-94.
President and Vice President, The New York Society for Cardiovascular Surgery, 1979-84
Fellow, Stroke Council of the American Heart Association, 1997 -
President, New York Regional Vascular Society, 1987-90
Member, Search Committee for Rehabilitation Medicine, 1987 -
Program Director, Annual Montefiore Medical Center - Albert Einstein College of Medicine Symposium on
Critical Problems in Vascular Surgery, 1976
Reviewer, The Journal of Thoracic and Cardiovascular Surgery, 1984 -
Editorial Board, Journal of Vascular Surgery, 1985 -
Editorial Board, Annals of Vascular Surgery, 1986 -
Reviewer, European Journal of Vascular Surgery, 1989 -
Chairman, Ad Hoc Committee on DRG Related Issues, Joint Council of Society for Vascular Surgery/
International Society for Cardiovascular Surgery, 1986-90
Program Committee and Chairman of the Program Committee, Eastern Vascular Society, 1987-91
Member, Committee for Standardization of Vascular Prosthetic Grafts, Joint Council of Society for Vascular
Surgery/International Society for Cardiovascular Surgery, 1989 -
Editorial Board, Perspectives in Vascular Surgery and Vascular Surgery Outlook, 1989 -
Editorial Board, Vascular Surgery Outlook, 1989 -
Consultant-Evaluator in Vascular Surgery, American Medico-Legal Foundation, 1990 -
Member, Operating Room Committee, Montefiore Medical Center, September 1990
Member, Committee of Surgical Chairmen, Montefiore Medical Center, December 1990 -
Member, Medical Committee of Board of Trustees, Montefiore Medical Center - Albert Einstein College of
Medicine, December 1990 - 1993
Chairman, Government Relations Committee, Joint Council of Society for Vascular Surgery/International
Society for Cardiovascular Surgery, 1990 -
Member, Manhattan Credentials Committee for the American College of Surgeons, 1991
Member, Society of Surgical Chairmen - 1991 -
Editorial Board, International Vascular Surgery - 1992 -
President-Elect, Eastern Vascular Society - 1992 - 1993
President, Eastern Vascular Society - 1993 - 1994.
Editorial Board, The Journal of Cardiovascular Surgery - 1993 -
Charter Member, International Society of Endovascular Specialists, 1993 -
Chairman, American College of Surgeons Postgraduate Course on Peripheral Vascular Surgery - 1994.
President, Gulf Coast Vascular Society, 1993 -
Member, Endovascular Committee in Vascular Residency Training, 1993 -
Member, SVS/ISCVS Endovascular Graft Committee, 1994 -
President, Carolina Vascular Society, 1994 -
Editorial Board, International Vascular Surgery, 1994 -

President-Elect, Society for Vascular Surgery, 1994 - 1995
President, Society for Vascular Surgery, 1995 - 1996.
Editorial Board, Gefasschirurgie (Journal of Vascular and Endovascular Surgery), 1995 -
Member, Board of Directors, SVS Council to the Board of Directors of the Lifeline Foundation, 1995 -
Member, International Editorial Board, Journal of Angiology and Vascular Surgery, 1995 -
Member, Editorial Board, Endovascular Impact, 1996 -
Corresponding Member, Austrian Society for Vascular Surgery, 1996 -
Member, Editorial Board, Angiology and Vascular Surgery, 1996 -
Member, Editorial Board, International Journal of Cardiovascular Medicine and Science, 1997 -
Member, Advisory Committee, Eastern Vascular Society, 1997 -
Senior Editor, EndoCardiovascular Multimedia Magazine, 1997 -
Member, Editorial Board, J Endovasc Surg, 1997 -
Advisory Committee for Endovascular Interventiv: Today and Tomorrow, 1997 -
Ad hoc Reviewer, Journal of the American College of Surgeons, 1997.
Board of Scientific Directors, Endovascular Multimedia Review, 1998 -
1st Vice President, International Society for Carotid Artery Therapy, 1998 -
Member, International Panel of Editors, India Journal of Vascular and Endovascular Surgery, 1998 -
Member and International Representative for the U.S., International Society of Endovascular Specialists, 1999 -
ACS Representative from SVS, 2001-
Board of Governors of ACS, 2001-
Member, SVS Board of Technology and Clinical Studies, 2001 -
Editor, The William J. von Liebig Consensus Conference: An Annual Collaborative Volume, 2002 -
Editor-in-Chief, journal *Vascular*, 2003 -
Secretary, International Society for Vascular Surgery, 2003 -
Member, Editorial Advisory Board, General Medscape Surgery, 2005 -
Member, Editorial Board, Vascular Specialist, 2006 -
Member, Editorial Board, The Open Cardiovascular & Thoracic Surgery Journal, 2008 -
Member, Editorial Advisory Board of *Interventional Cardiology*, 2009 -
Member, Editorial Advisory Board, The Methodist DeBakey Cardiovascular Journal, 2009 -
Member, Administrative Board, International Union of Angiology (IUA), 2010-12.
Member, 2012 Advisory Board for Medscape Surgery, 2012 -
Member, Editorial Board, Indian Journal of Vascular Surgery, 2013-
Member, Administrative Board of the International Union of Vascular Surgery (ISVS), 2014-2016.

HONORARY MEMBERSHIPS

Honorary Member, New Jersey Vascular Society, 1985 -
Honorary Member, Minneapolis Surgical Society, 1983 -
Honorary Member, Detroit Surgical Society, 1984 -
Honorary Member, Chesapeake Vascular Society, 1987 -
Honorary Member, Charleston Vascular Society, 1985 -
Honorary Fellowship, Royal Australasian College of Surgeons, 1986 -
Honorary Member, South Florida Society for Vascular Surgery, 1988 -

Honorary Member, Gulf Coast Vascular Society, 1989 -
Honorary Member and Presidential Guest, Western Vascular Society, 1990 -
Honorary Member, Medical Advisory Board, Society for Peripheral Vascular Nursing, 1990 -
Honorary Member, German Society for Vascular Surgery
Honorary Member, New England Society for Vascular Surgery
Honorary Member, European Surgical Association, 2008 -
Honorary Member, Thai Vascular Association - 2010 -
Honorary Member, Greek Vascular Society, 2014 -

HONORS

Phi Beta Kappa, 1952
New York State Medical Scholarship, 1951-55
James Metcalf Polk First Prize for highest scholastic standing in the graduating class of 1955 at Cornell University Medical College
Alpha Omega Alpha, 1954
Commendation Medal, U.S. Air Force, 1962
Career Scientist, Health Research Council of the City of New York, 1965-74
Markle Scholar in Academic Medicine, 1964-69
Annual Residents Award as Attending of the Year in the Department of Surgery at Montefiore Medical Center - Albert Einstein College of Medicine, 1978
Special Residents Career Award for Commitment to the Surgical Residency Program, Montefiore Medical Center - Albert Einstein College of Medicine, 1988
Listed as one of the "Best Doctors in America". American Health, March 1996, p. 77.
NYS Medical Society Albert O. Bernstein Award, May 12, 2001
Julius H Jacobson II Physician Excellence Award of the Vascular Disease Foundation - November 2004.
Lifetime Achievement Award of the Edward B. Diethrich Society. Presented at XVIII Congress of Endovascular Interventions, Scottsdale, Arizona, February 15, 2005.
Lifetime Achievement in Vascular Surgery Award, Presented at the 7th International Symposium on Endovascular Therapeutics, Barcelona, Spain, May 6, 2007.
Edmundo Malan Lecturer Award: A Tribute to as Pioneer in Vascular Surgery at The International Vascular and Endovascular Course (IVEC), Milan, Italy. Scheduled talk on "Charles Darwin and the Evolution of Vascular Surgery, Oct 14-17, 2007
Society for Vascular Surgery Lifetime Achievement Award, 2010 - present.
Lifetime Achievement Award, Presented at the Houston Aortic Symposium, Houston, Texas, March 22-23, 2013.
Endowed Chair - Frank J. Veith Chair in Vascular and Endovascular Surgery was established at New York University Medical School to honor Dr. Veith - 2013.
Lifetime Achievement Award, Houston Aortic Symposium, March 25, 2013.
Medal of Honor, Faculdade de Medicina, Universidade de Lisboa, Dec 13, 2013.
Rudolph Matas Lifetime Achievement Award, Presented at the Southern Association for Vascular Surgery, Phoenix, Arizona, January 15, 2015.
Award of Appreciation, C3 - Complex Cardiovascular Therapeutics, Orlando, Florida, June 15, 2015.

Career Achievement Award, 28th Annual International Symposium on Endovascular Therapy (ISET), February 10, 2016.

BOARD CERTIFICATION

American Board of Surgery, 1961
American Board of Thoracic Surgery, 1968
Certificate of Special Qualification in Vascular Surgery, 1983

MAJOR NATIONAL RESEARCH GRANTS

Principal Investigator: Markle Foundation, Scholar in Academic Medicine Award, 1964-69 (\$30,000)

NIH Grant #HE 11472 - Studies of Venovenous Pump Oxygenator Bypass, 1965-68 (Approximate direct costs award: \$240,000)

NIH Grant #HE 11567 - Intrarenal Distribution of Blood Flow, 1967-70 (Approximate direct costs award: \$130,000)

John A. Hartford Foundation - Detection and Prevention of Rejection in Transplanted Lungs, 1967-71 (Approximate direct costs award: \$350,000)

American Thoracic Society - Immunosuppression in Lung Transplantation, 1968-69 (Approximate direct costs award: \$40,000)

Health Research Council of the City of New York - Studies in Pulmonary Transplantation, 1965-72 (Approximate direct costs award: \$320,000)

NIH Grant #HL 16465 - Studies of Experimental Lung Transplantation, 1968-73 (Approximate direct costs award: \$550,000)

NIH Grant #HL 17417 - Program Project on Experimental Lung Transplantation, 1973-87 (Approximate direct costs award: \$5,400,000)

James Hilton Manning and Emma Austin Manning Foundation - Studies of the Nature, Distribution and Treatment of Lower Extremity Arteriosclerosis and Its Manifestations, 1972-91 (Approximate direct costs award: \$1,150,000)

Anna S. Brown Trust - Improved Treatment of Arteriosclerosis and Other Vascular Diseases, 1987-91 (Approximate direct costs award: \$60,000)

New York Institute for Vascular Studies - Pathogenesis and Treatment of Arteriosclerosis and Intimal Hyperplasia, 1990-91 (Approximate direct costs award: \$20,000)

Vascular Disease Academic Award, NHLBI, 1993-98 (Approximate direct costs award: \$1,054,578)

MAJOR PRESENTATIONS, INVITED LECTURES AND VISITING PROFESSORSHIPS

(From 1/1/85 to present; information prior to that date available on request)

Major Presentations, Lectures and Visiting Professorships - 1985

- Feb 14 - 16 Invited Guest Speaker at the German Society for Thoracic and Cardiovascular Surgery, Frankfurt, Germany. Talk on "Present Status of Limb Salvage Surgery".
- Mar 6 - 10 Invited Guest Speaker, Lyman A. Brewer Symposium, Los Angeles, California. Talks on 1) "Extra-Anatomic Grafts" and 2) "Management of Infected Vascular Prosthesis".
- Mar 14 Visiting Professor, Long Island College Hospital, Brooklyn, New York. Talk on "Vascular Occlusive Disease".
- May 2 Visiting Professor, St. Michael Medical Center, Newark, New Jersey. Talk on "Lung Transplantation".
- May 9 - 11 Guest Speaker, Second Annual Vascular Complications Symposium, Milwaukee, Wisconsin. Talk on "Complications of PTFE Grafts".
- Aug 25 - 30 Invited Guest Lecturer, XVII World Congress of the International Society for Cardiovascular Surgery, Monte Carlo, Monaco. Co-Chairman of Arterial Disease Session. Leriche Memorial Lecture "Vascular Surgery, Then and Now".
- Sept 5 - 7 Invited Guest Speaker, South Carolina Chapter of the American College of Surgeons, Charleston, South Carolina. Talks on 1) "Present Status of Limb Salvage Surgery" and 2) "Newer Developments in Limb Salvage Surgery".
- Sept 11 - 14 Invited Guest Speaker and Moderator of Panel Discussion, Fifteenth Annual Peripheral Vascular Disease Symposium, Columbus, Ohio. Talk on "Technique of Femoral Tibial Bypass".
- Sept 13 - 14 Visiting Professor, Lahey Clinical Medical Center Annual General Surgery Seminar, Cambridge, Massachusetts. Talk on "Primary Treatment of Femoral Tibial Occlusive Disease".
- Nov 1 Visiting Professor, Presbyterian University of Pennsylvania Medical Center, Philadelphia, Pennsylvania. Talk on "Infrainguinal Arterial Reconstructions With Severe Arterial Occlusive Disease: Are They Worthwhile?"
- Nov 6 Invited Guest Speaker, Vascular Society of New Jersey, University of Medicine and Dentistry of New Jersey, New Jersey. Talk on "New Advances in Limb Salvage Surgery".
- Nov 14 - 16 Chairman, Montefiore Medical Center - Albert Einstein College of Medicine Symposium on "Current Critical Problems in Vascular Surgery", New York.
- Dec 12 - 14 Invited Guest Speaker and Panelist, Northwestern University Medical School Symposium on Reoperative Arterial Surgery, Chicago, Illinois. Talk on "Treatment of Failed Expanded PTFE Grafts".

Major Presentations, Lectures and Visiting Professorships - 1986

- Jan 17 - 19 Invited Speaker, American Diabetes Association, New York, New York. Talk on "Evaluation and Management of Peripheral Vascular Disease in the Diabetic".
- Feb 13 - 15 Invited Faculty Member, Alton Ochsner Medical Foundation, 11th Vascular Surgery Update, New Orleans, Louisiana. Talk on "New Developments in Limb Salvage Surgery".
- Mar 7 - 8 Visiting Professor, Johns Hopkins University School of Medicine, Baltimore, Maryland. Talk on "Newer Developments with Limb Salvage Surgery".
- Mar 13 Invited Guest Speaker, Academy of Surgery, Detroit, Michigan. Talk on "Some New Developments in Vascular Surgery".
- Mar 20 - 22 Invited Speaker and Panelist, Symposium - Vascular Surgery, Hahnemann Hospital, Philadelphia, Pennsylvania. Talk on "Graft Sepsis".
- Apr 3 - 5 Invited Guest Speaker, Controversies in Surgery (Harvard Medical School), Boston, Massachusetts. Talk on "Lung Transplantation".
- Apr 7 - 10 Speaker, Moderator, and Member of Organizing Committee, Symposium on Noninvasive Diagnosis of Vascular Disorders, Orlando Florida. Talk on "Prediction of Amputation and Wound Healing".
- Apr 18 - 20 Visiting Professor, University of Arizona, Tucson, Arizona. Talk on "Present Status of Limb Salvage Surgery".
- Apr 24 - 26 Speaker, American Surgical Association, Hot Springs, Virginia. Talk on "Cost Effectiveness of Reconstructive Arterial Surgery for Limb Salvage".
- May 1 - 2 Roscoe BG Cooper Distinguished Visiting Professor of Surgery, University of North Carolina, Chapel Hill, North Carolina. Talk on "Lung Transplantation in Perspective".
- May 7 - 9 Visiting Professor, F. Hebert School of Medicine, Bethesda, Maryland. Talk on "Lung Transplantation".
- May 15 - 16 Visiting Professor, Greenville Hospital, Greenville, South Carolina. Talk on "New Advances in Limb Salvage Surgery".
- May 23 Invited Speaker and Panelist, University of Pennsylvania Medical Center, Symposium on Ischemic Extremity, Philadelphia, Pennsylvania. Talks on 1) "Infringuinal Arterial Reconstruction With Severe Arterial Occlusive Disease: Are They Worthwhile" and 2) "Results of PTFE Grafts in Lower Extremity Bypasses".
- Sept 8 - 12 Invited Guest Speaker, Second International Vascular Symposium, London. Talk on "Is Limb Salvage Reconstruction Worthwhile Below the Inguinal Ligament".
- Sept 19 - 20 Visiting Professor, Vanderbilt Medical School, Seminar on Vascular Disease, Nashville, Tennessee. Talk on "The Non-Saphenous Alternatives to Femoropopliteal Grafting".
- Sept 24 - 27 Invited Speaker, Sixteenth Annual Peripheral Vascular Disease Symposium, Columbus, Ohio. Three talks on Vascular Surgery. Moderator of Panel Discussion on Aneurysms".
- Oct 2 - 4 Faculty Member, The Second Annual Regional Vascular Conference, University of Tennessee, Knoxville, Tennessee. Talks on 1) "Leaking Abdominal Aortic Aneurysms" and 2) "Surgery for Limb Salvage".

- Oct 6 - 10 Invited Faculty Member, Fourth Annual UCLA Symposium, UCLA School of Medicine, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 19 - 24 Invited Speaker, Postgraduate Course of the American College of Surgeons, New Orleans, Louisiana. Talk on "Saphenous Vein versus PTFE for Above-Knee and Below Femoral Popliteal Occlusive Disease".
- Nov 14 - 16 Speaker and Chairman, Montefiore Medical Center - Albert Einstein College of Medicine Symposium on Current Critical Problems in Vascular Surgery, New York, New York.
- Dec 10 Visiting Professor, University of Illinois' Vascular Conference, Chicago Illinois. Talk on "Infrainguinal Bypass in Patients Without Saphenous Vein".
- Dec 11 - 13 Invited Speaker, Northwestern University Medical School Symposium on Vascular Surgical Emergencies, Chicago, Illinois. Talk on "Acute Thrombosis of Arterial Grafts".

Major Presentations, Lectures and Visiting Professorships - 1987

- Feb 20 - 21 Visiting Professor, University of California, San Diego, California. Talk on "New Developments in Limb Salvage Surgery".
- March 4 Invited Speaker, Westchester Medical Center, New York. Talk on "New Developments in Limb Salvage Surgery".
- April 9 - 11 Invited Speaker, Hahneman Hospital, Philadelphia, Pennsylvania. Talks on 1) "Current Concepts in Vascular Surgery" and 2) "Strategies in Optimal Use of Vein and Prosthetic Grafts"
- April 21 - 23 Invited Discussant, American Surgical Association meeting, Palm Beach, Florida. Discussion of paper by K. Wayne Johnston entitled "Five Year Results of Percutaneous Transluminal Angioplasty".
- April 27 - 28 Invited Speaker, International Symposium on Reoperative Infrarenal Arterial Surgery, Copenhagen, Denmark. Presented two papers: 1) "Primary Two-Segment Reconstruction (Sequential Bypass) in Prevention of Thrombosis" and 2) "Management of the Occluded and Failing PTFE Graft".
- May 7 - 8 Invited Speaker, International Symposium on Indications in Vascular Surgery and the Inaugural Meeting of European Society of Vascular Surgery. Presented two papers: 1) "Are Short Vein Grafts Effective for Critical Ischemia and When Can They Be Used?" and 2) "Indications for PTFE Grafts in Lower Limb Ischemia".
- May 8 - 9 Invited Speaker, Eastern Vascular Society, Washington, D.C. Presented paper on "The Failing Graft Concept in Lower Extremity Reconstruction: A Clue to Mechanisms of Failure and a Means of Improving Limb Salvage Results".
- June 9 - 10 Society for Vascular Surgery and the International Society for Cardiovascular Surgery, Toronto, Ontario, Canada. Paper presented on "Short Vein Grafts: A Superior Option for Bypasses to Infrapopliteal Arteries with Disadvantaged Outflow Tracts".
- June 17 - 19 Invited Guest Faculty Member at Symposium on Progress in Vascular Surgery, University of Minnesota, Minneapolis, Minnesota. Talks on 1) "Recent

Improvements in Popliteal and Tibial Bypasses - Why the Choice of Graft is Not So Important" and 2) "Vein and Prosthetic Alternatives for Femoral-Popliteal and Femoral-Tibial Bypass Grafts". Also Guest Panelist.

- July 23 - 24 Distinguished Visiting Professor, Uniformed Services University, F. Hebert School of Medicine, Bethesda, Maryland. Talk on "Evolution/Status of Limb Salvage Surgery".
- Sept 11 - 12 Invited Speaker, Eleventh Annual Symposium on Vascular Surgery, Castle Point, New York. Talks on 1) "Unusual Anatomic Approaches for Secondary Bypasses to Infrainguinal Arteries" and 2) "Optimal Choice of Graft Material for Infrainguinal Bypasses".
- Sept 16 - 17 Invited Speaker, Chesapeake Vascular Society, Bethesda, Maryland. Talk on "Recent Developments in Limb Salvage Surgery".
- Sept 20 - 25 Invited Speaker and Session Chairman, XVIII World Congress of the International Society for Cardiovascular Surgery, Sydney, Australia. Talks on:
1. "Critical Vein Diameter for Infrainguinal Arterial Reconstructions".
2. "Bypasses to the Isolated Popliteal Artery Segment".
3. "Microvascular Arterial Reconstruction to Treat Vasculogenic Impotence".
4. "Unusual Approaches to Infrainguinal Arteries".
- Sept 27 - Oct 2 Invited Speaker and Panelist, Fifth Annual UCLA Symposium, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 11 - 16 Invited Speaker, American College of Surgeons, San Francisco, California. Talk on "Durability of the Polytetrafluoroethylene Bypass Graft".
- Oct 26 - 28 Invited Speaker, Second Annual Joint Conference on Advances in Vascular Surgery and in General Surgery, Bangalore, India. Talks on 1) "Aortofemoral, Femoro-Femoral and axillofemoral Bypass in the Management of Aortoiliac Disease" and 2) "Limb Salvage Surgery versus Claudication Surgery".
- Nov 13 - 15 Program Chairman, Montefiore Medical Center - Albert Einstein College of Medicine, Fourteenth Annual Vascular Symposium on Current Critical Problems in Vascular Surgery, New York, New York.
- Dec 2 - 3 Distinguished Visiting Professor, Fifteenth Annual Vascular Surgery Seminar, F. Edward Hebert School of Medicine, Bethesda, Maryland. Talk on "Present Status of Limb Salvage Arterial Surgery".
- Dec 3 - 5 Invited Speaker, Northwestern University Medical School Symposium on New Developments in Arterial Surgery, Chicago, Illinois. Talk on "Critique of Alternatives in Utilization of Autogenous Vein".

Major Presentations, Lectures and Visiting Professorships - 1988

- Jan 13 Visiting Professor, Bay Pines VA Medical Center, Bay Pines, Florida. Talk on "New Developments in Limb Salvage Surgery".
- Jan 27 - 30 Annual Meeting of the Southern Association for Vascular Surgery, St. Thomas, Virgin Islands. Paper presented on "Bypasses to Plantar Arteries and Other Tibial Branches: An Extended Approach to Limb Salvage".
- Feb 3 President and Moderator, Meeting of the New York Society for Cardiovascular

- Surgery, University Club, New York City. Lecture on "The Practice of Medicine in the Public Eye".
- Feb 22 - 26 Invited Speaker, San Diego Symposium on Non-Invasive Diagnostic Techniques in Vascular Disease, San Diego, CA. Talk on "Duplex Scanning for the Diagnosis of DVT".
- Mar 17 Visiting Professor - University of Miami, Jackson Memorial Hospital Lecture on "The Present Status of Limb Salvage Infrainguinal Surgery".
- Mar 18 - 20 Honored Guest, First Annual Meeting of the South Florida Society of Vascular Surgery. The Reach, Key West, FL. Talks on "Unusual Approaches to Infrainguinal Arteries" and "The Limits of Limb Salvage Surgery".
- Mar 23 Guest Speaker, Surgery Seminar Krankenhauszweckverband Augsburg Zentralklinikum -Chirurgische Kliniken, University of Munich, Distinguished Lecturer. "The Indications and Costs of Limb Salvage Arterial Surgery".
- Mar 27 - 31 Invited Speaker, 37th Annual Scientific Session American College of Cardiology Atlanta, GA. Invited lecture on "Vascular Surgery in Patients with Coronary Artery Disease - Peripheral Revascularization".
- Apr 11 - 12 Guest Speaker, 10th Charing Cross International Symposium - Limb Salvage and Amputation for Vascular Disease. Talk on "Are Short Vein Grafts Effective for Critical Ischemia and When Can They Be Used?"
- Apr 22 - 23 Guest Lecturer, 17th Peripheral Vascular Disease Symposium/ Physician Program, Columbus, OH. Talks on:
1. "Indications and Treatment Options of Cerebrovascular Disease".
 2. "Cerebral Protection".
 3. "Invasive Non-Surgical Options - Balloons and Catheters".
- Apr 26 Visiting Professor, The UMDNJ Medical School Seminar, New Brunswick, New Jersey. Talk on "New Developments in Limb Salvage Surgery".
- Apr 27 Invited Speaker, Ninth Annual Vascular Symposium, Englewood Hospital, Englewood, New Jersey. Talk on "Alternative Approaches to the Arteries of the Lower Extremity".
- Apr 29 - 30 Visiting Professor, Hahnemann Hospital, Philadelphia, PA. Talk on "Long-Term Experiences with Expanded PTFE".
- May 19 - 23 Invited Speaker, Joint Irish/American Meeting - Vascular Symposium Royal College of Surgeons, Dublin, Ireland. Talk on "101 Ways to Better Exposure".
- May 31 - June 1 Invited Speaker, University of Toronto Postgraduate Course on Advances and Controversies in Vascular Surgery 1988, Toronto, Ontario, Canada. Talks on:
1. "New Concepts in Limb Salvage Surgery".
 2. "A New Classification and Management Schemes for Extracavitary Prosthetic Graft Infections".
- June 10 - 15 Invited Speaker, Society for Vascular Surgery Forum on Critical Issues in Vascular Surgery, Chicago, IL. Talk on "Improved Strategies for Secondary Operations on the Infrainguinal Arteries". Invited Discussant on manuscript "The Results of an all Autogenous Tissue Policy for Infrainguinal Reconstruction". Two other papers presented on main program.

- July 8 - 10 Invited Speaker, Annual Buffalo Surgical Chautauqua Conference, Chautauqua, New York - Talk on "Present Status of Limb Salvage Surgery".
- July 23 - 25 Invited Guest Speaker, XVIII Congresso Brasileiro de Ciriugia, Sao Paulo - Brazil
1. "Role of Reoperative Arterial Surgery Below the Inguinal Ligament".
 2. "The Present Status of Limb Salvage Surgery".
- Sept 9 - 10 Invited Guest Speaker, 12th Annual Symposium on Vascular Surgery - VA Medical Center, Castle Point, New York. Talks on: (1) "Pedal Branches of the Tibial Arteries: Surgical Anatomy and Use for Very Distal Bypasses" and (2) "A New Classification and Treatment Plan for Extra Cavitory Prosthetic Graft Infections".
- Oct 3 - 7 Invited Speaker, 6th Annual UCLA Symposium, A Comprehensive Review of Vascular Surgery, Santa Monica, CA. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 14 - 15 Invited Speaker, Gulf Coast Vascular Society, New Orleans, LA. Talk on "Complications in Lower Extremity Revascularization".
- Oct 23 - 28 Moderator, 1988 Clinical Congress of the American College of Surgeons, Chicago, IL. Postgraduate Course on Peripheral Vascular Surgery. Moderator - Session on "How I Do It".
- Nov 5 The Allistair M. Karmody Memorial Lecture - Upstate New York Vascular Society, Syracuse, New York. "The Role of Laser Technology in Vascular Surgery: The Montefiore Experience with the 'Smart' Laser for Treatment of Infrainguinal Atherosclerosis".
- Nov 7 - 9 Invited Honored Speaker, 20th Annual Orange County Surgical Congress, Newport Beach, CA. Talks on:
1. "Technical Advances in Small Vessel (Infrapopliteal) Bypass".
 2. "Duplex Venography - Its Role in Optimal Selection of Vein Grafts and in the Diagnosis of Deep Vein Thrombophlebitis".
- Nov 17 - 20 Program Director, 15th Annual Montefiore - Einstein Symposium on Current Critical Problems and New Horizons in Vascular Surgery, New York, New York.
1. Moderator of Session I - "Progress in Surgery for Lower Extremity Ischemia".
 2. Talk on "Unusual Surgical Approaches to Lower Extremity Arteries for Use After Failed Primary Operations".
- Dec 1 - 3 Invited Speaker, USUHS 16th Annual Vascular Surgery Seminar and Society for Military Vascular Surgeons, Bethesda, MD. Talks on (1) "Self-Retaining Retraction in Vascular Surgery" and (2) "Unusual Approaches to Infrainguinal Arteries".
- Dec 8 - 10 Invited Speaker, The Northwestern University Medical School's Annual Symposium on Surgery of the Aorta, Chicago, IL. Talk on "Infected Aortic Grafts".
- Dec 12 Invited Speaker, Atlanta Vascular Society, Atlanta, GA. Talk on "The Optimal

Choice of Graft Material for Infrainguinal Bypasses".

Major Presentations, Lectures and Visiting Professorships - 1989

- Jan 9 - 11 Guest Speaker, 2nd Annual International Symposium on Peripheral Vascular Intervention, Miami Vascular Institute/ Baptist Hospital. Lecture #1 - "Initial Experience with the Smart Laser in the Treatment of Atherosclerotic Occlusions". Lecture #2 - "Short Vein Grafts in Infrainguinal Limb Salvage/ Arterial Surgery - A Superior Option".
- Jan 13 - 15 Visiting Professor, University of California at San Francisco. Talk on "Current Status of Lower Limb Salvage Surgery".
- Jan 25 - 30 Southern Association for Vascular Surgery, Key West, Florida. Paper presented on "Axillopopliteal Bypass Grafting: Indications, Late Results and Determinants of Long-Term Patency".
- Feb 16 - 17 Guest Speaker, 1st Annual NutriSystem National Health Sciences Advisory Board Symposium, Phoenix, AZ. Talk on "Vascular Disease As It Relates To Obesity".
- Feb 26 - 27 Guest Faculty 1989, Good Samaritan Hospital, Vascular Surgery Seminar West Palm Beach, FL. Talks on 1) "Surgical Technique for Supra-Celiac and Supra-Renal Aortic Control" and 2) "New and Unusual Approaches to Infrainguinal Arteries".
- Mar 2 - 3 Faculty Member, 26th Annual Symposium on Controversies in General and Vascular Surgery. Palm Springs (UCLA). Four lectures:
1. "Are PTFE Grafts a Reasonable 'Vein Saving' Alternative for Femoral-Popliteal Bypass?"
 2. "Direct Approaches to the Distal Portions of the Femoral Artery for Limb Salvage Bypasses".
 3. "Diagnosis and Management of Failing Lower Extremity Arterial Reconstructions Prior to Graft Occlusion".
 4. "Lateral Approach to the Popliteal Artery".
- Mar 13 Guest Speaker, New York Regional Vascular Society/New York Society for Cardiovascular Surgery Combined Annual Meeting - New York Academy of Medicine. Invited Presentation - "A Factual Basis for a Middle-of-the-Road Approach to the Use of (Prosthetic) PTFE Grafts Below the Inguinal Ligament."
- Mar 27 Visiting Professor, Mt. Sinai Medical Center, Miami Beach, FL. "Current Advances in Infrainguinal Limb Salvage Surgery."
- Apr 17 Guest Speaker, University of Medicine and Dentistry of New Jersey, Englewood, New Jersey. 10th Annual Vascular Symposium - Critical Issues in Aortic Aneurysm Surgery. Talk on "A Modified Classification and Approach to the Management of Infections Involving Peripheral Arterial Prosthetic Grafts".
- Apr 17 - 18 Invited Speaker, 11th Annual Charing Cross International Symposium on Vascular Surgery Techniques. "Vein & PTFE Bypasses to Infrapopliteal Arteries".
- May 11 - 13 Guest Speaker and Visiting Professor, Oregon University Medical Center's 13th Annual Berquist-Reed Memorial Lectureship. Providence Medical Foundation

and Portland Vascular Society, Portland Oregon. Talk on "Old and New Concepts in Limb Salvage Surgery".

- May 24 - 27 Invited Speaker, International Vascular Meeting on Redo Vascular Surgery (International Union of Angiology), Belgrade, Yugoslavia. Talks on 1) "Femoropopliteal and Distal Reoperations", 2) Unusual Approach to Infringuinal Arteries for Use in Secondary Arterial Operations".
- June 1 President and Chairperson, Annual Meeting of the New York Regional Vascular Society, University Club, New York City. Guest Speaker, David Axelrod, M.D. New York State Commissioner of Health.
- June 19 - 21 Joint Meeting of the Society for Vascular Surgery and International Society for Cardiovascular Surgery, New York, N.Y. Chairman, Local Arrangements Committee. Invited Discussant, Moderator and Speaker at Breakfast Session on "Special Vascular Exposures" and author of four papers presented on main program:
- Main Program:**
1. "Acute Leg Ischemia Caused by Occlusions Distal to the Common Femoral Artery: Common Misconceptions and New Concepts in Management"
 2. "Inadequacy of DRG Reimbursement for Limb Salvage Arterial Reconstructions"
 3. "Safety of Peripheral Vascular Surgery After Recent Myocardial Infarction"
 4. "Remote Distal Arteriovenous Fistula To Improve Infrapopliteal Bypass Patency"
- Breakfast Symposium Topics:**
1. "Direct Exposure of the Mid and Distal Deep Femoral Artery and Lateral Approaches to the Popliteal Artery"
 2. "Approaches to Inframalleolar Arteries and Medial Approach to the Proximal Anterior Tibial Artery"
- July 5 - 8 Il Congresso Internazionale Sulle Protesi (Second International Congress on Vascular Prostheses) Vascolar: Universita degli Studi, University of Milan, Milan, Italy. Lettura Magistrate - "Use of Prosthetic Grafts and Other Strategies for Performing Infrapopliteal Arterial Reconstructions".
- Sept 2 - 6 Guest Speaker, Seventh Annual UCLA Vascular Symposium on A Comprehensive Review of Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Sept 5 - 9 Session Chairman and Speaker, XIX World Congress of the International Society for Cardiovascular Surgery, Toronto, Ontario, Canada. Topics:
1. "Management of Arterial Injuries Produced by Percutaneous Femoral Procedures".
 2. "Usefulness of Somatosensory Evoked Potentials During Carotid Endarterectomy".

3. "Should Circumferentially Calcified "Rock-Like" Aorta and Iliac Arteries Preclude Standard Anatomical Bypasses?"
 4. "Improved Method for Management of Infected Prosthetic Arterial Grafts in the Groin".
 5. "The Effect of Adjunctive Distal Arteriovenous Fistula on Prosthetic Graft Patency: A Controlled Study in a Canine Model".
 6. "Arterialization of the Distal Venous System for Limb Salvage"
 7. "Initial Experience with the "Smart" Laser in the Treatment of Atherosclerotic Occlusions".
- Sept 5 - 6 Visiting Professor, Medical College of Wisconsin, Annual Meeting of the Milwaukee Academy of Surgery, Milwaukee, Wisconsin. Talk on "Lower Limb Bypass".
- Sept 29 - 30 Guest Faculty, Thirteenth Annual Symposium on Vascular Surgery, N. Y. Medical College - Veterans Administration Medical Center, Castle Point, N.Y. Three Lectures:
1. "Management of Acute Leg Ischemia Caused by Occlusions Distal to the Common Femoral Artery: Common Misconceptions and New Concepts in the Management".
 2. "Limb Loss With Patent Infrainguinal Bypass Graft".
 3. "Initial Experience with the "Smart" Laser in the Treatment of Atherosclerotic Occlusions".
- Oct 11 - 13 Visiting Professor, University of Missouri - Columbia School of Medicine, Department of Surgery. Guest Lecture on: "New Developments in Limb Salvage Surgery".
- Oct 15 - 20 Atlanta 1989 Clinical Congress - American College of Surgeons, Motion Picture Symposium in Vascular Surgery "Head to Heel" and Masters of Surgery Seminar.
- Panelist and Commentator on:
1. Complex Renal Artery Reconstruction
 2. In-Situ Femoral Crural Bypass
 3. Axillobifemoral Bypass
 4. Adjunctive Arterial Dilatation and Atherectomy
- Nov 17 - 19 Program Chairman and Moderator, Sixteenth Annual Symposium on Current Critical Problems and New Horizons in Vascular Surgery, Waldorf-Astoria Hotel, New York City.
- Nov 23 - 25 Guest Lecturer, Thoracic Outlet Syndromes Symposium. Service de Chirurgie Vasculaire Group Hospitalier Pitie - Salpetriere, Paris, France. Talk on "Clinical Aspects of Arterial Manifestations of Thoracic Outlet Syndromes".
- Dec 7 - 9 Visiting Professor, 17th Annual Vascular Surgery Seminar, Walter Reed Army Medical Center, USUHS & Meeting of the Society for Military Vascular Surgeons with the Combined Meeting of the Chesapeake Vascular Society.
- Bethesda, MD. Talk on "New Classification and Management Plan for Extra Cavitory Prosthetic Graft Infection".
- Dec 7 - 9 Guest Faculty, Symposium - Techniques in Arterial Surgery Sponsored by the Division of Vascular Surgery, Dept of Surgery, Northwestern University Medical

School, Chicago, IL. Talk on "Alternative Approaches to the Deep Femoral, the Popliteal, and Infrapopliteal Arteries in the Leg and Foot."

Major Presentations, Lectures and Visiting Professorships - 1990

- Jan 3 Visiting Professor, Mt. Sinai Med. Center, New York, New York. Talk on "New Concepts in Limb Salvage Surgery".
- Jan 7 - 8 Guest Speaker, Medtronic Meeting, Minneapolis, MN.
- Jan 11 - 14 Guest Faculty, Meeting on the Role of Thrombosis in Vascular Surgery: Medical & Surgical Treatment of Peripheral Vascular Disease. Scottsdale, AZ. Lecture #1 "Current Status of Bypass Grafting". Lecture #2 "Thrombectomy of Occluded PTFE Grafts".
- Jan 14 - 19 Visiting Professor, Miami Vascular Institute, Miami, FL. Talk on "Current Status of Lower Extremity Bypass Grafting".
- Jan 21 - 23 Invited Speaker, American Heart Association - NIH Consensus Conference On Peripheral and Non-Coronary Vascular Disease - Dallas, TX. Talk on "The Impact of Non-operative Therapy on the Clinical Management of Peripheral Arterial Disease". (To be published in "**Circulation**".)
- Jan 24 - 27 Southern Association for Vascular Surgery. Presented paper on "Significance and Management of Inflow Gradients Unexpectedly Generated After Femorofemoral or Femorodistal Bypasses".
- Jan 25 - 29 Presidential Honored Guest, Western Vascular Society, Coronado Island, San Diego, CA.
- Feb 22 - 24 Guest Faculty, 13th Annual Vascular Surgery Update, New Orleans, LA. Lectures: (1) "Lower Extremity - Aggressive Surgery for Severe Ischemia", (2) "Technique for Lower Extremity Vascular Exposure", (3) "Exposure of the Suprarenal Aorta".
- Mar 15 - 16 Guest Speaker, Henrico Doctors Hospital, Richmond, VA. Symposium on Going Beyond the Popliteal Artery; Role of In-Situ Vein Grafts; Tibio-Tibial Grafts; When is the Skill of the Surgeon Particularly Critical; Controversial issues. Lectures - "Current Concepts in Limb Salvage Surgery" & "The Impact of Non-Operative Treatments on the Management of Lower Extremity Arterial Disease and Ischemia".
- Apr 5 - 7 American Surgical Association Annual Meeting, Washington D.C. Presented paper on: "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb Threatening Ischemia".
- Apr 7 - 14 Guest Speaker and Panelist, 4th International Workshop on Progress in Limb Salvage and New Ideas in the Management of Venous Problems. Paphos, Cypress. Talks on 1) "Optimal Choice for Graft Materials for Infringuinal Bypasses", 2) "Pedal Branches of the Tibial Arteries: Surgical Anatomy and Use for Very Distal Bypasses", **Honored Guest Lecturer** "Limb Salvage - The Last Five Years".
- Apr 23 - 24 Guest Speaker, 12th Charing Cross International Symposium on Cause & Management of Aneurysms, London, UK. Talks on: 1) "Optimal Graft Materials for Aortic Replacement", 2) "Emergency Abdominal Aortic Aneurysm Surgery and Supraceliac Control".

May 5 Honored Luncheon Speaker, Eleventh Annual Vascular Symposium on Hemoaccess and an Update on Endovascular Surgical Techniques, University of Medicine and Dentistry of New Jersey, New Jersey Medical School, Newark, NJ. Topic: "Impact of Endovascular Techniques in Vascular Surgery".

May 10 - 11 Invited Speaker, 20th Anniversary Symposium of Vascular Surgery and Angiology - Ulm, West Germany. Talk on "Recent Trends in Vascular Surgery - Choice of Graft Material for Tibial and Peroneal Bypasses for Limb Salvage".

May 17 Special Guest Lecturer, Kaiser Hospital, San Francisco, CA. Talk on "New Developments in Limb Salvage Surgery".

May 18 - 19 E.J. Wylie Memorial Lecturer, Northern CA Vascular Society, 12th Annual Vascular Symposium, San Francisco, Ca. Topic: "DRG's and Vascular Surgery". Other topics: "Aggressive Surgery for Severe Ischemia", "Technique for Lower Extremity Vascular Exposure", and "Exposure of the Suprarenal Aorta".

May 27 - 29 Invited Speaker, International Symposium - Challenges in Vascular Surgery, Scandinavian Surgical Society, Oslo, Norway. Topics: 1) "In-Situ or Reversed Vein Bypass for Lower Limb Revascularization? Technical details we should take care of", 2) "Redo Vascular Surgery Below the Inguinal Ligament".

June 1 Invited Speaker, Discovery International, Symposium on "The Role of Thrombolysis in Vascular Surgery", Los Angeles, CA. Guest Faculty Presentation, "Current Status of Bypass Grafting".

June 3 Invited Speaker, Society for Vascular Surgery, Critical Issues Meeting, Los Angeles, CA. Talk on "The Need for Quality Assurance in Vascular Surgery".

June 4 - 6 Joint Annual Meeting of the Society for Vascular Surgery and the International Society for Cardiovascular Surgery, Los Angeles California. Two papers presented "Prospective Randomized Comparison of Ringed and Nonringed PTFE Femoropopliteal Grafts" and "Prospective Randomized Multicentered Comparison of In Situ and Reversed Vein Infrapopliteal Bypasses".

Aug 10 - 12 Invited Speaker, Seventh Annual National Diabetes Clinical Care Conference, Virginia Beach, VA. Talk on "Revascularization for Limb Salvage".

Sept 6 Moderator, New York Society for Cardiovascular Surgery, Mt. Sinai Hospital, New York.

Sept 14 - 15 Invited Speaker, Department of Veterans Affairs Medical Center Fourteenth Annual Symposium on Vascular Surgery, Castle Point, New York. Talks on:

1. "Significance and Management of Inflow Gradients Unexpectedly Generated After Femorofemoral or Femorodistal Bypasses".
2. "Value and Limitations of Femoropopliteal Bypasses to Isolated Popliteal Artery Segments: Late Results of 217 Operations for Limb Salvage".
3. "A Randomized Prospective Comparison of Reversed and In Situ Vein Bypasses to Infrapopliteal Arteries".

Sept 23 - 28 Guest Speaker, 8th Annual UCLA Symposium: A Comprehensive Review and Update of What's New in Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".

- Oct 31 Visiting Professor, Department of Surgery, University of Manitoba, Winnipeg, Manitoba. Talks on "Nonoperative Treatment on the Management of Peripheral Arterial Disease" and "Newer Developments in Limb Salvage Surgery".
- Nov 1 - 2 Guest Speaker at the 2nd Annual Rehabilitation Symposium on Recent Advances in Peripheral Vascular Disease and Amputee Rehabilitation. Talk on "Surgical Management of Infrainguinal Occlusive Disease in Limb Salvage".
- Nov 2 - 3 Visiting Professor and Guest Speaker, The University of Iowa Hospitals and Clinics, Cedar Rapids, Iowa. Talks on "Current Status of Limb Salvage Surgery" and "Vascular Disease and Surgical Approaches".
- Nov 8 - 10 Guest Lecturer, Academy of Surgery, Detroit, Michigan. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb Threatening Ischemia".
- Nov 15 Program Chairman of Montefiore Medical Center-Albert Einstein College of Medicine Basic Vascular Surgery Techniques: Recent Modifications and Improvements.
- Nov 15 Co-Director of Montefiore Medical Center-Albert Einstein College of Medicine Symposium on New Advances in the Noninvasive Evaluation of Peripheral Vascular Disease, New York.
- Nov 16 - 18 Chairman of Montefiore Medical Center-Albert Einstein College of Medicine Seventeenth Annual Symposium on Current Critical Problems and New Horizons in Vascular Surgery, New York.
- Nov 27 - 28 Visiting Professor, Baylor University Medical Center, Dallas, Texas. Talks on "The Current Status of Lower Limb Salvage Surgery" and "Management of Infected Prosthetic Grafts".
- Nov 29 - Dec 2 Guest Faculty Member, Symposium on Controversial Aspects of the Role of Thrombolysis in Vascular Surgery, Discovery International, Miami, Florida. Talks on 1) "Current Status of Bypass Grafting" and 2) Thrombectomy of Occluded PTFE Grafts.
- Dec 1 Visiting Professor at West Virginia University Health Sciences Center, Charleston, West Virginia, Talk on "New Concepts in Limb Salvage Surgery".

Major Presentations, Lectures and Visiting Professorships - 1991

- Jan 21 Honored Luncheon Speaker and Guest Lecturer, Third Annual International Symposium on Peripheral Vascular Intervention, Miami Beach, Florida. Presented two talks 1) "Changing Atherosclerotic Disease Patterns and Management Strategy in Lower Limb Salvage" and 2) "Failing Grafts and the Role of PTA in Their Management".
- Jan 23 - 26 Invited Discussant, Meeting of the Southern Association for Vascular Surgery, Rancho Mirage, California. Discussion of paper entitled "The Natural History of Superficial Femoral Artery Stenoses" by Walsh, et al. Presented two papers: 1) "Value and Limitations of Secondary Femoropopliteal Bypass with PTFE" and 2) "Value and Limitations of Femoropopliteal Bypasses to Isolated Popliteal Artery Segments: Late Results of 217 Operations for Limb Salvage".
- Feb 6 - 7 Visiting Professor at University of Mississippi, Jackson, Mississippi. Two talks

- on 1) "The Present Status of Limb Salvage Surgery" and 2) "A New Classification and Approach to Management of Infected Prosthetic Grafts".
- Feb 7 - 10 Faculty member at National Symposium on Current and Future Applications of Thrombolysis in Peripheral Vascular Disease, Scottsdale, Arizona. Talk on "Surgery for Chronic Limb Ischemia".
- Feb 13 Invited Discussant at New York Surgical Society Meeting. Discussed paper by Dr. Harry Schanzer entitled "Use of Deep Leg Veins As Arterial or Large Vein Substitutes: Functional Status of the Donor Leg".
- Feb 20 Invited Speaker, Conference on Advances in Diagnosis and Treatment: Peripheral Arterial Disease of the Lower Extremities, Sewickley Valley Hospital, Sewickley, Pennsylvania. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb Ischemia".
- Feb 28 - Mar 1 Guest Faculty, Symposium on Complications in Vascular Surgery III, Tucson, Arizona. Talk on "Management of the Failed Infrainguinal Prostheses".
- Mar 6 Visiting Professor, North Shore University Hospital, Manhasset, New York. Lecture on "Present Status of Limb Salvage Surgery".
- Mar 14 - 16 Invited Speaker, Moderator, Panelist at the American College of Surgeons Advisory Council for Vascular Surgery Postgraduate Course in Vascular Surgery, Palm Springs, California. Talk on "Nonoperative Treatment of Limb Ischemia", "Optimal Choice of Graft Materials", and "Extracavitary Graft Infections". Moderator of session on "Advances in Management" and panelist on sessions on "Lower Extremity Ischemia" and "Vascular Complications".
- April 6 Visiting Professor, University of Pennsylvania, Philadelphia. Lecture on "New Developments in Limb Salvage Surgery".
- April 15 - 16 Guest Faculty, Charing Cross International Vascular Symposium, London, England. Talk on "Impact of Nonoperative Treatments on the Clinical Management of Peripheral Arterial Disease".
- April 17 Course Chairman, American College of Surgeons Spring Meeting, Postgraduate Course in Vascular Surgery, New York, New York.
- April 19 - 21 Invited Speaker, International Symposium on Thrombolysis in Vascular Surgery, Naples Florida. Talk on "Current Status of Surgery for Chronic Limb Ischemia".
- April 23 - 24 Visiting Professor, University of Cincinnati, Cincinnati, Ohio. Talks on "History and Current Status of Limb Salvage Surgery" and "Impact of Nonoperative Therapy on the Clinical Management of lower Limb Ischemia".
- May 2 - 5 Program Chairman, Fifth Annual Meeting of the Eastern Vascular Society, Pittsburgh, Pennsylvania. Moderator of Session IV. Talks on 1) "A 10 Year Experience With 226 Threatened or Failing Lower Extremity Grafts", 2) "Epidural vs. General Anesthesia for Infrainguinal Arterial Reconstruction", and 3) "Value and Limitations of Intraoperative Use of the Auth Rotary Atherectomy (Rotoblator) Device for Treatment of Peripheral Arterial Stenoses and Occlusions.

- May 8 - 11 Corresponding Member and Invited Guest, Annual Congress of the German Society for Vascular Surgery.
- May 17 Invited Speaker, 5th International Symposium, Vascular Surgery: Current State of the Art. Moderator and Speaker. Talk on "Limb Salvage Procedures and Options (How Far I Go).
- May 21 Visiting Professor, Maimonides Medical Center, Brooklyn, New York. Talk on "Anatomic and Extraanatomic Graft Infection: New Concepts and Techniques".
- June 2 Panelist and Speaker, Critical Issues Forum of the Society for Vascular Surgery, Boston, Massachusetts. Panelist in Session on The Intrusion of Vascular Surgery by Government and Others. Talk on "History and Activities of Government Relations Committee.
- June 3 - 5 Joint Annual Meeting of the Society for Vascular Surgery and the International Society for Vascular Surgery, Boston, Massachusetts. Discussant at Scientific Session of Society for Vascular Surgery. Discussed paper # 4 by Cherry, et al entitled "Infected Femoral-Distal Bypass: Is Graft Removal Mandatory?". Discussant at Scientific Session of the International Society for Cardiovascular Surgery. Discussed paper # 17 by Berkowitz, et al entitled "Treatment of Reversed Vein Graft Stenosis by Percutaneous Transluminal Angioplasty".
- Sept 1 - 6 Invited Speaker, XXth World Congress of the International Society for Cardiovascular Surgery, Amsterdam, The Netherlands. Talk on "Arterial Venous Fistula and Arterial Venous Transposition".
- Sept 12 Invited Speaker, Pacific Northwest Vascular Society, Seattle, Washington. Talk on "Current Status of Bypass Grafting.
- Sept 12 Invited Speaker, Abbott Speakers Update on Current and Future Applications of Thrombolysis in Peripheral Vascular Disease, Pebble Beach, California. Talk on "Surgery for Chronic Limb Ischemia".
- Sept 18 Invited Speaker, Surgical Grand Rounds, The George Washington University Medical Center, Washington D.C. Talk on "Vascular Surgery for Limb Salvage".
- Sept 19 Invited Speaker, Chesapeake Vascular Society, Annapolis, Maryland. Talk on "Physician Payment Reform".
- Sept 26 Moderator, Meeting of the New York Society for Cardiovascular Surgery, Mt. Sinai Hospital, New York, New York.
- Sept 27 Invited Speaker, 15th Annual Symposium on Vascular Surgery, Castle Point, New York. Talks on (1) "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb-Threatening Ischemia"; (2) Is Limb Salvage Arterial Reconstructive Surgery Worthwhile in End-Stage Renal Disease Patients?"; and (3) "A Ten Year Experience With Popliteal to Distal Artery Bypasses: The Significance in Management of Inflow Disease".
- Oct 10 Invited Speaker, The 9th Annual UCLA Symposium: A Comprehensive Review and Update of What's New in Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 12 Invited Speaker, Role of Thrombolysis in Peripheral Vascular Disease, Rochester

New York. Talk on "Current Status of Bypass Grafting".

- Oct 18 Invited Speaker, Symposium on Thrombolysis and Other Interventions in Peripheral Vascular Disease, New York, New York. Talk on "Peripheral Vascular Disease: A Surgeon's Perspective".
- Oct 20 - 25 Moderator, Postgraduate Course #17, The Annual Clinical Congress of the American College of Surgeons, Chicago, Illinois. Moderator of Session "Surgical Treatment of Lower Extremity Ischemia". Panelist, Motion Picture Exhibition.
- Oct 25 - 26 Invited Speaker, First Annual Southern New England Symposium on Peripheral Vascular Disease, Newport, Rhode Island. Talk on "Failing Grafts: The Role of Percutaneous Angioplasty in Their Management".
- Oct 30-31 J.C. Thoroughman Lecturer and Visiting Professor, Emory University School of Medicine, Atlanta, Georgia. Talk on "The Current Status of Limb Salvage Surgery".
- Nov. 1 - 2 Invited Speaker, Vascular Surgery Update, Charleston Area Medical Center, Charleston, West Virginia. Talk on "Lower Extremity Surgical Management Update".
- Nov 7 - 9 Invited Speaker, Fifth Vascular Surgery Symposium, Berlin, Germany. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb Threatening Ischemia".
- Nov 21 Chairman, Current Controversies: Role of Thrombolysis in Vascular Surgery, New York.
- Nov 21 Program Director, Montefiore Medical Center-Albert Einstein College of Medicine Symposium on Vascular Surgery Techniques: Unusual Anatomic Approaches or Operations, New York.
- Nov 22 - 24 Chairman of Montefiore Medical Center-Albert Einstein College of Medicine Eighteenth Annual Symposium on Current Critical Problems and New Horizons in Vascular Surgery, New York.
- Nov 29 - Dec 1 Invited Speaker, Symposium on Intraoperative Quality Control in Vascular Surgery, Munich, Germany. Talks on (1) "The Value of SEP Monitoring During Carotid Endarterectomy" and (2) "Value and Limitations of Intraoperative Completion Arteriography in Femoropopliteal and Femoro-Tibial/Peroneal Reconstructions".
- Dec 5 - 6 Invited Speaker, 19th Annual Vascular Surgery Seminar, Society for Military Vascular Surgeons, Bethesda, Maryland. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies for Limb Ischemia".
- Dec 13 Moderator, Albert Einstein College of Medicine Eighth Annual Controversies, Problems and Techniques in Surgery, New York, New York. Moderator of session on Hepatoportal Surgery.
- Dec 14 Invited Speaker, Symposium on Technologies in Vascular Surgery, Chicago, Illinois. Talk on "The Impact of Nonoperative Therapy on the Clinical Management of Peripheral Arterial Disease".

Major Presentations, Lectures and Visiting Professorships - 1992

- Jan 23 - 25 Invited Discussant, Southern Association For Vascular Surgery, St. Thomas, Virgin Islands. Discussion of Paper #23 by J.P. Archie, Jr. entitled "Analysis and Comparison of Systolic and Mean Femoral Artery Pressure Gradients and Pressure Ratios for Predicting Iliac Stenosis".
- Feb 3 - 6 Invited Speaker, Fourth Annual International Symposium on Vascular Diagnosis and Intervention, Miami, Florida. Talk on "10 Year Experience With Popliteal Distal Bypass: Significance and Management of Proximal Disease".
- Feb 12 Invited Speaker, Reading Hospital, Philadelphia Pennsylvania. Talk on "Current Status of Limb Salvage Surgery".
- Feb 19 Chairman, Current Controversies: Role of Thrombolysis in Vascular Surgery, San Diego, California.
- Feb 22 Invited Speaker, Current Concepts in Vascular Therapy, Endovascular Therapies and Stents, Baltimore, Maryland. Talk on "Surgery for Chronic Limb Ischemia".
- March 24 Invited Speaker, American College of Surgeons 20th Annual Spring Meeting, Postgraduate Course in Peripheral Vascular Surgery 1992: Update and Debates, Orlando, Florida. Talk on "Government Intervention".
- April 2 - 4 Invited Speaker, Second Annual Meeting of the Kentucky Vascular Society, Lexington, Kentucky. Talks on "Current Status of Limb Salvage Surgery" and "Auth Rotary Atherectomy Device in the Management of Lower Extremity Atherosclerotic Lesions".
- April 9 - 10 Guest Speaker, Abbott Vascular Surgery Advisory Board, Chicago, Illinois. Talk on "Endpoints: What Represents a Success for Lytic Therapy".
- April 11 Invited Speaker, American Diabetes Association Open Meeting of the Clinical Society of Peripheral Vascular Disease and Diabetes, New York. Talk on "Present Status of Limb Salvage Surgery and Its Relationship to Diabetes".
- April 13 - 14 Invited Speaker, 14th Charing Cross International Symposium on Emergency Vascular Surgery, London, UK. Talk on "Management of Failed Lower Extremity Arterial Reconstructions.
- April 16 Honoree, Eighth Annual Vascular Fellows Abstract Presentation, New York.
- April 24 - 25 Visiting Professor, The University of Michigan Medical Center, Ann Arbor, Michigan. Talk on "Current Status of Limb Salvage Surgery".
- April 27 - 28 Invited Speaker, Ochsner Clinic Surgical Techniques Workshop, New Orleans, Louisiana. Talk on "Unusual Surgical Approaches to Infragaingnal Arteries".
- April 30 - May 3 Invited Speaker and Discussant, Sixth Annual Meeting of the Eastern Vascular Society, New York. Talk on "Impact of Medicare Schedule on Vascular Surgery". Discussant of Paper #5 "PTFE Versus HUV in Above Knee Femoropopliteal Bypass, Long Term Results of a Randomized Clinical Trial" by Van Vroonhovem, M.D.

- May 22 Visiting Professor, Phelps Memorial Hospital, New York. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies in Limb Threatening Ischemia".
- June 8 - 10 Invited Speaker and Discussant, and Moderator, Joint Annual Meeting of the Society for Vascular Surgery and the International Society for Vascular Surgery, Chicago, Illinois. Talk on "Hospital Reimbursement and Severity of Illness". Discussed paper #12 by El-Massry, et al entitled "A Twelve-Year Follow-Up of Axillofemoral Grafts". Moderator, Critical Issues Forum "Practice Guidelines in Vascular Surgery".
- June 17 - 19 Invited Speaker, University of Minnesota's 56th Annual Course on progress in Vascular Surgery, Minneapolis, Minnesota. Talks on "Changing Patterns and Management Strategies in Lower Limb Threatening Ischemia" and "Impact of Nonoperative Therapy". Panelist and Moderator of Panel Discussion.
- June 25 - 25 Invited Speaker, International Symposium on "Redo" Vascular Surgery: Renal, Aortoiliac and Infringuinal Areas, L'Aquila Italy. Talk on "Improved Strategies for Secondary Operations on Infringuinal Arteries.
- July 20 Invited Speaker, ConvaTec's Current Issues in Wound Healing, Philadelphia, Pennsylvania. Talk on "Present status of Surgical Treatment to Save Limbs Threatened by Ischemic Ulcers or Gangrene".
- August 21 Invited Speaker, The Second Annual Southern New England Symposium on Peripheral Vascular Disease, Newport, Rhode Island. Talk on "Surgical Options for Lower Extremity Limb Salvage".
- Sept 11 Visiting Professor, St. Barnabus Hospital, New York. Talk on "Current status of Limb Salvage Surgery".
- Sept 14 Invited Speaker, New York Basic Science Course for Vascular Fellows, New York. Talk on "Limb Salvage Surgery: The Science Behind it".
- Sept 17 Invited Speaker, 10th Annual UCLA Symposium on a Comprehensive Review and update of What's New in Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Sept 18 Invited Speaker, 16th Annual Symposium on Vascular Surgery, Poughkeepsie, New York. Talks on (1) "A New Look at Intraoperative Arteriography: Which Defects Mandate Operative Repair and Which Can Be Safely Ignored", (2) "The Impact of Nonoperative and Endovascular Treatments on the Management of Lower Extremity Arterial Insufficiency and Disease", and (3) "A Ten Year Experience with 250 Failing Lower Extremity Arterial Reconstructions: When Is Balloon Angioplasty Appropriate?".
- Sept 22 Invited Speaker, W.L. Gore's Evening of Vascular Discussion, San Diego, California. Talk on "Government Interventions in Vascular Surgery and What We Can Do About Them".
- Oct 2 Invited Speaker, New York Hospital Symposium on Percutaneous and Operative Interventions in the Treatment of Peripheral Vascular Disease, New York. Talk on "Current Status of Infrapopliteal Bypass Grafting.
- Oct 9 Invited Speaker, Tutorial on the Management of Peripheral Vascular Disease

Using Thrombolysis, Philadelphia, Pennsylvania. Talk on "Management Strategies for Limb-Threatening Ischemia".

- Oct 13 Video Presentation, Vascular Surgery Motion Picture Exhibition, 1992 Clinical Congress of the American College of Surgeons, New Orleans. Presentations on "Applications of Angioscopy in Vascular Surgery" and "Construction of Autogenous Arteriovenous Fistula by Transposition of the Basilic Vein".
- Oct 14-17 Invited Speaker, Cardiovascular Surgery of Puerto Rico, San Juan, Puerto Rico. Talk on "Current Status of Limb Salvage Surgery".
- Nov 5-7 Chairperson and Moderator, Update: New Developments in the Treatment of Thromboembolic Disease", Naples, Florida.
- Nov 19 Chairperson, Controversies in the Management of Peripheral Arterial Occlusions, New York, New York.
- Nov 19-22 Chairman, Montefiore Medical Center - Albert Einstein College of Medicine, Nineteenth Annual Symposium on Current Critical Problems and New Techniques in Vascular Surgery, New York, New York.
- Dec 10-12 Invited Speaker, Northwestern University Medical School, Vascular Surgery Symposium: Long-Term Results, Chicago Illinois. Talk on "Changing Disease Patterns and Management Strategies in Lower Limb-Threatening Ischemia: A Sixteen-Year Experience".
- Dec 10-12 Invited Speaker, 20th Annual Vascular Surgery Seminar/Society for Military Vascular Surgeons, Chesapeake Vascular Society. Talk on "Government Interventions in Vascular Surgery".

Major Presentations, Lectures and Visiting Professorships - 1993

- Jan 8-9 Invited Speaker, Fifteenth Annual Surgical Postgraduate Course in What's New In General Surgery - 1993, UC Davis Medical Center, Sacramento, California. Talks on (1) "Accessing Vessels in the Lower Extremities: Exposure Techniques", (2) "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower-Limb Threatening Ischemia" and (3) "The Impact of Non-operative and Endovascular Treatments in the Management of Lower Extremity Arterial Insufficiency and Disease"
- Jan 25-28 Invited Speaker, Fifth Annual International Symposium on Vascular Diagnosis and Intervention, Miami Beach, Florida. Talk on "Randomized Prospective Comparison of Reversed vs. In Situ Bypass Graft: An Update".
- Feb 4 Visiting Professor, Surgical Grand Rounds, Dartmouth-Hitchcock Medical Center, Lebanon, New Hampshire. Talk on "Current Status of Limb Salvage Surgery".
- Feb 7 Invited Speaker, The Mended Hearts, Inc, New York. Talk on "New Developments in Limb Salvage Surgery".
- Feb 12 Co-Chairperson and Invited Speaker, New Developments in the Treatment of Thromboembolic Disease: Investigators Update, Newport Beach, California. Talk on "Randomized Prospective Comparison of Reversed and In Situ Vein Grafts for Infrapopliteal Arteries".
- Feb 17 Visiting Professor, Grand Rounds Lecture, St. Vincent's Hospital, New York. Talk on "Current Status of Limb Salvage Surgery".
- Feb 18 Visiting Professor, Grand Rounds Lecture, Bronx VA Hospital, New York. Talk on "Transfemoral Repair of Aortic Aneurysms".
- Feb 20 Visiting Professor, Surgical Grand Rounds, West Virginia University, Morgantown, West Virginia. Talks on "The Evaluation and Current Status of Limb Salvage Arterial Surgery" and "A New Classification and Management Plan for Extracavitary Prosthetic Graft Infection".
- Feb 24 Invited Speaker, Cleveland Vascular Society, Cleveland, Ohio. Talk on "Current Status of Limb Salvage Surgery".
- Feb 26 - 27 Visiting Professor, University of Buffalo, Buffalo, New York. Talks on "New Approach to Management of Infected Prosthetic Arterial Grafts" and "Current Status of Limb Salvage Surgery".
- March 6 Invited Speaker, Current Status and New Horizons in the Treatment of Vascular Disease, Baltimore, Maryland. Talk on "Limb Salvage Surgery: Do the Results Justify Aggressive Revascularization?"
- March 20 Invited Speaker, Carolina Vascular Society, Chapel Hill, North Carolina. Talk on "Initial Experience With Endovascular Stented Grafts".
- March 31 Invited Speaker, Eighth Annual Westchester Vascular Symposium, Valhalla, New York. Talk on "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower Limb Threatening Ischemia".
- April 5-6 Invited Speaker, 15th Charing Cross International Symposium on Surgery for Stroke, London, England. Talk on "Somatosensory Evoked Potential Monitoring

During Carotid Surgery".

- April 17 Invited Speaker, Medical and Surgical Management of Peripheral Vascular Disease, Cincinnati, Ohio. Talk on "Limb Salvage Surgery: Do the Results Justify Aggressive Revascularization".
- April 18 Invited Speaker, Albert Einstein College of Medicine's Course on Diagnosis and Management of Vascular Disease: A Basic Approach for the Practicing Physician, New York, New York. Talks on "Conservative and Medical Management of Intermittent Claudication" and "Surgical Options for Limb Salvage".
- April 21 Invited Speaker, 40th Annual Symposium of the Society of Air Force Clinical Surgeons, Biloxi, Mississippi. Talk on "Current Status of Limb Salvage Surgery".
- April 22-24 Invited Speaker, Moderator and Panelist, Alton Ochsner Medical Foundations Symposium on Vascular Surgery Update Course and Techniques Workshop, New Orleans, Louisiana. Talks on "Randomized Prospective Comparison of In Situ and Reversed Vein Grafts for Infrapopliteal Bypass" and "Techniques of Suprarenal Aortic Exposure and Control".
- April 27 Invited Speaker, American College of Surgeons 21st Annual Spring Meeting, Postgraduate Vascular Surgery Course, Montreal, Canada. Talk on " Outcomes of Leg Bypass Surgery: The Limits of Acceptable Standards".
- April 29 Co-Chairman and Moderator, Symposium on Management of Infected Arterial Grafts in the 1990's, Philadelphia, Pennsylvania.
- May 6-8 Invited Speaker, American College of Cardiology Heart House Learning Center Symposium on Peripheral Artery Disease: Contemporary Strategies for Diagnosis and Therapy. Talks on "When Should Prophylactic Treatment of Upstream (Aortoiliac) Inflow Obstruction Precede Downstream (infringuinal) revascularization"; "Reoperation for occluded bypass grafts"; and "Infrapopliteal Disease: ;Surgical Management".
- May 14 Invited Speaker, Medical and Political Controversies in Vascular Disease, Methodist Hospital, Indianapolis, Indiana. Talk on "Grafts and PTA for Ischemic Limb Disease".
- June 2 Invited Speaker, Avances y Controversias en Cirugia Vascular, Encuentro Hispano-Americano III, Miami, Florida. Talks on "Lower Extremity Ischemia: Patterns of Disease and Current Therapeutic Strategies" and "Current Experience with Endovascular Grafting"
- Aug 27 Invited Speaker, International Symposium on Controversies in Vascular Surgery, Copenhagen, Denmark. Talks on "How do we manage the aorto-caval fistula? The aneurysm with a horse shoe kidney? The Iliac Aneurysm?" and "Is PTFE Bypass to Tibial Arteries a Worthwhile Procedure?"
- Sept 12-15 Co-Chairman, Session 24 entitled "Aortofemoral Occlusive Disease" at the XXIst World Congress of the International Society for Cardiovascular Surgery, Lisbon, Portugal.
- Oct 4-8 Invited Speaker, 64 Congreso Argentino de Cirugia, Buenos Aires, Argentina. Talks on (1) "Changing Arteriosclerotic Disease Patterns and Management Strategies in Lower-limb-threatening ischemia", (2) "Nuevo Enfoque in el

Tratamiento de la Infeccion Prosica", (3) "Tratamiento de las Lesiones Arteriales Multiples Y/O Multifocales", (4) "Indicaciones, Complicaciones Y Resultados Alejados de los Procedimientos Endovasculares", (5) Bypass Con Safena Invertida vs Safena In Situ. Un Estudio Prospectivo Randomizado", (6) "Patologia Preexistente de la Vena Safena. Una Causa No Reconocida de Fracaso del bypass"

- Oct 7 Invited Speaker, 11th Annual UCLA Symposium on A Comprehensive Review and Update of What's New in Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal Tibial Occlusive Disease".
- Oct 10-15 Moderator, American College of Surgeons Postgraduate Course #17 on Vascular Techniques, San Francisco, California.
- Oct 23 Invited Speaker, 3rd Annual Vascular Surgery Update: Lower Extremity Revascularization, Charleston Area Medical Center, Charleston, West Virginia. Talk on "Distal Revascularization of Lower Limb Ischemia".
- Oct 27 Invited Speaker, The University of Texas Southerwestern Medical Center at Dallas, Dallas, Texas. Talk on "The Current Status of Limb Salvage".
- Oct 30 Invited Speaker, Gulf Coast Vascular Society, New Orleans, Louisiana. Talk on "Stented Grafts for the Treatment of Aneurysms, Traumatic Injuries and Arterial Occlusions".
- Nov 4-6 Invited Speaker, 20th International Course on Tecnicas Y Debates Sobre Cirugia Vascular, Barcelona, Spain. Talks on 1) "Surgery for Lower Extremity Ischemia: Present Status, 2) "Randomised Prospective Comparison of In Situ and Reversed Vein Graft for Infrapopliteal Bypass, and 3) "Standards and Methodology: The Surgeons's Point of View".
- Nov 10 Moderator, American Heart Association, Council on Cardiothoracic and Vascular Surgery, Atlanta, Georgia. Moderate session on "Current Approaches to the acutely Ischemic Extremity".
- Nov 18-21 Chairman, Montefiore-Einstein, Twentieth Annual Symposium on Current Critical Problems and New Techniques in Vascular Surgery, New York, New York.
- Nov 18-19 Chairman, Montefiore-Einstein, The Fourth Annual Symposium on Advances in Noninvasive Evaluation of Vascular Disease", New York, New York.
- Nov 18-19 Co Chairman, Montefiore-Einstein, The 1993 Symposium on Current Issues & New Techniques in Interventional Radiology, New York, New York.
- Dec 6-7 Invited Speaker, Progress in Angioscopy, Interventional and Monitoring Techniques in Vascular Surgery 1993, Boston, Massachusetts. Talks on "Intraoperative Angiography" and "Stented Graft Repair of Aneurysms and Other Arterial Lesions".
- Dec 10 Invited Speaker, Northwestern University Symposium on Anuerysms, Chicago, Illinois. Talk on "Montefiore Experience with Endovascular Grafts".
- Dec 11 Invited Speaker, Annual Vascular Surgery Seminar-Chesapeake Vascular Society-Society for Military Vascular Surgery, Bethesda, Maryland. Talk on "Intraluminally placed stented vascular grafts".

- Dec 11 Invited Chairman, Endovascular Grafts Session of the Cardiovascular Science and Technology Conference, Washington D.C.
- Dec 11 Invited Speaker, Cardiovascular Science and Technology Conference, Washington, D.C. Talk on "Lower Extremity Vascular Grafts in Women".

Major Presentations, Lectures and Visiting Professorships - 1994

- Jan 10-13 Invited Speaker, Sixth Annual International Symposium on Vascular Diagnosis and Intervention, Miami Vascular Institute, Miami, Florida. Talks on 1) "Is Surveillance to Detect Failing PTFE Bypasses Worthwhile: Twelve Year Experience with 126 Failing PTFE Grafts", 2) "Types of Atherosclerotic Tibial Occlusive Disease and Vein Graft Stenosis: Effect of Histopathology on Interventional Outcome", 3) "Initial Clinical Experience with Stented Grafts for the Treatment of Aneurysms, Trauma and Occlusive Disease".
- Jan 29 Invited Speaker, Symposium on Endovascular Procedures, Utrecht, The Netherlands. Talk on "Endovascular Graft Repair for Aneurysm, Trauma and Occlusive Lesions".
- Feb 14 Invited Speaker, Arizona Heart Institute's International Congress VII on Endovascular Interventions, Phoenix, Arizona. Talk on "Stented Grafts for the Treatment of Traumatic Arterial Lesions and Non-Aortic Experience".
- Feb 25 Invited Speaker, St. Joseph's Hospital, Denver, Colorado. Talks on "New Therapies in Treatment of Femoral Popliteal Tibial Occlusive Disease" and "Current Status of Limb Salvage Surgery - Including New Treatment Approaches".
- Feb 25 Invited Speaker, Rose Medical Center, Denver, Colorado. Talk on "Endovascular Stented Grafts in the Treatment of Aneurysmal Disease, Arterial Trauma, and Occlusive Lesions".
- Feb 26 Invited Speaker, University of Colorado Health Sciences Center, Denver, Colorado. Talk on "Impact of Endovascular Stented Grafts in Management of Lower Extremity Arterial Insufficiency and Disease".
- March 19 Invited Speaker, Carolina Vascular Society, Raleigh-Durham, NC. Talk on "Stented Grafts and Their Impact on Vascular Surgeons".
- March 23 Invited Speaker, Ninth Annual Westchester Vascular Symposium, Valhalla, NY. Talks on "Endovascular Stented Graft Repair of Aneurysms and of Occlusive and Traumatic Lesions" and "Are PTFE Tibial Bypasses Ever Worthwhile? Is a Miller Cuff or Taylor Patch Really Necessary?"
- March 24 Invited Speaker, Society of Cardiovascular and Interventional Radiology 19th Annual Scientific Meeting, San Diego, CA. Talk on "Endoluminal Stented Grafts for Abdominal Aortic Aneurysms and Aortoiliac Occlusive Disease".
- March 24 Invited Speaker, The Association of Vascular and Interventional Radiographers, San Diego, CA. Talk on "Endovascular Stented Grafts for the Treatment of Aneurysms, Traumatic Lesions and Occlusive Disease".
- March 25 Invited Speaker, 1994 Research Initiatives in Vascular Disease, Research Models in Vascular Disease & Symposium on Transluminally Placed Endovascular Prostheses, Bethesda, MD. Talk on "Endovascular Stented Grafts in the

Treatment of Aortoiliac and Femoropoplital Occlusive Disease."

- April 11-12 Invited Speaker, 16th Charing Cross International Symposium on Vascular & Endovascular Surgical Techniques, London. Talk on "Endoluminal Stented Graft Aorto-Bifemoral Reconstruction".
- April 13 Invited Discussant. New York Surgical Society, New York. Discuss paper by Thomas Scalea entitled "Penetrating Subclavian Vascular Injuries: Survival Is Better Than Expected".
- April 16-17 Invited Speaker, University of Rochester School of Medicine & Dentistry Symposium on Advances in the Treatment of Lower Extremity Vascular Disease, New York, NY. Talk on "Randomized Studies of Vein vs ePTFE and In-situ vs Reversed Grafts."
- April 27 Invited Speaker, Massachusetts General Hospital, Harvard Medical School "Controversies in the Management of Vascular Disease - 1994", Boston, Massachusetts. Talks on "Repetitive Reoperation for Graft Failure: When is Enough Enough?" and Linton Lecturer, Topic: "Endovascular Stented Grafts: Experience to Date and Potential For the Future".
- April 29 Invited Speaker, Penn State's Current Management Strategies for Peripheral Vascular Disease, Penn State, Pennsylvania. Talks on "Current Status of Interventional/Surgical Treatment of Lower Extremity Ischemia" and "Endovascular Repair of Arterial Occlusive, Traumatic and Aneurysmal Lesions".
- May 7 Visiting Professor, Kansas Medical Education Foundation, Topeka, Kansas. Talks on "Endovascular Stented Grafts for the Treatment of Aneurysmal, Traumatic and Occlusive Lesions" and "Current Status of Limb Salvage Surgery".
- May 9 Moderator and Invited Speaker, Montefiore Medical Center-Albert Einstein College of Medicine Surgical Grand Rounds Clarence Schein Lectureship, Bronx, NY. Talk on "Therapeutic Alternatives in the Treatment of Peripheral Vascular Disease".
- May 10 Visiting Lecturer, The Methodist Hospital, Brooklyn, New York. Talk on "Role of Endovascular Stented Grafts in Vascular Surgery".
- May 12-15 Moderator, Co-Moderator and Speaker, Eastern Vascular Society, Montreal, Quebec, Canada. Presidential Address entitled "Transluminally Placed Endovascular stented Grafts and Their Impact on Vascular Surgery".
- May 19-22 Invited Speaker, 6th Annual American Society of Cardiovascular Interventionists Symposium, Chicago, Illinois. Talk on "Endovascular Stented Grafts for the Treatment of Aneurysmal, Traumatic and Occlusive Lesions.
- June 6-8 Invited Speaker, Critical Issues Forum, Society for Vascular Surgery, Seattle, Washington. Talk on "Impact of Endovascular Technology on the Practice of Vascular Surgery".
- June 6-8 Moderator, Breakfast Session, Society for Vascular Surgery Meeting, Seattle, Washington. Moderated Breakfast Session entitled "Vascular Surgery Reimbursement: Problems and Solutions".

- June 6-8 Invited Speaker, Breakfast Session, Society for Vascular Surgery Meeting, Seattle, Washington. Talk on "Alternative Distal Exposures".
- June 15-16 Visiting Professor, University of Tennessee Medical Center, Knoxville, Tennessee,
- July 18-19 Invited Speaker, Health Care International Symposium on Aortic Disease Management, Glasgow, Scotland. Talk on "Clinical Experience with Stent-Grafting"
- Aug 13 Invited Speaker, The Fourth Annual Southern New England Symposium on Peripheral Vascular Disease, Newport, Rhode Island. Talks on "Operative Therapy for Aortoiliac Occlusive Disease" and "Infrainguinal Surgery: The Role of Bypass vs. Amputation in Various Risk Groups".
- Sept 13 Invited Speaker, The Chesapeake Vascular Society, Washington, D.C. Talk on "Transluminally Placed Endovascular Grafts".
- Sept 18 Invited Speaker, Southern California Vascular Surgical Society, Coronado, California. Talks on "Endovascular Techniques and the Future of Vascular Surgery" and "Containing Costs While Maximizing Re-Imbursement"
- Sept 22 Visiting Professor, The Albany Medical College, Albany, New York. Talk on "Endovascular Stented Grafts".
- Sept 23 Invited Speaker, Department of Veterans Affairs Medical Center, 18th Annual Symposium on Vascular Surgery on Advanced Techniques in Treating Vascular Disease, Castle Point, NY. Talks on "Polytetrafluoroethylene Bypasses to Infrapopliteal Arteries: Are They Ever A Worthwhile Option?" and "Transluminally Placed Endovascular Stented Arterial Grafts: An Alternative Treatment of Complex Aneurysmal, Traumatic or Occlusive Arterial Lesions".
- Sept 24 Invited Speaker, University of Virginia Health Sciences Center's Current Topics in Surgery and Interventional Radiology: Vascular Diagnosis and Therapy, Charlottesville, Virginia. Talks on "Current Status of Interventional and Surgical Treatment of Lower Extremity Ischemia" and "Endovascular Stented Graft Repair and Traumatic Occlusive and Aneurysmal Arterial Disease".
- Sept 28-30 Invited Distinguished Lecturer, New England Society for Vascular Surgery, Newport, Rhode Island. Distinguished lecture on "Endovascular Stented Grafts: Role and Impact on Vascular Surgeons".
- Oct 4 Grand Rounds Speaker, Montefiore Medical Center's Endocrine Research & Clinical Seminar Program, New York. Talk on "New Developments in the Treatment of Vascular Disease".
- Oct 4 Invited speaker, Portland Vascular Society, Portland, Oregon. Talk on "Current Status of Endovascular Grafting".
- Oct 6 Invited Speaker, 12th Annual UCLA Symposium on A Comprehensive Review and Update of What's New in Vascular Surgery. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 15 Invited Speaker, 4th Annual Vascular Surgery Seminar: Symposium on Aneurysms, Charleston, West Virginia. Talk on "Endovascular Stented Grafts for Abdominal Aortic Aneurysms and Other Arterial Lesions".
- Oct 8 - 12 Chairman, Postgraduate Course #17 - Peripheral Vascular Surgery, American

College of Surgeons, Chicago, Illinois.

- Oct 20 Invited Speaker, 5th International Course on Peripheral Vascular Intervention, Nancy, France. Talk on "Endovascular Stented Grafts in the Treatment of Traumatic, Occlusive and Aneurysmal Arterial Lesions".
- Oct 21 Invited Speaker, Pennsylvania Hospital's Course on Minimal and Non-Surgical Interventions for the Treatment of Aneurysmal and Occlusive Vascular Disease, Philadelphia, Pennsylvania. Talk on "Stents for Aortic Aneurysms and Occlusive Arterial Disease: The Montefiore Experience".
- Oct 28-30 Invited Speaker, Stanford University Symposium on Vascular Disease 1994: Diagnosis and Treatment, Stanford, California. Talks on "Infrainguinal Bypass:

Major Presentations, Lectures and Visiting Professorships - 1994 (Continued)

- What Can Be done to Improve Patency?", Transluminal Endovascular Grafting: Current Applications", and "New Surgical Approaches to Limit Graft Stenosis".
- Nov 4 Invited Speaker, The Second Annual New York Symposium on Cardiovascular Diseases: A Basic Approach for the Practicing Physician, New York, New York. Talks on "Peripheral Vascular (Arterial) Diseases: Indications for Intervention and Surgical Options for Treatment" and "When to Consult the Vascular Team: Tips for the Primary Care Physician".
- Nov 11-12 Invited Honored Guest Speaker and Moderator, 3rd Pan American Congress on Vascular Surgery, Rio de Janeiro, Brazil. /Talk on "Endovascular Stented Grafts in the Treatment of Aneurysmal, Traumatic and Occlusive Arterial Lesions". Moderator of Session "Endovascular Surgery".
- Nov 17 Invited Speaker, The 1994 Symposium on Current Issues and New Techniques in Interventional Radiology, New York. Talk on "Endovascular Stented Grafts for Complex Aortoiliac Occlusive Disease".
- Nov 18-20 Chairman and Speaker, Twenty-first Annual Symposium on Current Critical Problems and New Horizons and Techniques in Vascular Surgery, New York. Talk on "Endovascular Stented Grafts for the Treatment of Aortoiliac and Femoropoplital Occlusive Disease Causing Limb Threatening Ischemia".
- Dec 3 Invited Speaker, 22nd Annual Vascular Surgery Seminar, Society for Military Vascular Surgery, Bethesda, Maryland. Talk on "Stented Vascular Grafts".
- Dec 5 Invited Speaker, Harvard Medical School's Course on Progress in Angioscopy: New Interventional Techniques and Endovascular Grafting 1994, Boston,

Massachusetts. Talk on "Experience with Endovascular Grafting for Arterial Occlusive Disease and Other Lesions.

Dec 8 Invited Speaker, Northwestern University Medical School's Symposium on Advances in the Treatment of Ischemic Extremities, Chicago, Illinois. Talk on "Preliminary Experience with Endovascular Stented Grafts for Occlusive Disease".

Dec 10 Invited Speaker, International Endovascular Symposium 1994, Sydney, Australia. Talk on "Experience in Endoluminal Grafting of Aneurysms, Arteriovenous Fistulae and Occlusive Disease".

Major Presentations, Lectures and Visiting Professorships - 1995

Jan 3 Invited Speaker, Montefiore Medical Center, Dilemmas in Geriatric Medicine Seminar, Bronx, New York. Talk on "AAA and Stent Procedures".

Jan 24 Invited Speaker, Seventh Annual International Symposium on Vascular Diagnosis and Intervention, Miami Beach, Florida. Talk on "Montefiore Experience with Stent-Grafts".

Feb 1 Visiting Professor, Sinai Hospital of Baltimore, Baltimore, Maryland. Talk on "Endovascular Stented Grafts in the Treatment of Aneurysmal, Occlusive and Traumatic Arterial Lesions".

Jan 25-29 Invited Discussant, The Southern Association for Vascular Surgery, Cancun, Mexico. Discussed Paper # 22 by Brad Johnson on "Failure of Foot Salvage in Patients with End-Stage Renal Disease After Surgical Revascularization".

Feb 2 Invited Speaker, Brooklyn Surgical Society, Brooklyn, New York. Talk on "Endovascular Stented Grafts in the Treatment of Aneurysmal, Occlusive and Traumatic Arterial Lesions".

Feb 4 Visiting Professor, Downstate Medical Center, Brooklyn, New York. Talk on "New Developments in Limb Salvage Surgery".

Feb 7-8 Invited Speaker, Good Samaritan Hospital, Cincinnati, Ohio. Talk on "Endovascular Repair of Arterial, Occlusive, Traumatic and Aneurysmal Lesions".

Feb 12-16 Invited Speaker, International Congress VIII on Endovascular Interventions, Phoenix Arizona. Talk on "How Should Vascular Surgeons, Radiologists, and Cardiologists View the Current Development of Endoluminal Grafts for Treatment of Abdominal Aortic Aneurysms?"

March 4 Invited Speaker, American College of Surgeons "All Surgeons Day", Washington, D.C. Talk on "New Advances in Vascular Surgery.

March 12-17 Invited Speaker, Rocky Mountain Vascular Disease Symposium, Beaver Creek, Colorado. Talks on "Endovascular Stented Grafts in the Treatment of Primary and Redo Aortoiliac and Femoropopliteal Occlusive Disease" and "Randomized Prospective Comparison of In Situ and Reversed Saphenous Vein Grafts for Long Infrainguinal Bypasses: An Update" and "How Vascular Societies Can Deal with the Government in Modifying Healthcare Reform".

March 28 Invited Speaker, Trauma Day, The Catholic Medical Center of Brooklyn and

Queens and the Brooklyn/Long Island Chapter of the American College of Surgeons, New York. Talk on “Transluminally Placed Endovascular stented Grafts in the Management of Traumatic Arterial Injuries”.

- March 30 Invited Speaker, Stanford University School of Medicine Division of Vascular Surgery Symposium on Endovascular Interventional Techniques: “Hands On” Workshop, Stanford, California. Talk on “Experience With Endovascular Stented-Graft for aneurysms, Occlusive Lesions and Traumatic Vascular Injuries”.
- April 1 Invited Speaker, Symposium on Surgical Approaches to Vessels, Marseille, France. Talk on “Unusual Surgical Approaches”.
- April 4 Invited Speaker, 17th World Congress of The International Union of Angiology, London, England. Talk on “Stented Grafts for the Treatment of Traumatic and Occlusive Arterial Lesions and Non-Aortic Aneurysms”.
- April 5 Invited Speaker, 2nd International Congress and Comprehensive Course, Zermatt. Talk on “Endoluminal Bypass Versus Vascular Surgery”.
- April 8 Invited Guest Speaker, Belgian Society of Vascular Surgery, Brussels, Belgium. Talk on “Cost-Benefit Analysis Regular Vascular Surgery Versus Endovascular Surgery”.
- April 10 Invited Speaker, 17th Charing Cross International Symposium on Vascular Imaging for Surgeons, London, England. Talk on “Imaging Techniques for Endovascular Stented Graft Procedures”.
- April 19 Invited Speaker, Sewickley Valley Hospital’s Fifth Annual Vascular Conference on Advances in Diagnosis and Treatment of Arterial Disease, Sewickley, Pennsylvania. Talk on “Endoluminal Stent Grafts: Is Less Invasive Surgery the Future?”
- May 2 Invited Speaker, American College of Surgeons 1995 Annual Spring Meeting, Boston, Massachusetts. Talk on “Transarterially Placed Endovascular Grafts for Repair of Occlusive and Traumatic Lesions”.
- May 5-7 Moderator and Discussant, Eastern Vascular Society, Buffalo, New York. Moderator of Session V. Discussant of paper by Daniel R. Gorin entitled “A New Generation Endovascular Graft for Repair of Abdominal Aortic Aneurysms”.
- May 12 Invited Speaker, Fourth Annual Anna Lyon Lecture Series, Framingham, Massachusetts. Talk on “Transluminally Placed Endovascular Stented Grafts for the Treatment of Complex Vascular Lesions”.
- May 17 Invited Speaker, “Minimally Invasive Procedures/Emerging Technologies”, Versailles, France. Talk on “Endoluminal Stenting and Grafting”.
- May 19-20 Invited Speaker, Eastern Virginia Medical School, Norfolk, Virginia. Talks on “Endovascular Stented Grafts in the Treatment of Aneurysmal, Traumatic and Occlusive Arterial Lesions” and “The Present Status of Limb Salvage Surgery”.
- May 25 Invited Speaker, 13th Annual National Symposium of the Society for Vascular Nursing, Scottsdale, Arizona. Talk on “Montefiore-Einstein Experience with Endovascular Stented Grafts for Repair of Aneurysmal, Occlusive and Traumatic Arterial Lesions”.

- June 2 Invited Speaker, First Annual Symposium Vascular and Endovascular Techniques, New York, New York. Talk on "EVT and Other Endoluminal Devices for the Treatment of Infrarenal Aortic Aneurysms and Other Lesions".
- June 20 Invited Speaker, University of Massachusetts and the Worcester Foundation for Experimental Biology, Worcester, Massachusetts. Talk on "Endovascular Stented Grafts for the Treatment of Aneurysmal, Traumatic and Occlusive Arterial Lesions".
- Aug 31- Sept 3 Invited Speaker, Stanford University School of Medicine, Frontiers in Vascular Disease, Monterey California. Talks on "Combined Operative and Interventional Approaches to Treat Aneurysmal Disease" and "Endovascular Strategies in Conjunction with Surgery to Treat Severe Aortoiliac and Peripheral Occlusive Disease".
- Sept 22 Invited Speaker, VA Medical Center's 19th Annual Symposium on Vascular Surgery, Castle Point, New York. Talks on (1) "Current Experience with Endovascular Stented Grafts for Aneurysms, Occlusive Lesions and Traumatic Injury", (2) "Impact of Endovascular Grafts on Vascular Surgery and Its Relationship with Interventional Radiology", and (3) "How to Best Obtain Training for Endovascular Procedures and Use of Endovascular Stented Grafts as an Adjunct for Simplifying Reoperative Arterial Operations".
- Sept 26 Invited Speaker, W.L. Gore & Associates Evening of Clinical Discussion, Memphis Tennessee. Talk on "Advances in Endovascular Surgery".
- Oct 9 Invited Speaker, 13th Annual UCLA Symposium on A Comprehensive Review and Update of What's New In Vascular Surgery, Santa Monica, California. Talk on "Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 19 Invited Speaker, Midwest Vascular Institute of Illinois, Seventh Annual Conference on Advanced Interventional Techniques for Peripheral Vascular Disease, Oak Brook, Illinois. Talk on "The New York Experience with Endovascular Grafts".
- Oct 22-25 Invited Speaker, 81st Annual Clinical Congress of the American College of Surgeons, Postgraduate Course # 17, New Orleans, Louisiana. Talk on "Endovascular Graft Treatment of PAOD".
- Oct 28 Invited Speaker, 5th Annual Vascular Surgery Seminar, Charleston, West Virginia. Talk on "Endovascular Interventions for AV Fistulas and Other Vascular Injuries".
- Nov 4 Invited Speaker, Baylor College of Medicine, Houston, Texas. Talk on "Endovascular Stented Grafts in the Treatment of Aneurysmal, Occlusive and Traumatic Arterial Lesions".
- Nov 11 Invited Speaker, American Society of Cardiovascular Interventionists 1995 Annual Scientific Conference, Anaheim, California. Talk on "Endovascular Grafts for Aortic Aneurysm and Other Lesions".
- Nov 16-19 Chairman, Moderator and Speaker, Twenty-Second Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery, New York. Talk on "Aortoiliac Endovascular Stented Grafts: A Treatment Option for Multilevel Occlusive Disease and for Aortofemoral Bypass Failure".

- Nov 26 Honored Guest Speaker, Societa Italiano di Chirurgia Endovascolare, Ravenna, Italy. Talk on “The Impact of Endovascular Grafts and Other Endoluminal Procedures on the Practice of Vascular Surgery”.
- Dec 2 Invited Speaker, 23rd Annual Vascular Surgery Seminar Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Aortoiliac Endovascular Stented Grafts”.
- Dec 4-6 Invited Speaker, Harvard Medical School, Progress in Angioscopy, Endovascular Grafting and Interventional Techniques 1995. Talks on “Endovascular grafting for occlusive disease and trauma” and “Fluoroscopic assisted embolectomy”.
- Dec 7-9 Invited Speaker, Northwestern University Medical Center’s Symposium on Arterial Surgery: Management of Challenging Problems, Chicago, Illinois. Talk on “Endovascular Grafts for the Treatment of Vascular Pathology”.

Major Presentations, Lectures and Visiting Professorships - 1996

- Jan 25 Invited Discussant, 20th Annual Meeting of the Southern Association for Vascular Surgery, Naples, Florida. Discussion of paper by Enrique Criado, et al entitled “Endovascular Repair of Peripheral Aneurysms, Pseudoaneurysms and Arteriovenous Fistulae”.
- Jan 28-Feb 1 Invited Speaker, Eighth International Symposium on Vascular Diagnosis and Intervention, Miami Beach, Florida. Talks on “Endovascular Grafts in Combination with Standard Infrainguinal Bypass in the Management of Limb Threatening Ischemia” and “Complications of Endovascular Stented Grafts: The Agony after the Ecstasy”.
- Feb 7 Invited Speaker, Surgical Grand Rounds, NYU Medical Center, New York. Talk on “Endovascular Grafts”.
- Feb 11-15 Invited Speaker, International Congress IX Endovascular Interventions, Phoenix, Arizona. Talk on “Endovascular Grafts for Aortoiliac Occlusive Disease”.
- Feb 26 Invited Speaker, Brooklyn Endovascular Training Symposium, Brooklyn, NY. Talk on “Clinical Endovascular Techniques: Indications and Applications”.
- March 10 Invited Speaker, International Neuromodulation Society, Orlando, Florida. Talk on “Critical Limb Ischemia: Natural History and Clinical Presentation”.
- March 13 Invited Speaker, The Third Annual New York Symposium on Cardiovascular Diseases: A Basic Approach for the Practicing Physician, Tarrytown, NY. Talk on “Abdominal Aortic Aneurysms: Natural History, Recognition and Options for Treatment”.
- March 16 Invited Speaker, Carolina Vascular Society, Chapel Hill, North Carolina. Talk on “The Current Status of Endovascular Stented Grafts”.
- March 20 Invited Honored Speaker, Hume Memorial Lecture, The Society for Clinical Vascular Surgery Endovascular Symposium on “Basics of Endovascular Symposium” 24th Annual Symposium on Vascular Surgery, Rancho Mirage, California. Talk on “Impact of Endovascular Technologies on the Practice of Vascular Surgery”.
- March 27 Invited Speaker, Eleventh Annual Westchester Vascular Symposium, Valhalla, New York. Talk on “Fluoroscopically Assisted Thromboembolectomy”.

- April 11 Invited Speaker, Stanford University Medical Center, Endovascular Interventional Techniques “Hands On” Workshop, Stamford, California. Talk on “Impact of Endovascular Technology on the Practice of Vascular Surgery”
- April 13 Invited Speaker, Practical Clinical Advances in Vascular Disease, San Diego, California. Talk on “Endovascular Aortoiliac Arterial Bypass”.
- April 14-16 Invited Speaker, The Islands Vascular Disease Symposium, Key Biscayne, Florida. Talks on (1) “Randomized Prospective Comparison of In Situ and Reversed Saphenous Vein Grafts for Long Infrainguinal Bypasses: An Update”, (2) Endovascular Stented Grafts in the Treatment of Primary and Redo Aortoiliac and Femoropopliteal Occlusive Disease” and (3) “How Vascular Societies Can Deal with the Government in Modifying Healthcare Reform”.
- May 17 Invited Speaker, Nemacon Vascular Conference, Pittsburg, Pennsylvania. Keynote Address on “Endoluminal Stented Grafts and Minimally Invasive Vascular Surgery”.
- May 17 Invited Speaker, Second Annual New York Symposium on Vascular and Endovascular Techniques, New York. Talk on “Endoluminal Grafts for Aortoiliac Occlusive Disease”.
- May 16 Invited Speaker, International Multidisciplinary Vascular Disease Symposium, Winnipeg Manitoba, Canada. Talks on “Endovascular Grafts” and “Impact of New Technology on Vascular Disease in the 21st Century”.
- May 23 Invited Speaker, Surgical Grand Rounds, Flushing Hospital Medical Center, Flushing, NY. Talk on “Endovascular Stented Grafts in the Treatment of Occlusive, Aneurysmal and Traumatic Lesions”.
- June 7-8 Invited Speaker, ISCVS/SVS Endovascular Surgery Workshop, Chicago, Illinois. Talk on “Training Guidelines for Endovascular Surgery”. Keynote Address on “Influence of Endovascular Surgery on our Vascular Practice in the Year 2000”.
- June 9-12 Speaker, Joint Meeting of the ISCVS/SVS, Chicago Illinois. Presidential Address “Charles Darwin and Vascular Surgery”
- June 13 Invited Grand Rounds Speaker, Bronx VA Medical Center, Bronx, NY. Talk on “Endovascular Stented Grafts”.
- Sept 12-15 Chairman, Video Vascular Surgery Satellite Symposium on “Details Able to Improve Femoral Distal Bypass Results” and Invited Speaker, European Society for Vascular Surgery, Venice, Italy. Talks on “Endovascular Aortoiliac Grafts in Combination with Femoro-Distal Bypass for Limb Salvage” and “Bypass Surgery in Critical Limb Ischemia”.
- Sept 19 Invited Speaker, Eighth Annual Conference on Advanced Interventional Techniques for Peripheral Vascular Disease”, Oak Brook, Illinois. Talk on “An Update on Endovascular Grafts - the Montefiore Experience”.
- Sept 20 Invited Speaker, 20th Annual Symposium on Vascular Surgery, Fishkill, New York. Talks on “Update on Present Status of Endovascular Grafts for the treatment of Aneurysms, Occlusive Lesions and Traumatic Arterial Injuries”, “Complications with Endovascular Stented grafts; the Agony After the Ecstasy”, and “Morphologic Results of balloon Angioplasty and Intraluminal Stenting of Clinically Significant Human Carotid Artery Bifurcation Lesions”.

- Sept 27 Invited Participant, Issues Committee, New England Society for Vascular Surgery, Dixville Notch, New Hampshire. Participant in the Issues Committee Panel Discussion, on “Role of the Vascular Surgeon in Endovascular Procedures”.
- Oct 1 Invited Speaker, French Chapter of the American College of Surgeons, Paris France, Talk on “Endoprosthesis for Aortic Abdominal Aneurysm”.
- Oct 3 Invited Speaker, Austrian Society of Vascular Surgery, Vienna, Austria. Talk on “Endovascular grafting of Intraabdominal False Aneurysms After Aortoiliac Bypass Operations”.
- Oct 4 Invited Speaker, Mayo Vascular Symposium 1996 on Advances and Controversies in the Multidisciplinary Management of Vascular Disease”, Rochester, Minnesota. Talks on “Complications of Endovascular Stented Grafts in the Repair of Various Arterial Lesions” and “Experience With Endovascular Stented Grafts in the Management of Iliac Aneurysms: Mid-Term Results and Cost Advantages”.
- Oct 6-9 Invited Speaker, Postgraduate Course # 17, American College of Surgeons meeting, San Francisco, California. Talks on “Endografts for Difficult A-1 Disease: How Has Outcome Influenced Case Selection”; “Imaging Controlled Thromboembolectomy: Today’s Choice of Technique”; and “What I Can Do For You in Vascular Surgery: Response”.
- Oct 13-16 Invited Speaker, Frontiers in Vascular Disease, 1996, Monterey, California. Talk on “Endovascular Grafts in Combination with Infrainguinal Bypass Surgery”.
- Oct 17 Invited Speaker, 14th Annual Symposium: What’s New In Vascular Surgery”, Santa Monica, California. Talk on “Femoral-Popliteal-Tibial Occlusive Disease”.
- Oct 16-18 Invited Speaker, 7th International Course on Peripheral Vascular Intervention, Nancy, France. Talks on “Four-Year Experience with Endovascular Stented grafts for Aortoiliac Occlusive Disease”; “Complications Associated with Endovascular Grafting”; “Endovascular Stented grafts for the Treatment of Iliac Artery Aneurysms and Para-Anastomotic Aneurysms”; and “Experimental Evaluation of Endovascular Stented Grafts for the treatment of Arterial Aneurysms: Evaluation of Persistent Pressurization of the Aneurysmal Sack”.
- Oct 26 Invited Speaker, Charleston Area Medical Center’s Sixth Annual Vascular Symposium, Charleston, West Virginia. Talk on “Brachiocephalic Endovascular Interventions (Angioplasty and Stenting)”.
- October 26 Invited Speaker, Vascular Intervention for the 21st Century: A Preview, Baltimore, Maryland. Talk on “The Montefiore Experience with Stented-Grafts in the Management of Arterial Aneurysm: The Good, the Bad and the Ugly”.
- Nov 7-10 Invited Speaker, 4th Pan American Congress on Vascular Surgery, Rio de Janeiro, Brazil. Talk on “Value and Limitations of Endoluminal grafts for Aortic, Iliac and Femoral Occlusive Disease”.
- Dec 3 Invited Speaker, Harvard Medical School’s Course on Progress in Angioscopy 1996: Endovascular Surgery and Interventional Techniques, Boston, Massachusetts. Talk on “Hospital Resource Utilization in Patients With Iliac

Artery Aneurysms: Comparison of Endovascular and Standard Surgical Therapy”.

Dec 6 Invited Speaker, 24th Annual Vascular Surgery Seminar; Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Endovascular Grafting for Aneurysms”.

Dec 19 Invited Speaker, Bethesda Memorial Hospital, Manapalan, Florida. Talk on “The Present Status of Endovascular Grafts for Aneurysmal, Occlusive and Traumatic Arterial Lesions”.

Major Presentations, Lectures and Visiting Professorships - 1997

Jan 11 Invited Speaker, Surgical Grand Rounds, The Graduate Hospital, Philadelphia, Pennsylvania. Talk on “Current Status of Endovascular Grafts for Aneurysms, Occlusive and Traumatic Lesions”.

Jan 29 Invited Speaker, Ninth Annual International Symposium on Vascular Diagnosis and Intervention, Miami, Florida. Talk on “Endovascular Approach to Complex AAA”.

Feb 8 Invited Speaker, Surgical Grand Rounds, Tulane University Medical Center, New Orleans, Louisiana. Talk on “Current Experience with Endovascular Grafts for the Treatment of Aneurysms, Occlusive Disease and Traumatic Arterial Lesions”.

Feb 9-13 Invited Speaker, International Congress X Endovascular Interventions, Scottsdale, Arizona. Talk on “Fluoroscopically-Assisted Thromboembolectomy: A Simpler, Better Method for Performing a Standard Operation”.

Feb 27-28 Invited Moderator, Lifeline Foundation Research Initiatives in Vascular Disease Conference, Bethesda, Maryland. Moderator of Wsession V on “Vascular Reconstruction: To Rebuild or Build Anew”.

March 1 Invited Speaker, Fifth Annual Pennsylvania Vascular Symposium, Philadelphia, PA. Talk on “Endovascular Grafts for Aortoiliac Aneurysms and Other Lesions”.

March 18 Invited Speaker, 46th Annual Scientific Session of the American College of Cardiology, Anaheim, CA. Talk on “Stented Grafts for Abdominal Aortic Aneurysms”.

April 3 Invited Speaker and Moderator, Toronto Vascular Surgery Symposium, Toronto, Ontario, Canada. Talk on “Update and Overview of Present Day Endovascular Techniques”. Moderator: “Endovascular and Minimally Invasive Techniques”.

April 14-15 Invited Speaker, 19th Charing Cross International Symposium on Inflammatory & Thrombotic Problems in Vascular Surgery, London, England. Talk on “Fluoroscopically Assisted Arterial Thromboembolectomy. An Improved Method for Performing an Old Operation”.

April 24 Invited Speaker, Catholic Medical Center of Brooklyn & Queens, Inc., The Fourth Annual Alfred R. Ernst Lecture in Vascular Surgery, Brooklyn, NY. Talk on “Endovascular Grafts for Aneurysms and Other Arterial Lesions”.

May 10 Invited Speaker, St. Mary Medical Center: An Update of Interventional Techniques in Vascular Disease”, Merrillville, Indiana. Talk on “Non-surgical Options for Limb Salvage”.

- May 20-23 Invited Speaker, Endovascular Therapy Course Coronary and Peripheral, Paris, France. Talks on “Which Aortic Branches Can Be Excluded or Stent-Covered?” “Endovascular Grafts in the Management of Complex Vascular Lesions”. Co-Chairman of Satellite Symposium on New Advances in Endovascular Technologies.
- May 30 Invited Speaker, Advances in Vascular Intervention and CO₂ Angiography, New York, New York. Talk on “The Montefiore Experience with Stent-Grafts”.
- May 30 Invited Speaker, Lahey Clinic Symposium on Aortic and Cardio-Aortic Surgery, Boston, Massachusetts. Talk on “Aortic Stent Grafts”.
- May 30 Invited Speaker, 1st Annual Symposium on Vascular Disease: Diagnosis and Treatment of Lower Extremity Arterial Occlusive Disease”, Manchester, New Hampshire. Talk on “Endoluminal Stent Grafts for Aortoiliac Disease: Is Less Invasive Surgery the Future?”.
- June 2 Moderator, Breakfast Session SVS/ISCVS Joint Annual Meeting, Boston, Massachusetts. Moderator of Breakfast Session entitled “Endovascular graft for the Treatment of Abdominal Aortic Aneurysms: Lessons Learned”
- June 2 Invited Speaker, SVS/ISCVS Joint Annual Meeting, E. Stanley Crawford Critical Issues Forum. Talk on “Turf Issues” How Do We Maintain Control Over the Selection and Performance of Vascular Interventions”.
- June 4 Coordinator, Endovascular Grafting Session of SVS/NA-ISCVS 2nd Annual Endovascular Surgery Workshop, Boston, Massachusetts. Talk on “Endovascular Grafting”.
- June 7 Invited Speaker, First International Interdisciplinary Conference on Cardiovascular Medicine, Surgery, Science and Mechanics, Bethesda, Maryland. Talk on “Endovascular Grafts and Other Devices for the Treatment fo Aneurysms and Other Vascular Lesions”.
- Sept 12 Invited Honored Luncheon Speaker, Third Annual New York Symposium on Vascular and Endovascular Techniques, New York. Talk on “Present Status of Endovascular Grafts for Aneurysms and Other Lesions: A Five-Year Experience”
- Sept 19 Invited Speaker, Ninth Annual Conference on Advanced Interventional Techniques for Peripheral Vascular Disease, Oak Brook, Illinois. Talk on “Update on the Five-Year Montefiore Experience with Endovascular Grafts for Aneurysm, Traumatic and Occlusive Arterial Lesions”
- Sept 19 Honored Luncheon Guest, The Noninvasive Vascular Laboratory Symposium: Principles and Practice. Talk on “A Perspective of Vascular Surgery: From Distal Bypasses to Stented Grafts”.
- Sept 23 Invited Speaker, 23rd World Congress of The International Society for Cardiovascular Surgery, London. Talk on “Endovascular Techniques in High-Risk Patients”.
- Oct 9 Invited Speaker, 15th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular Surgery. Talk on “Femoral-Popliteal-Tibial Occlusive Disease”.

- Oct 16 Invited Speaker, Moderator and Panelist, 83rd Annual Clinical Congress of the American College of Surgeons, Chicago. Introductory Remarks on "Role of Endovascular Techniques in Standard Vascular Operations". Moderator: Panel Discussion on "Status Report on Endovascular Treatment of Vascular Disease".
- Oct 20 Invited Guest Lecturer, North American Opinion Leader Meeting, Southampton, Bermuda. Talk on "The Future of Vascular Medicine - How to Solve Turf Issues and Avoid Relationship Problems".
- Oct 25 Invited Speaker, 7th Annual Vascular Surgery Conference, Charleston, West Virginia. Talk on "Update on Endovascular Grafts for Aortoiliac Disease".
- Oct 27 Invited Speaker, Houston Surgical Society, Houston, Texas. Talk on "A Five-Year Experience With Endovascular Grafts for the Treatment of Aneurysms and Occlusive Arterial Lesions".
- Nov 3 Invited Speaker, Cedars-Sinai Medical Center, The Sanford Rosenbaum Lectureship in Vascular Surgery, Los Angeles, California. Talk on "Present Status of Endovascular Grafts for Aneurysms and Traumatic and Occlusive Arterial Lesions".
- Nov 7 Invited Speaker, The Eastern Pennsylvania Chapter, American College of Surgeons, Allentown, Pennsylvania. Talk on "Present Status of Endovascular Grafts for the Treatment of Various Arterial Lesions".
- Nov 9 Invited Speaker, Brooklyn Endovascular Training Symposium for Vascular Surgeons, Brooklyn, NY. Talk on "Indications, Applications and Complications of Stent-Grafts".
- Nov 13 Invited Speaker, Pacific Northwest Vascular Society, Portland, Oregon. Talk on "Present Status of Endoluminal Grafts for Aortic Aneurysms and Other Lesions".
- Nov 19 Course Chairman, Principles & Techniques in Endovascular Surgery, New York, New York. Welcome and Introductory Remarks.
- Nov 22 Invited Speaker and Co-Chairperson, Future Directions in Peripheral Arterial Disease: Antiplatelet Prevention Strategies, New York, New York. Talk on "Future Directions in Peripheral Arterial Disease".
- Dec 5 Invited Speaker, 25th Annual Vascular Surgery Seminar Society for Military Surgery, Bethesda, Maryland. Talk on "Endovascular Update".
- Dec 6 Invited Speaker, 46th Annual Clinical Meeting of the New Jersey Chapter of the American College of Surgeons, Parsippany, New Jersey. Talk on "Aortic Endoprosthetics for Aortic Aneurysms: Current Status/How Long Before FDA Approval?"
- Dec 8 Invited Speaker, Progress in Angioscopy, Endovascular Surgery & Interventional techniques 1997, Boston, Massachusetts. Talk on "Endovascular Grafting: Implications for the Future Practice of Vascular Surgery".
- Dec 10 Invited Speaker, The Thirty-Fourth Annual Meeting of the Nassau Surgical Society, Uniondale, New York. Talk on "The Current Status of Endovascular Surgery"
- Dec 11 Invited Speaker, Northwestern University Medical School Course on Techniques

in Vascular and Endovascular Surgery, Chicago, Illinois. Talk on “Alternate Exposures of the Infringuinal Arteries”.

Major Presentations, Lectures and Visiting Professorships - 1998

- Jan 11-15 Invited Speaker, International Symposium on Peripheral Vascular Intervention, Miami Beach, Florida. Talks on “Human Ex Vivo Carotid Stenting: Correlation of Lesion and Stent Characteristics With Embolic Potential” and “Endoleaks After Endovascular Graft Treatment of Aortic Aneurysms: Classifications, Risk Factors and Outcome”.
- Jan 20 Invited Speaker, W.L. Gore & Associates, Evening of Clinical Discussion, Puerto Rico. Talk on “A Five Year Experience With Endovascular Grafts for the Treatment of Aneurysms and Other Arterial Lesions”.
- Jan 23 Invited Speaker, The University of Nottingham, Critical Issues in Endovascular Surgery, Nottingham. Talk on “The Montefiore Experience With Endovascular Grafts”.
- Jan 25 Invited Speaker & Chairman , 5th Pan Hellenic Congress of Angiology, Athens, Greece. Talks on “The Present Status of Endovascular Grafts for Various Arterial Lesions: A Five Year Experience” and “What’s New in Endovascular Surgery”. Chairman of Symposium on “Endovascular Suragery in Abdominal Aortic Aneurysms” and “What’s New in Angiology and Vascular Surgery”
- Jan 27 Invited Speaker, 4th International Congress and Comprehensive Course on Vascular and Nonvascular Intervention in the Nineties, Zermatt-Heidelberg. Talk on “Endovascular Grafts for the Treatment of Aneurysms and Other Arterial Lesions: A Five Year Experience”.
- Feb 13 Invited Speaker, The Hospital of the University of Pennsylvania, Philadelphia. Talk on “Endovascular Stented Grafts for the Treatment of Various Arterial Lesions”.
- Feb 24 Invited Speaker, Surgery Educational Seminar, Vassar Brothers Hospital, Poughkeepsie, New York. Talk on “Endovascular Stented rafts for the Treatment of Various Arterial Lesions”.
- March 7 Invited Speaker, The University of Pittsburgh, Pittsburgh. Talk on “Endovascular Stented Grafts for the reatment of Various Arterial Lesions”.
- March 6 Invited Speaker, Interactive Toronto Vascular Surgery Symposium & Endovascular Workshop, Toronto, Canada. Talk on “The Use of Endovascular Techniques for Standard Operations and Emerging Procedures”.
- March 11 Invited Speaker, Thirteenth Annual Westchester Vascular Symposium, Valhalla, New York. Talk on “Stenting for Aortic Aneurysms - Status Report”.
- March 14 Invited Speaker, The University of Medicine and Dentistry of New Jersey Update on Endovascular Surgery: Clinical Applications and Hands-on Workshop, Short Hills, New Jersey. Talk on “Using Endovascular Techniques to Facilitate Traditional Vascular Surgical Procedures”.
- March 22 Invited Speaker, Brooklyn Endovascular Training Symposium, Brooklyn, NY. Talks on “Indications, Applications and Complications of Stent-Grafts” and “The

Meadox Vanguard Endovascular Aortic Graft”.

- March 27 Invited Speaker, Diabetes Center Conference, Albert Einstein College of Medicine, Bronx, NY. Talk entitled “State of the Art of Limb Salvage in the Diabetic Patient”.
- April 18 Invited Speaker, The Sixth Annual Pennsylvania Hospital Vascular Symposium”, Philadelphia, PA. Talk on “Aortoiliac Occlusive Disease: Will Endovascular Grafts Replace Traditional Surgery?”
- April 19-21 Invited Speaker, 20th Charing Cross International Symposium, London, England. Talk on “What Are the Indications for Endovascular Stent Graft Repair of Abdominal Aortic Aneurysms”.
- May 9 Invited Speaker, Alabama Chapter of American College of Surgeons, Point Clear, Alabama. Talk on “A Five Year Experience With Endovascular Grafts for the Treatment of Aneurysms and Other Arterial Lesions”.
- May 4-8 Invited Speaker, Chairman and Moderator, Endovascular Therapy Course, Coronary and Peripheral, Paris, France. Talk on “Covered Stents and Stent Grafts in Peripheral Arterial Disease”.
- May 15 Invited Keynote Speaker, Nemacon Vascular Conference, Farmington, Pennsylvania. Talk on “Present Status of Endovascular Grafts for the Treatment of Aneurysms and Other Lesions”.
- May 28 Invited Speaker, Surgical Grand Rounds, Staten Island University Hospital, Staten Island, New York. Talk on “A Five Year Experience With Endovascular Grafts for the Treatment of Aneurysms and Traumatic and Occlusive Arterial Lesions”.
- June 18 Invited Keynote Speaker, General Surgery Residency Program Dinner, Guthrie Clinic, Sayre, Pennsylvania. Talk on “Endovascular Stented Grafts”
- June 27 Invited Speaker, 14th Munich Vascular Surgery Colloquy, Munich, Germany. Talks on “The Montefiore Experience on Endovascular Grafting” and “Impact of Endovascular Treatment on Relationships Between Vascular Surgeons and Interventional Radiologists”.
- July 8 Invited Speaker, Surgical Grand Rounds, St. Vincent Hospital, Worcester, Massachusetts. Talk on “Endovascular Stented Grafts for the Treatment of Various Arterial Lesions”.
- Sept 3 Invited Speaker, Medical Grand Rounds, Montefiore Medical Center, Bronx, New York. Talk on “Present Status of Endovascular Grafts for the Treatment of Aneurysm and Other Arterial Lesions”.
- Sept 27-29 Invited Speaker, Vascular Society of Southern Africa Annual Congress, South Africa. Talks on “Endovascular repair of AAA and Other Vascular Lesions”; The Impact of Endovascular Techniques on the Practice of Vascular Surgery and Relationships Between Vascular Surgeons and Interventional Radiologists”; and “Lower Limb Arterial Reconstruction”
- Oct 5 Invited Speaker, Stent Graft Workshop, Rockville, Maryland. Talk on “Montefiore Experience With Endovascular Grafts for the Treatment of Aneurysms and Other Arterial Lesions: A Six Year Update”.

- Oct 6 Invited Speaker, Advanced Course on Carotid Artery Therapy, Washington, D.C. Talk on “Technical Limitations of Carotid Endarterectomy and Results in the High Risk Patient”.
- Oct 7 Invited Speaker, “Hot Topics” in Interventional Cardiology: Debating the Issues, Transcatheter Therapeutic X Conference, Washington, D.C. Talk on “Therapeutic Stent-Graft Strategies for Abdominal Aortic Aneurysms”
- Oct 8 Invited Speaker, 16th Annual UCLA Symposium on A Comprehensive Review and Update of What’s New in Vascular Surgery, Santa Monica, California. Talk on “Femoral-Popliteal-Tibial Occlusive Disease”.
- Oct 15-17 Invited Speaker, Frontiers in Vascular Disease 98, Pebble Beach, California. Talks on “Manpower Needs in the Next Millennium for Vascular Surgery and Interventional Radiology”; “Combined Surgical and Interventional Approaches to Occlusive Disease”; and “How Important is the Internal Iliac Artery”
- Oct 24-27 Invited Speaker, 84th Clinical Congress of the American College of Surgeons, Orlando, Florida. Talk on “Current Applications of Stent Technology in the Management of Vascular Problems”.
- Oct 27 Invited Speaker, 2nd Annual Frontiers in Surgery Conference, Orlando, Florida. Talk on “Advances and Opportunities in Peripheral Vascular Surgery”.
- Oct 31 Invited Speaker, Baltimore Endovascular Summit, Baltimore, Maryland. Talk on “Endoluminal AAA Repair: State of the Art”.
- Nov 7 Invited Speaker, Brooklyn Endovascular Training Symposium for Vascular Surgeons, Brooklyn, New York. Talk on “Indications, Applications and Complications of Stent-Grafts”.
- Nov 7 Invited Speaker and Moderator, 5th Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Moderator of Session on Endovascular Symposium and talk on “Aortoiliac Occlusive Disease: Long Term Results With Stented Grafts”.
- Dec 5 Invited Speaker, 26th Annual Vascular surgery Seminar for Military Vascular Surgery, Bethesda, Maryland. Talk on “Seven-Year Montefiore Experience with Endovascular Stented Grafts”.
- Dec 7 Invited Speaker, Progress in Angioscopy 1998: Minimally Invasive and Endovascular Surgery, Boston, Massachusetts. Talk on “Updated Results With Endovascular Grafts for AAA Repair: A Six-Year Experience”.
- Dec 15 Invited Speaker, Northwestern University Medical School Symposium on Practical Vascular Surgery, Chicago, Illinois. Talk on “Endoscopic Technique in the Treatment of Penetrating Arterial Trauma”.

Major Presentations, Lectures and Visiting Professorships - 1999

- Jan 11 Invited Moderator, The New York Society for Vascular Surgery, New York. Moderate session on “Treatment of Endovascular Complications”.
- Jan 23-26 Invited Speaker, 11th Annual International Symposium on Endovascular Therapy, Miami, Florida. Talks on “Analysis of Endovascular Graft Treatment for Aortoiliac Occlusive Disease: A Five-Year Experience”; “Six-Year Experience with Endovascular Treatment of Aortoiliac Aneurysms”

- Jan 29-30 Invited Speaker, Malmo International Symposium on Critical Issues in Endovascular Grafting, Malmo, Sweden. Talks on “Montefiore Endovascular Grafting System - A Six Year Experience” and “Analysis of endovascular treatment for aortoiliac occlusive disease: What is the role based on five year result?”
- Feb 3 Invited Speaker, Piper Jaffray Health Care Conference, New York, NY. Talk on “Point/Counterpoint: Peripheral Intervention: Hot or Hype”.
- Feb 24 Invited Grand Rounds Speaker, The George Washington University, Washington, D.C. Talk on “Endovascular Stented Grafts”.
- Feb 28-March 5 Invited Speaker, 1999 Rocky Mountain Vascular Disease Symposium, Snowmass, Colorado. Talks on “On-Table Digital Cine Fluoroscopy Enhances the Performance of Standard Vascular Surgical Operations”; “The Montefiore Experience With Various Endografts: Pros and Cons”; “What Endografts Can Offer”; and Moderator of Session VII on “Occlusive Disease Involving Visceral Branches of the Abdominal Aorta.
- March 12 Invited Speaker, Toronto Vascular Surgery Symposium, Toronto, Canada. Talk on “Montefiore Endovascular Graft Experience with Special Emphasis on the Treatment of Aortoiliac Occlusive Disease for Gangrene. Moderator of Session III on Endovascular Interventions.
- March 20 Invited Speaker, 7th Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Complications of Endovascular Grafts Used in the Treatment of Aortoiliac Occlusive Disease and Aneurysms”.
- April 15 Invited Discussant, American Surgical Association, San Diego, California. Discussion on “Risk Factors for Aneurysm Rupture in Patients Kept Under Ultrasound Surveillance: Results from the UK Small Aneurysm Trial” by Dr. Greenhalgh and “Abdominal Aortic Aneurysm: A Six-Year Comparison of Endovascular Versus Transabdominal Repair” by Dr. Moore.
- April 18 Invited Speaker, Brooklyn Endovascular Training Symposium for Vascular Surgeons, Brooklyn, NY. Talk on “Indications, Applications and Complications of Stent-Grafts”.
- April 23-24 Invited Speaker, Third Annual Hawaii Vascular Symposium, Hawaii. Talks on “Update on Endovascular Repair of AAAs and Other Arterial Lesions” and “When Should PTFE Grafts Be Used in the Lower Extremity and Other Concepts in Limb Salvage Surgery”.
- April 30-May 1 Invited Speaker, Vascular Centers of Excellence: An Interdisciplinary Approach to Quality Patient Care, Rosemont, Illinois. Talk on “How is Economic Integration Achieved”.
- May 5 Invited Speaker, Montefiore Einstein Symposium on The Beat Goes On: Innovative Management of Cardiovascular Disease, Bronx, New York. Talk on “New Modalities in the Management of Aneurysms”.
- May 15 Invited Speaker, Surgical Grand Rounds, Stony Brook, Stony Brook, NY. Talk on “A Six-Year Experience With Endovascular Grafts for the Treatment of Aneurysms and Traumatic and Occlusive Arterial Lesions”.

- May 18-21 Invited Speaker, Endovascular Therapy Course, Paris, France. Talks on “Treatment of Ilio-Popliteal Aneurysms with Covered Stents”, “Flash: Endovascular Therapy of Arterial Rupture and Ruptured Aortoiliac Aneurysms” and “Challenge: Newer Developments in Endovascular Graft Treatment for Aortic and Aortoiliac Aneurysms”.
- May 26-30 Invited Speaker, 13th Congress of the European Chapter of the International Union of Angiology, Rhodes, Greece. Talks on “Endoluminal Treatment of Traumatic and Occlusive Arterial Lesions” and “A Seven-Year Experience with Endovascular Grafts for the Treatment of AAA”.
- June 6-9 Invited Moderator, SVS/NA-ISCVS Meeting, Washington, D.C. Moderator of Breakfast Session D on Endovascular AAARepair - Papers II.
- June 15 Invited Keynote Speaker, Hilton Head Vascular Conference, Hilton Head Island, South Carolina. Talk on “Present Status of Endovascular Grafts for the Treatment of Aneurysms and Other Lesions”.
- June 24-27 Invited Speaker, 6th International Workshop of Endovascular Surgery and the International Society of Carotid Artery Surgery, Ajaccio, France. Talks on “Endovascular Repair of Aortoiliac Aneurysm: State of the Art”, “Carotid Surgery in 2000 When Routine Protected Angioplasty Will be Available”, and “Newer Developments in Endovascular Graft Treatment for Aortic and Aortoiliac Aneurysms: A Seven Year Experience”.
- Sept 15 Invited Grand Rounds Speaker, University of Washington School of Medicine, Seattle, Washington. Talk on “A Seven Year Experience with Endovascular Grafts for Aneurysms and Other Arterial Lesions”.
- Sept 24 Invited Speaker, Transcatheter Cardiovascular Therapeutics, Washington, D.C. Talks on (1) “Carotid Artery Stenting Will Become the Default Therapy for the Vast Majority of Patients With Extracranial Carotid Artery Disease”, (2) “The Threshold for Repair of Infrarenal Abdominal Aortic Aneurysms Should be Lowered to 4 cm Given the Advent of Endoluminal Stent Grafts”, and (3) “The Integration of Vascular Surgery and Endoluminal Catheter-Based Therapies: Rethinking the Traditional Models”.
- Sept 25 Invited Grand Rounds Speaker, University of Minnesota, Minneapolis MN. Talk on “A Critical Review of Endovascular Stent Grafts: When Does the Cutting Edge Become Standard of Care”.
- Oct 7 Invited Speaker, 17 Annual UCLA Symposium in Vascular Surgery, Santa Monica, California. Talk on “Femoro-Popliteal-Tibial Occlusive Disease”.
- Oct 19 Invited Speaker, Cardiology Grand Rounds, Montefiore Medical Center, Bronx, NY. Talk on “An Update on Endovascular Grafts for Aneurysms and Other Arterial Lesions Based on an Eight Year Experience.”
- Oct 26 Invited Speaker, 1999 Vascular Symposium, University of West Virginia, Charleston, West Virginia. Talk on “The Montefiore Experience with Endovascular Grafts for Aneurysms and Other Arterial Lesions”
- Nov 3 Invited Speaker, Mid-Hudson Health, Trauma Education Day, Poughkeepsie, NY. Talk on “Present Status of Endovascular Grafts for Aneurysms and Other Arterial Lesions”.

- Nov 7 Invited Speaker, 72nd Scientific Session of the American Heart Association, Atlanta, Georgia. Talk on "Economic Implications of Noncoronary Vascular Disease".
- Nov 7 Invited Speaker, Brooklyn Endovascular Training Symposium for Vascular Surgeons, New York, NY. Talk on "Indications, Applications and Complications of Stent-Grafts".
- Dec 4 Invited Speaker, 27th Annual Vascular Surgery Seminar Society for Military Vascular Surgery, Bethesda, Maryland. Talk on "Aortic Endograft Update".
- Dec 8 Invited Speaker, Controversies, Problems and Techniques in Surgery, New York. Talk on "New Concepts - Endovascular Grafts for the Treatment of Aneurysms and Other Arterial Lesions"
- Dec 9 Invited Speaker, Northwestern University Medical School Symposium on Modern Vascular Surgery, Chicago, IL. Talk on "Aortic Endograft in Combination With Femoro-Femoral Graft for Aortic Aneurysm".
- Dec 15 Invited Speaker, Grand Rounds, Department of Surgery, Mt. Sinai Medical Center, New York. Talk on "Present Status of Endovascular Stents".

Major Presentations, Lectures and Visiting Professorships - 2000

- Jan 26 Invited Speaker, ISET 2000 Meeting, Miami Beach, Florida. Talk on "Where Will Endovascular Grafts Fit Into the Treatment of Aortoiliac Aneurysms".
- Feb 13-16 Invited Speaker and Moderator, International Congress on Endovascular Interventions, Phoenix, Arizona. Talk on "Predictions From a Surgeon Turned Interventionist. Will There Be A Role for the Surgeon in the Future?"
- Feb 21-25 Invited Speaker, 5th International Congress and Comprehensive Course, Vascular and Nonvascular Intervention in the 21st Century, Zermatt-Heidelberg. Talks on "Endovascular Grafting for Arterial Injuries and Ruptured Aortoiliac Aneurysms"; "7 Year Experience With Endovascular Grafts"; and "Five Year Experience With Endovascular Grafting for Isolated Iliac Artery Aneurysms and for Occlusive Aortoiliac Disease".
- March 13-14 Invited Speaker, Critical Issues in Endovascular Surgery, Nottingham, England. Talk on "Montefiore Graft in Treatment of Ruptured Aneurysms".
- March 15 Invited Special Lecturer, Society for Clinical Vascular Surgery, Ranch Mirage, California. Talk on "Endovascular Surgery in the New Millennium".
- March 24 Invited Speaker, Toronto Vascular Surgery Symposium, Toronto, Canada. Talk on "Prosecution Case".
- April 7-8 Invited Speaker, 16th Annual Congress of the German Society of Vascular Surgery, Nurnberg, Germany. Talks on "How Many AAAs Can Be Treated Endovascularly" and "Endovascular AAA Repair in Ruptured Aortic Aneurysms".
- April 14 Invited Keynote Address, Endovascular Surgery 2000, Dallas, Texas. Talk on "Endovascular Surgery at the Millennium".

- May 5 Invited Speaker, Eastern Vascular Society Meeting, Baltimore, Maryland. Talk on “Critical Clinical Evaluation of Aortic Endografts”.
- May 17-20 Invited Speaker, Global Endovascular Therapy Course 2000, International Endovascular Peripheral Course, Monaco. Talks on “Comparison of 5 Industry Made and One Surgeon Made Endoluminal Graft for AAA: 8 Year Experience” and “Which Category of Patients will be Appropriate for Randomization of Carotid Stenting”
- May 20 Invited Speaker, 22nd New York State Surgical Symposium, Rochester, NY. Talk on “Present Status of Endovascular Grafts for Aneurysms and Other Arterial Lesions”.
- June 2-3 Invited Speaker, 4th International Vascular Meeting Cologne (IVMC), Cologne, Germany. Talk on “Use of Endovascular Grafts and Other Interventional Techniques to Improve the Treatment of Ruptured Aortoiliac Aneurysms”.
- June 10-14 Speaker, SVS/ISCVS Annual Meeting, Toronto, Canada. Talks on “Current Status of Carotid Bifurcation Angioplasty and Stenting (CBAS) Based on a Consensus of Opinion Leaders” and “The Case for an American Board of Surgery”.
- June 23-25 Invited Speaker, 7th International Workshop of Endovascular Surgery, Ajaccio, Corsica. Talks on “ Which Patients Are Best Treated With PTA and Which by Surgery”, “Consensus Conference on Carotid Bifurcation. Angioplasty and Stenting”, and “Is Endovascular Repair of Ruptured AAA Feasible?”
- June 30-July 1 Invited Speaker, The Eighth New Devices Seminar for the Cardiac and Peripheral Vascular Laboratories, Orlando, Florida. Talks on “Experience with Eight Different Devices for Endovascular AAA Repair: Advantages of Each” and “Experience and Results with Stent Graft Designs Covering the Renal Artery”.
- Sept 7-9 Invited Speaker, The 2nd Mayo Vascular Symposium, Rochester, Minnesota. Talks on “Comparison of 9 Different Endovascular Grafts in the Treatment of Abdominal Aortic Aneurysms: Advantages and Disadvantages” and “Endovascular Techniques and Grafts for the Treatment of Ruptured abdominal Aortic Aneurysms”.
- Sept 21 Invited Speaker, The Fourth Annual Max R. Gaspar Vascular Disease Symposium, Glenoaks, CA. Talks on “What Will Be the Role of Open Vascular surgery in the New Millennium” and Grand Rounds presentation at the University of Southern California. Talk on “Present and Future Applications of Aortic Endografting for Abdominal Aortic Aneurysms”.
- Sept 27-30 Invited Speaker, 32nd Annual Meeting of the Austrian Society for Vascular Surgery, Vienna, Austria. Talks on “Endovascular Grafting for the Treatment of Abdominal Aneurysms” and “Use of Endovascular Grafts and Other Image-Guided Techniques to Improve the Results of Treatment for Ruptured Abdominal Aneurysms”.
- Oct 7 Invited Speaker, 10th Annual Vascular Surgery Conference, Charleston, West Virginia. Talks on “The Impact of Endovascular Therapy on the Practice of Vascular Specialty in the New Millennium” and “The Montefiore Experience with

Endovascular Grafting for Abdominal Aortic Aneurysms”.

- Oct 12-15 Invited Speaker, Stanford Vascular Symposium 2000, Pebble Beach, California. Talks on “Stent-Graft for Ruptured Aneurysms: Strategies and Results” and “Vascular Centers-Con: Why and for Whose Benefit”
- Oct 15-16 Invited Speaker, 18th Annual UCLA Symposium, Los Angeles, California. Talk on “Femoral-Popliteal-Tibial Occlusive Disease”.
- Oct 18 Invited Speaker, Transcatheter Cardiovascular Therapeutics 2000, Washington, D.C. Talk on “Con-Serious Words of Caution”.
- Oct 22-26 Invited Speaker, 86th Annual Clinical Congress of the American College of Surgeons, Chicago, Illinois. Talks on “Carotid Stenting” and “Clinical Results Using a Hand-Made Device for Repair of Ruptured Aneurysms”. Moderator of Session IIA “Minimally Invasive Vascular Surgery.”.
- Oct 22 Invited Speaker, Annual Fall Meeting of the Association of Program Directors in Vascular Surgery, Chicago, Illinois. Talk on “Academic, Educational, and Economic Benefits of a Surgical Based Endovascular Training Program”.
- Nov 3 Invited Speaker, Swiss Society for Vascular Surgery, Bern, Switzerland. Talk on “Surgical Progress in Distal Revascularization”.
- Nov 5 Invited Speaker, Brooklyn Endovascular Training Symposium, Brooklyn, NY. Talks on “Indications and Applications of Stent-Grafts” and “Experience with the Gore Excluder”.
- Nov 15 Invited Speaker, Conrad Jobst Lecturer, Toledo, Ohio. Talk on “A Nine Year Experience with Endografts for Vascular Disease: A Look Back and a Look Forward”.
- Nov 16-19 Chairman, Moderator and Speaker, 27th Global Vascular Endovascular Issues Techniques Horizons, New York, NY. Talks on “Endovascular Grafts and Other Interventional Techniques to Improve the Treatment of Ruptured AAAs”; “The Case for an Independent American Board of Vascular Surgery” and “Summary of Results of Consensus Conference on Present Status of Carotid Bifurcation Angioplasty and Stenting”
- Dec 1 Invited Speaker, 28th Annual Vascular Surgery Seminar Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Endovascular Adjuncts to Improve the Outcome of the Ruptured AAA”.
- Dec 6 Invited Speaker, Nassau Surgical Society, Uniondale, New York. Talk on “What’s New in Vascular Surgery”
- Dec 8-9 Invited Speaker, VI Pan American Congress on Vascular and Endovascular Surgery, Talks on “Current Status of Carotid Bifurcation Angioplasty and Stenting Based on a Consensus of Opinion Leaders” and “Endovascular Grafts and Other Interventional Techniques to Improve the Treatment of Ruptured Aortoiliac Aneurysms”
- Dec 14 Invited Speaker, Northwestern University Symposium on Modern Vascular Surgery, Chicago, Illinois. Talks on “Endovascular Treatment of Ruptured

Aneurysms” and “Carotid Artery Stenting: Montefiore Experience”.

Dec 22 Invited Speaker, The University of Texas, Houston, Texas. Grand Rounds presentation on “Present Status of Endovascular Stented Grafts for AAAs and Other Arterial Lesions”.

Major Presentations, Lectures and Visiting Professorships - 2001

Jan 17 Invited Speaker, Cleveland Vascular Society, Cleveland, Ohio. Talk on “The New York Experience with Endovascular stented Grafts for Aneurysms and Other Lesions Over a Nine Year Period”.

Jan 21-25 Invited Speaker, International Symposium on Endovascular Therapy, Miami Beach, Florida. Talk on “Nine-Year Experience of MEGS Device vs Commercial Devices for Endovascular AAA Repair”.

Feb 11-15 Invited Speaker, International Congress XIV Endovascular Interventions, Scottsdale, Arizona. Talk on “Unilateral and bilateral hypogastric artery interuptin during abdominal aortic aneurysm repair in over 150 patients: A relatiavely innocuous procedure”.

Feb 15-17 Invited Speaker, Canadian Winter Vascular Symposium, Quebec, Canada. Talks on “Nine Year Comparison of 2 Surgeon-Made and 7 Industry-Made Endovascular Grafts for Aortoiliac Aneurysm Treatment, Including Those That Are Ruptured” and “The Present Role of Carotid Bifurcation Angioplasty and Stenting Based on A Consensus of Opinion Leaders”.

Feb 23 Invited Ground Rounds Speaker, Case Western Reserve University, Cleveland, Ohio. Talks on “Impact of Endovascular Techniques in the Practice of Vascular Surgery” and “The Role of Endovascular Grafts for the Treatmetn of Aortoiliac Aneurysms: A Nine-Year Experience”.

March 1 Invited Speaker, Seventh Annual Meeting of the Brooklyn-Staten Island Vascular Society, New York, NY. Talks on “Current Status of Carotid Bifurcatin Angioplasty and Stenting Based on a Consensus of Opinion Leaders” and “Special Surgical Techniques to Treat Carotid Artery Stenosis”.

March 13 Honored Guest Speaker, Brooklyn-Staten Island Vascular Society, New York, New York. Talk on “Special Surgical Techniques to Treat Carotid Artery Stenosis”.

March 23 Invited Speaker, 9th Annual Pennsylvania Hospital Vascular Symposium: Technical Challenges in Vascular and Endovascular Surgery, Philadelphia, Pennsylvania. Talk on “Technical Chalenges in Treating Abdominal Aortic Aneurysms and Aortoiliac Occlusive Disease: Tricks for open Surgical Repair.”

May 5 Invited Discussant, 15th Annual Meeting of the Eastern Vascualr Society Meeting, Washington, D.C. Discussed paper be Benjamin Chang on “In Situ Saphenous Vein Bypass: A 25-Year Experience, Lessons Learned”.

May 16-17 Invited Speaker, Southern Illinois University, Springfield, Illinois. Talk on “A Nine and a Half Year Experience with Endovascular Repair of Aortic and

Aortoiliac Aneurysms”.

- May 31 Invited Speaker, Nw Therapies for Vascular Disease in the 21st Century, Alexandria, Virginia. Talk on “ Endovascular Repair”.
- June 10-13 Invited Speaker, Joint Annual Meeting of the SVS/AAVS, Baltimore, Maryland. Talks on “Nature and Significance of Endoleaks and Endotension: Current Status Based on a Consensus of Opinion Leaders”
- June 10 Invited Speaker, Endovascular Surgery Symposium, Baltimore, Maryland. Talks on “Integrating Endovascular Surgical Procedures: Gain Endovascular Skills and Operate Better” and “Hypogastric Artery Issues Pertinent to Aortic Endografting”.
- June 15-17 Invited Speaker, 8th International Workshop of Endovascular Surgery (AIWES), Ajaccio. Talks on “Endovascular Repair of Abdominal Aortic Aneurysm. Who Should Do It: How Should They Be Trained” and “Endovascular Repair: The Bubble Has Burst”
- June 17-21 Invited speaker, Controversies in Endovascular Therapy, Global Endovascular Therapy Course, Monte Carlo. Talks on Endovascular Repair of the Superficial Femoral Artery Is An Expensive Luxury with Nondurable Results We Can No Longer Afford” and “Should We Continue? Based on the Current Long Term Results”
- July 19-23 Co-Chairman, Endografts 2001 and Beyond, Kildare, Ireland. Co-Chairman of Session 1A, What is Endograft Failure.
- Sept 10-11 Invited Speaker, 25th World Congress ISCVS, Cancun, Mexico. Talk on “Present Status of Endovascular Aneurysm Repair Based on a Nine Year Experience”.
- Sept 30 Invited Speaker, UCLA Endovascular Surgery for the Vascular Surgeon, Santa Monica, California. Talk on “Endovascular Repair of the Ruptured Abdominal Aortic Aneurysm”
- Oct 1 Invited Speaker, 19th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular Surgery. Talk on “Femoral-Popliteal-Tibial Occlusive Disease”.
- Oct 7-12 Invited Speaker, 87th Annual Clinical Congress of the American College of Surgeons Meeting, New Orleans, LA. Talk on “Peripheral Vascular Disease - Endovascular Repair of Infrarenal Aortic Aneurysms”.
- Oct 19 Invited Speaker, Third Annual Great Lakes Endovascular Symposium, Dearborn, Michigan. Talk on “Ten Years of Aortic Stent Grafting: A Comparison of Endografts”.
- Oct 20 Invited Speaker, 11th Annual Vascular/Endovascular Conference of the Camcare Health Education and Research Institute and the C. Byrd Sciences Center of West Virginia University, Charleston, West Virginia. Talks on ‘Ten-Year Experience With Endovascular Grafts for Aortoiliac Aneurysms: A Note of Caution” and “Selective Nonoperative Management of Large AAA: Is It Acceptable?”

- Nov 4 Invited Speaker, Brooklyn Endovascular Training Symposium for Interventional Radiologists and Interventional Cardiologists, Brooklyn, NY. Talk on "Indications and Applications of Stent-Grafts".
- Nov 14 Chairman and Speaker, The 28th Global Symposium on Vascular and Endovascular Issues, Techniques and Horizons..” New York, NY. Talks on “Endovascular approaches to ruptured AAAs: Do they offer promise?”, “Increasing Incidence of Midterm and Late Complications of EVAR: A note of Caution”.
- Dec 1 Invited Speaker, 29th Annual Military Vascular Surgery Seminar and Meeting of the Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Increasing Incidence of Midterm and Long-term Complications After Endovascular Graft Repair of Abdominal Aortic Aneurysm: A Note of Caution Based on a 9-Year Experience”.
- Dec 4-5 Invited Speaker, Current Advances in Surgery, St. Thomas, Virgin Islands. Talks on “Carotid Angioplasty and Stenting”, “Internal Iliac Artery Embolization for AAA Endografting” and “Endovascular Grafting for Ruptured AAAs”.
- Dec 15 Invited Speaker, Northwestern University School of Medicine Symposium on “Advances In Vascular Surgery 2001”. Talk on “The Use of Stent Graft in the Management of Arterial Injury”.

Major Presentations, Lectures and Visiting Professorships - 2002

- Jan 19-23 Invited Speaker, International Symposium on Endovascular Therapy, Miami Beach, Florida.. Talk on “Results of Consensus Survey of Experts”.
- Feb 13 Invited Speaker, International Congress XV Endovascular Interventions, Scottsdale, Arizona. Talk on “Increased Incidence of Mid-and Long-term Complications After Endovascular Graft Repair of AAA: Eight-Year Experience with Over 250 Cases”.
- Feb 14-16 Invited Speaker, North American Winter Vascular Symposium. Talks on “Nature and Significance of Endoleaks and Endotension: Consensus of Opinion Leaders” and “Mid & Long-term Complications After Endograft AAA Repair: A Note of Caution”.
- March 7 Invited Grand Rounds Speaker, Our Lady of Mercy Medical Center, New York. Talk on “Ten Year Experience with Endovascular Treatment of Aortic Aneurysms”.
- March 7-9 Invited Speaker, 10th Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talks on “Update on Endovascular Aortoiliac Stent Grafts: Do Long-Term Results Justify Their Use” and “My Worst Case”.
- March 21 Invited Speaker, III Annual Symposium on Recent Advances in Vascular Diseases”, New York. Talk on “Endovascular Treatment of Ruptured abdominal Aortic Aneurysms”.
- April 10 Invited Speaker, 20th World Congress of the International Union of Angiology, New York, New York. Talk on “The Montefiore Experience with Endovascular Repair of Elective and Ruptured AAAs”

- April 18-19 Invited Speaker, Lifeline Foundation Research Initiatives Conference, Bethesda, Maryland. Talk on “Definition of Problems: With Patients, With Grafts”.
- April 29 Invited Speaker, University of Arkansas for Medical Sciences, Little Rock, Arkansas. Talk on “A Ten Year Experience with Endovascular Grafting for Elective and Ruptured Aortoiliac Aneurysms”.
- May 6 Invited Speaker, The University of Pennsylvania Medical Center, 9th Annual Interventional Radiology and Vascular Imaging 2002, Philadelphia, Pennsylvania. Talks on 1) Carotid Bifurcation Stenting: Summary of Consensus Conference and Status of Cerebral Protection; 2) How Will AAA be Managed in 2005, and by Whom: My Opinion; 3) The MEGS Device in Management of Aortoiliac Aneurysms”.
- May 13 Invited Speaker, Northwestern University Medical School, Chicago. Talk on “Ten Year Experience with Endovascular Aortoiliac Aneurysm Repair, Including Treatment of Ruptured Aneurysms”.
- May 24 Invited Speaker, UT Southwestern Vascular and Endovascular Symposium, Dallas Texas. Talks on “Aortic Endografts for Ruptured Abdominal Aneurysms” and “Update: Consensus Conference on Carotid Stenting”
- June 9-12 Invited Speaker, 2002 Joint Annual Meeting SVS/AAVS, Boston, Massachusetts. Talk on “A Model for a Partnership and a Bond for Vascular Specialists” and “Which Patients Are Most Appropriate for EVAR: A Highly Selective Approach”.
- June 16-19 Invited Speaker, 9th International Workshop of Endovascular Surgery, Ajaccio. Talks on “Do You Need to Monitor Aneurysm Size and If So How?” and “Montefiore Experience Since 1994.”
- June 19-20 Invited Speaker, Endostim/Cardiostim 2002, Nice, France. Talk on “A Balanced View of the Future of Endovascular Aneurysm Repair”.
- June 20-22 Invited Speaker, MEET Carotid Artery Therapy Workshop, Marseille, France. Talks on “The 99' NYC Consensus on Carotid Stenting: An Overview” and “Is Age a Determining Factor for Indications?”
- July 4-7 Invited Speaker, The Tenth New Devices Seminar for Cardiac and Peripheral Vascular Laboratories, Orlando, Florida. Talks on “Carotid Stenting by Vascular Surgeons - How Much Training do Vascular Surgeons Need?” and “Graft Migration, Suture Disruption, Strut Fractures, Endoleaks: Time for a New Device?”
- Sept 21 Invited Speaker, Symposium on Carotid Occlusive Disease and Abdominal Aortic Aneurysm, Newark, New Jersey. Talks on “Overview of Managing AAA by Endografts: Which Device and Why?” and “New Horizons: Technical Considerations for Management of Ruptured AAA With Endografts”.
- Sept 27-28 Invited Speaker, TCT 2002, Washington, D.C. Talks on “Debate: Is the increasing usage of AAA graft a good thing? A note of caution based on 10 years experience” and “The Great Debate: Should carotid stenting be restricted to clinical trails? Carotid endarterectomy remains the gold standard”.
- Sept 29 Invited Speaker, 5th UCLA Symposium on Endovascular Surgery for the

Vascular Surgeon, Santa Monica, CA. Talk on “Endovascular Repair of Ruptured Abdominal Aortic Aneurysm”

- Sept 30 Invited Speaker, 20th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular Surgery, Santa Monica, CA. “Femoral-Popliteal-Tibial Occlusive Disease”.
- Oct 3 Invited Speaker, Austrian Vascular Society, Bad Ischl, Austria. Talk on “Eleven Year Experience With Endovascular Grafts for AAAs and Vascular Injuries”.
- Oct 5 Fourth Annual Advances in Understanding Aortic Diseases, San Francisco, CA. Talk on “The Primary Therapy for Ruptured abdominal Aortic Aneurysm is Endograft Placement - pro position”.
- Oct 18 Invited Speaker, 12th Annual Vascular/Endovascular Surgery Conference Charleston, WV. Talks on “Endovascular Aneurysm Repair Have we Gone Too Far and Too Fast” and “Endovascular Repair of Ruptured Aneurysms”
- Nov 7-9 Invited Speaker, VII Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on “A Balanced View of the Future of Endovascular AAA Repair Based on an Eleven-Year Experience”; “Endovascular Approaches to Ruptured Infrarenal Aortoiliac Aneurysms: An Eight Year Experience” and “The Nature and Significance of Endoleaks and Endotension: A Summary of an International Consensus Conference”
- Nov 21-24 Chairman, VEITH Symposium, New York. Talks on “Nonoperative Management of Some Large AAAs May Be Appropriate in Some High-Risk Patients”; “Update on the Endovascular Treatment of Ruptured AAA”; and “A Balanced View Regarding EVAR Based on Increasing Mid and Late Term Complications”.
- Dec 6 Invited Speaker, 30th Annual Vascular Surgery Seminar Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Update on Endovascular Grafts for Elective and Ruptured AAAs”.
- Dec 13 Invited Speaker, Vascular Surgery 2002, Chicago, Illinois. Talk on “Endovascular Repair of Ruptured AAA”.

Major Presentations, Lectures and Visiting Professorships - 2003

- Jan 17, Invited Speaker, Joint Annual Meeting of the Louisiana Chapter of the American College of Surgeons and the Surgical Association of Louisiana, January 18, 2003. Talks on “A Balanced View of Endovascular Aneurysm Repair” and “Use of Endovascular Grafts and Other Fluoroscopic Techniques in the Treatment of Ruptured AAA’s”
- Jan 22 Invited Speaker, 15th Annual International Symposium on Endovascular Therapy, Miami Beach, Florida. Talks on “Update on Experience with Endografts For Aortic Aneurysm Rupture” and “Consensus Report on Endoleaks”.
- Jan 31 - Feb 1 Invited Speaker, 7th International Symposium on Critical Issues in Endovascular Grafting, Groningen, The Netherlands. Talk on “Acute Aneurysm Stent-Grafting: Review of Worldwide Experience”.

- Feb 9 Invited Speaker, Gore Satellite Symposium, Scottsdale, Arizona. Talk on “Endotension Patients No Treatment At All?”
- Feb 9-12 Invited Speaker, Moderator, and Judge, 16th Annual International Congress XVI, Endovascular Interventions, Scottsdale, Arizona. Talk on “Endoluminal Grafting is the First Choice for all Ruptured Aneurysms”.
- March 8 Invited Distinguished Visiting Professor, 31st Annual Symposium on Vascular Surgery, Miami, Florida. Talk on “Where is Vascular Surgery Coming From and Where is it Going: A Call to Arms for Every Vascular Surgeon”.
- March 20 Invited Speaker, 4th Symposium on Recent Advances in Vascular Diseases, Maimonides Medical Center, Brooklyn, NY. Talk on “Endovascular Repair of Abdominal Aortic Aneurysms: A Balanced View”
- April 12-15 Invited Speaker, 25th Annual Charing Cross Symposium and Global Endovascular Forum, London, England. Talk on “Several Commercially Available Systems Render Emergency Aneurysm Repair An Option For At Least 50% of Ruptures”.
- April 24-25 Invited Speaker, Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Endovascular Repair of Aortic Aneurysms in Patients With Renal Insufficiency”.
- April 30 Invited Speaker, Western Vascular Society, Buffalo, New York. Talk on “Vascular Surgery: Won a Battle But Not Losing the War: A Call to Arms for Every Vascular Surgeon”.
- May 1 Invited Grand Rounds Speaker, University of Buffalo, Buffalo, New York. Talk on “A Balanced View of Endovascular Abdominal Aortic Aneurysm Repair”.
- May 2-3 Invited Speaker, Eastern Vascular Society Meeting, New York. Talk on “Aorto-Iliac Occlusive Disease”.
- May 9-10 Invited Speaker, Fifth Hawaii Vascular Symposium, Honolulu, Hawaii. Talks on “A Balanced View of Endovascular AAA Repair; “Endovascular Graft Treatment of Ruptured AAAs: How Can We Improve Outcome”; “Will Carotid Stenting Replace Endarterectomy”.
- May 15 Invited Speaker, International Endovascular Laparoscopic Congress, Quebec City. Talk on “Results of Endovascular Therapy in Various Segments of the Arterial Tree”.
- June 21-25 Invited Speaker, 10th International Workshop of Endovascular Surgery, Ajaccio. Talk on “Endovascular Repair of AAA”.
- June 25 Invited Speaker, MEET 2003, Marseille, France. Talks on “Carotid Endarterectomy Is Recommended For Patients At Low Risk”; “There Is Strong Evidence For the Efficacy of Cerebral Protection”; “Intracranial Lysis Is A Safe Procedure to Treat Cerebral Emboli”.

Major Presentations, Lectures and Visiting Professorships - 2003 (Continued)

- July 6 Invited Speaker, The Eleventh New Devices Seminar, Orlando, Florida. Talk on "Intro to AAA Stent Grafting. Are the Available Systems Significantly Different?"
- July 21 Invited Speaker, Endografts 2003 and Beyond, Park City, Utah. Talk on "Overview of the Important Issues for a Ruptured AAA Endograft Policy".
- Sept 4 Invited speaker, Great Lakes Endovascular Symposium, Dearborn, MI. Talk on "Endografting for Symptomatic and Ruptured AAA's".
- Sept 5 Invited Speaker, The Cleveland Clinic Aortic Summit: Debates in Aortic Diseases, Cleveland, Ohio. Talk on "Endovascular Approach Is the Only Way to Decrease Mortality".
- Sept 11-12 Invited Speaker, 12th Annual MIIT Interventional Radiology and Endovascular Therapy Seminar, Oak Brook, Illinois. Talks on "A Balanced View of Endovascular AAA Repair Based on a 12-Year Experience", "Staccato Growth of AAA: Management Implications", "Endovascular Treatment of Ruptured AAA: A Probable Better Way".
- Sept 15 Invited Speaker, TCT 2003, Washington, D.C. Talk on "Flash" Debate: Have AAA Endografts Passed the Clinical Test? No...Selective Use Until More Definitive Devices Have Proven Long-Term Durability.
- Oct 2 Invited Speaker, 21st Annual UCLA Symposium, Beverly Hills, California. Talk on Femoral-Popliteal-Tibial Occlusive Disease".
- Oct 4 Invited Speaker, 6th Annual UCLA Symposium on Endovascular Surgery for the Vascular Surgeon. Talk on "Endovascular Repair of the Ruptured Abdominal Aortic Aneurysm".
- Oct 8 Invited Speaker, Liverpool Endovascular Master Class, Liverpool, England. Talks on "How We Do It" and "Carotid Angioplasty: Is Cerebral Protection Necessary".
- Oct 17-18 Invited Speaker, 13th Annual Vascular/Endovascular Surgery Conference, Charleston, West Virginia. Talks on "Update on the Use of Endovascular Grafts for the Treatment of Ruptured Aortic Aneurysms" and "Update on Relative Safety of Unilateral and Bilateral Hypogastric Interruption in Association with EVAR and Open Aneurysm Repair".
- Oct 19-22 Invited Speaker, American College of Surgeons, Chicago, Illinois. Talk on "Con: Angioplasty and Stent of Infrainguinal Occlusion".
- Nov 6-8 Invited Speaker, Endovascular Therapies 2003, Pinehurst, North Carolina. Talks on "Aorto-Uni-Iliac Devices. Do They Have A Role?" and "Cerebral Protection Devices for Carotid Stenting. Necessity or Optional?".
- Nov 20-23 Chairman, VEITH Symposium, New York. Talks on "Staccato Growth of AAAs and Its Management Implications" and "Collected World Experience with Endograft Treatment of Ruptured AAAs and TAA"
- Nov 27 Invited Speaker, The Vascular Surgical Society of Great Britain and Ireland,

Glasgow, Scotland. Talk on “Management of Ruptured Aortic Aneurysms by Endografts”

Dec 5 Invited Speaker, USUHS and Chesapeake Vascular Society. Talk on “Update on Endovascular Aneurysm Repair”.

Major Presentations, Lectures and Visiting Professorships - 2004

January 19 Invited Speaker, Atlanta Vascular Society, Atlanta, Georgia. Talk on “Update on Role of Endovascular Grafts in the Treatment of Elective and Ruptured AAAs”.

Jan 24-26 Invited Speaker, Controversies and Update in Vascular and Cardiac Surgery, Paris. Talk on “Endovascular Treatment of Ruptured AAA: The Panaceum”.

Jan 28 Invited Speaker, International Symposium on Endovascular Therapy, Miami Beach, Florida. Talks on “Elevated Creatinine is Not A contraindication Using Standard Contrast Agents” and “Is Bilateral Hypogastric Artery Embolization Safe”.

Feb 8-12 Invited Speaker, 17th Annual International Congress XVII Endovascular Interventions, Scottsdale, Arizona. Talk on “Elevated Creatinine Levels Are Not a Contraindication to Endovascular Aneurysm Repair Using Standard Contrast Agents”.

Feb 27 Invited Speaker, 12th Annual Philadelphia Vascular Symposium, Philadelphia, PA. Talk on “Current Indications for Carotid Artery Balloon Angioplasty and Stenting”.

March 2-6 Invited Speaker, 3rd North American Winter Vascular Symposium, Snowmass, Colorado. Talks on “Visceral & Renal Aneurysms: Open vs.. Endovascular?” and “CEA: Is it Still the Gold Standard”.

March 7 Invited Speaker, Association of International Vascular Surgeons, Snowmass, Colorado. Talk on “A System to Decrease Vascular Surgery Length of Stay”.

March 10-13 Invited Speaker, 32nd Annual Symposium on Vascular Surgery, Rancho Mirage, California. Talk on “Update on the Use of Endovascular Grafts and Other Techniques in the Treatment of Ruptured Abdominal Aortic Aneurysms”.

March 18 Invited Speaker, The Vascular Institute of New York, Maimonides Medical Center, New York. Talk on “Update on the Use of Endovascular Grafts and Other Catheter Directed Techniques for the Treatment of Ruptured Aortic Aneurysm”.

March 21-25 Invited Speaker, 26th World Congress of the ISCVS, Maui, Hawaii. Talk on “Inaugural Haimovici Lecture”.

April 3 Invited Speaker, 2004 Charing Cross International Symposium, London. Talks on “Vein Patches and Cuffs Are A Waste of Time” and “Is a CT Scan Vital Before EVAR for Rupture”.

April 28-May2 Invited Speaker, Central European Vascular Forum Congress, Cavtat/Dubrovnik. Talk on “Update on the Use of Endovascular Grafts for Ruptured Abdominal Aortic Aneurysms”.

May 20 Invited Speaker, International Endovascular Laparoscopic Congress (IELC),

- Quebec City. Talks on “The Role of the New International Society for Vascular Surgery and “Endovascular Treatment of Ruptured Aortic Aneurysms”.
- June 10-13 Invited Speaker, MEET 2004, Cannes, France. Talks on “Is EVAR for Small Abdominal Aneurysms Justified?” and “Prevention, Incidence and Management of Complications After EVAR”.
- June 17 Invited Speaker, Live Symposium of Complex Coronary and Vascular Cases, New York. Talk on “Ruptured AAA”.
- June 21-23 Invited Speaker, 11th International Workshop of Endovascular Surgery, Ajaccio. Talks on “Common Iliac aneurysms: Is It Necessary to Preserve the Hypogastric?”, “Update of World Experience” and “Management of Renal Artery Aneurysms”.
- July 2 Invited Speaker, 12th Annual New Devices Seminar, Orlando Florida. Talk on “Update On Endovascular Graft Treatment of Ruptured AAA”.
- July 21-24 Invited Speaker, E2B2 Endografts 2004 and Beyond. Talk on “Endovascular Treatment of Ruptured AAA: What are the Determinants of Endovascular Results: Is type II Endoleak a Problem”.
- Aug 25-28 Invited Speaker, Atlantic Provinces Vascular Society, St. John’s Newfoundland. Talks on “An Update on Endovascular Repair of Elective and Ruptured Abdominal Aortic Aneurysms” and “Current Indications for Carotid Stenting and Carotid Endarterectomy: Is CEA Still the Gold Standard?”.
- Sept 23-24 Invited Speaker, Third Annual Pittsburgh Vascular Symposium, Pittsburgh, PA. Talk on “Endograft Treatment of Ruptured Aortic Aneurysms”.
- September 28-30 Invited speaker, Transcatheter Cardiovascular Therapeutics 2004, Washington, D.C. Talks on “Abdominal Aortic Aneurysms II: Surgical Outcomes, and Patient and Anatomical Considerations When Selecting Between Surgical and Endoluminal Reconstruction” and A Litany of Approaches to Infrapopliteal Disease and the Ischemic Limb: Role of Surgery.
- Oct 6-9 Invited Speaker, 22nd UCLA Symposium A Comprehensive Review and Update of What’s New In Vascular Surgery, Beverly Hills, California. Talks on “Femoral-Popliteal Tibial Occlusive Disease” and Endovascular Repair of the Ruptured Abdominal Aortic Aneurysm”
- Oct 10 Invited Speaker, 5th International Vascular and Endovascular course (IVEC), Milan, Italy. Talks on “Who Are the Lead Actors and Who the Characters on the Stage of Endovascular Repair: Can Guidelines Be Established to Define Who is Going to Play Which Role in Order to Avoid Turf Battles” and “The Role of the International Societies” and “Emergency EVAR of Ruptured AAAs: Personal Experience”
- Oct 13-16 Invited Speaker, The Liverpool Endovascular Masterclass, Liverpool, United Kingdom. Talks on “Accumulated World Experience”, “Case Presentation: Interventions I Regret and Lessons Learned”.

- Oct 23 Invited Speaker, 14th Annual Vascular/Endovascular Surgery Conference, Charleston, West Virginia. Talks on “Update on Endovascular Repair of Ruptured Abdominal Aortic Aneurysms” and “Nonoperative Management With Selected Delayed Repair For Some Large AAA’s in High Risk Patients With Unfavorable Anatomy”.
- Oct 28-29 Invited Speaker, Endovascular Controversies and Update Meeting, Barcelona, Spain. Talks on “The Role of Infrainguinal Angioplasty in the Critical Ischemia” and “The Role of the Stent in the Infrainguinal Area”.
- Oct 29 Invited Speaker, Endovascular Therapies Course 2004, Pinehurst, NC. Talks on Update on Endovascular Treatment for Ruptured AAAs and TAAs - Personal and World Experience” and “Small AAA - Should They Be Treated?”
- Nov 3-6 Invited Speaker, VIII Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on “Endovascular Treatment of Ruptured Abdominal and Thoracic Aortic Aneurysms: A Worldwide Experience”, “Vein Cuff and Patches and A-V Fistulas With PTFE Below-Knee Bypasses” and “The Role of the New International Society for Vascular Surgery”
- Nov 18-22 Chairman, Moderator, Speaker, VEITHsymposium 2004, New York. Talk on “Update on EVAR for Ruptured AAAs: The Collected World Experience”.
- Nov 22 Invited Speaker, Cook 2004 Endoluminaries Conference. Talk on “Present Status of Endovascular Repair of Ruptured Aortic Aneurysms”.
- Dec 3 Invited Speaker, 32nd Annual vascular surgery seminar and Meeting of The Society for Military Vascular Surgery, Bethesda, Maryland. Talk on “Update on Endovascular Aneurysm Repair”.
- Dec 9 Invited Speaker, Trends in Vascular Surgery 2004, Chicago, IL. Talk on “Modified Retroperitoneal Approach for Aortic Aneurysm Repair.
- Dec 13 Invited Grand Rounds Speaker, Winthrop Hospital, Talk on “Present Status of Endovascular AAA Repair Based on a 13-Year Experience”.

Major Presentations, Lectures and Visiting Professorships - 2005

- Jan 17 - 21 Invited Speaker, 17th Annual ISET Symposium, Miami, Florida. Talks on “Debate II: Endografts Are The First Line of Therapy for All Patients? (Con)”, “Staccato Growth of Aneurysms - Implications for AAA Repair”, “Global Registry on Ruptured Aneurysm Therapy”.
- Jan 21-22 Invited Speaker, Controversies and Update in Vascular Surgery, Paris, France. Talks on “What the World-Wide Experience With EVAR teaches us”.
- Feb 12-16 Invited Speaker, International Congress SVII on Endovascular Interventions, Scottsdale, Arizona. Talk on “Metamorphosis of Vascular Surgeons to Endovascular Specialists”.
- Feb 17-22 Invited Speaker, 4th North American Winter Vascular Symposium, Copper Mountain, Colorado. Talk on “All the Stuff About Patches, Cuffs and AV Fistulas to Improve Patency of PTFE Tibial Bypasses is Nonsense!” and “Debate (Pro) With Appropriate Anatomy, All AAA’s Should be Treated by

EVAR”.

- Feb 24 Invited Speaker, 13th Annual Philadelphia Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Treatment of Ruptured Aortic Aneurysms With Endografts”.
- March 2-4 Invited Speaker, EVC Congress 2005, Marseille, France. Talks on “The World Experience of EVAR for RAAA” and “Endoluminal Balloons”.
- March 24 Invited Speaker, 6th Annual Symposium on Recent Advances in Vascular Diseases, Maimonides Medical Center, Brooklyn, New York. Talk on “Staccato Growth of Aneurysms and Its Management Implications”.
- April 9-11 Invited Speaker, 27th Charing Cross International Symposium Vascular and Endovascular Challenges, London England. Talk on “Abdominal Aortic Aneurysm - Ruptured Endovascular Options”.
- April 13-16 Invited Honored Guest Speaker, International Vein Congress: In Office Techniques, Miami, Florida. Talk on “The Evolution of Treatment for Venous and Arterial Disease: What It Means to Our Future”.
- April 27-30 Invited Speaker, VI International Symposium on Endovascular Therapeutics, Barcelona, Spain. Talks on “Lessons Learned from Endovascular Repair of Ruptured AAA. Would a Randomized Trial be Necessary” and “Update on Clinical Trial Results on Endovascular AAA Repair”.
- May 16 Invited Speaker, Cardiothoracic Grand Rounds, Montefiore Medical Center. Talk on “Endovascular Stenting”.
- May 16 Invited Speaker, Department of Neurological Surgery, Talk on “A Vascular Surgeon’s View on Carotid Stenting”.
- May 31-June 1 Invited Speaker, Peripheral Vascular Disease Conference, Minneapolis, Minnesota. Talk on “Emerging Trends in Vascular Surgery”.
- June 10-12 Invited Speaker, Multidisciplinary European Endovascular Therapy Meeting, French Riviera, France. Talk on “Abdominal Aortic Endografting”.
- June 14-17 Speaker, SVS Vascular Annual Meeting, Hyatt Regency Chicago. Talks on “Should Small Aneurysms Be Treated With Endografts”, “Collected World Experience With Endovascular Graft Treatment of Ruptured Aortic Aneurysms”.
- June 26 Invited Speaker, 12th Ajaccio Workshop, Ajaccio. Talks on “Endovascular Repair of a Difficult Common Iliac Aneurysm” and “Closure Devices: Presentation: Experimental Data” and “Advantages and Disadvantages of Laparoscopic Handling of AAA relative to EVAR.
- July 1-2 Invited Speaker, 13th Annual Global Cardiovascular Interventions, New Devices Seminar, Orlando, Florida. Talk on “Carotid Endarterectomy: Surgery - Still the Most Desirable Option for the Majority of Patients”.
- Sept 28-Oct 2 Invited Speaker, 23rd Annual UCLA Symposium: A Comprehensive review and Update of What’s New In Vascular and Endovascular Surgery, Beverly Hills, California. Talks on “Infrainguinal Arterial Occlusive Disease” and “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm”,

- Oct 13-15 Invited Speaker, 6th International Vascular and Endovascular Course (IVEC), Milan, Italy. Talks on “Are We Witnessing the Fall of Vascular Surgery As A Specialty” and “Some Unknown Facts About the Natural History of Abdominal Aortic Aneurysms, Large and Small”.
- Oct 16-21 Invited Speaker, Transcatheter cardiovascular Therapeutics, Washington, DC. Talk on “Is There a Role for Endograft Treatment of Acute AAA Rupture?”
- Oct 21-22 Invited Speaker, 15th Annual Vascular/Endovascular Conference, Charleston Area Medical Center, Charleston, West Virginia. Talk on “Elevated Creatinine Should Not Be A Contraindication to EVAR If Certain Precautions Are Followed” and “Management Strategies, Adjuncts and Technical Tips to Facilitate Endovascular Treatment of Ruptured AAAs”.
- Oct 24 Invited Grand Rounds Speaker, Mt. Sinai Medical Center, New York. Talk on “Update on Single Institution and collected World Experience With Endovascular Treatment of Ruptured Aortic Aneurysms”.
- Oct 27 Invited Speaker, Endovascular Therapies Course 2005, Pinehurst, NC. Talks on “The Natural History of Aneurysmal Disease” and “Evidence and Justification for the Widespread Use of CAS”.
- Nov 3 Invited Speaker, San Antonio Vascular Surgical Society, San Antonio, Texas. Talks
“The Present Status of Endovascular Repair of Elective and Ruptured Aortic Aneurysms” and “The Past and Ongoing Struggles of the American Board of Vascular Surgery”.
- Nov 15-20 Symposium Chairman and Moderator, VEITH Symposium, New York, NY. Talk on “Update on Endovascular Repair of Ruptured aortic Aneurysms - Abdominal and Thoracic: The Collected World Experience”.
- Dec 9 - 10 Invited Keynote Speaker, International Endovascular Symposium 2005, Sydney, Australia. Talks on “Update on the Collected World Experience of Endografts Used to Treat Ruptured Abdominal and Thoracic Aortic Aneurysms”

Major Presentations, Lectures and Visiting Professorships - 2006

- Jan 26 - 28 Invited Speaker, 17th Annual ISET Symposium, Miami, Florida. Talk on “Management Strategies, Adjuncts and Technical Tips for Ruptured Aneurysms”.
- Jan 27-28 Invited Speaker, Controversies and Update in Vascular Surgery, Paris, France. Talk on “Ten Top Tips for Performing AAA Repair”.
- Feb 12-15 Invited Speaker, International Congress XVII on Endovascular Interventions, Phoenix, Arizona. Talk on “Protection and Management of Visceral Artery and Hypogastric Artery Disease AAAs That Are To Be Treated By EVAR.
- Feb 16 Invited Speaker, North American Winter Vascular Symposium. Talk on “Update on Endovascular Repair of Ruptured Aortic Aneurysms - Abdominal and thoracic: The collected world experience.
- Feb 17-27 Invited Speaker, New Zealand Society for Vascular Surgery, Wellington, New Zealand. Keynote Address on “Vascular Surgery Past, Present and Future” and “EVAR is Optimal for Ruptured AAA”.

- March 2-4 Invited Speaker, Total Endovascular Aorta I Symposium, Houston, Texas. Talk on “Management of the Ruptured Abdominal Aorta”.
- April 8-9 Invited Speaker, 28th Charing Cross International Symposium, London. Talk on “World Registry Update”.
- April 28-29 Invited Speaker, 7th Hawaii Vascular Scientific Symposium, Kapolei, Hawaii. Talks on “EVAR for Ruptured AAA, Review of Worldwide Experience” and “Some Little Known Facts About the Natural History of AAAs Large and Small”.
- May 4-5 Invited Speaker, Critical Issues in Endovascular Grafting, Liverpool, United Kingdom. Talk on “What Questions Have Not Been Answered by the EVAR Trials”
- May 11-13 Invited Speaker, European Vascular Course (EVC), Amsterdam. Talk on “Iliac Involvement in EVAR: Bellbottom or Hypogastric Sacrifice”.
- May 17-18 Invited Speaker, Euro PCR, Paris, France. Talk on “Endovascular Treatment of Ruptured AAA: The Best Indication For an Endograft.”
- May 23-24 Invited Visiting Professor, University of Pittsburgh Medical Center, Pittsburgh, PA. Talk on “Experience With and Technical Tips for the Endovascular Treatment of Ruptured AAAs”.
- May 30 - June 2 Invited Speaker, Endovascular Symposium at the Society for Vascular Surgery, Philadelphia, PA. Talk on “Gold on the Ground”.
- June 9-12 Invited Speaker, 16th Congress of the Mediterranean League of Angiology, Crete, Greece. Talk on “Endovascular Treatment of Ruptured AAA”.
- June 11-14 Invited Speaker, 12th Ajaccio Workshop, Ajaccio. Talk on “EVAR 2 Should Not Alter Clinical Practice”.
- June 15-17 Invited Speaker, MEET 2006, Cannes, France. Talks on “Adjuncts and Technical Tips to Facilitate Endovascular Treatment of Ruptured AAAs” and “AAA Endografting With Datascope Device”.
- June 24-27 Invited Speaker, XXII World Congress IUA, Lisbon, Portugal. Talk on “Ruptured AAA: Is Endovascular Repair an Alternative”.
- July 3-4 Invited Speaker, Fourteenth Annual Global Cardiovascular Interventions, New Devices Seminar, Orlando, Florida. Talk on “Which Aneurysm Should Be Treated and By What Methods”.
- Sept 5-8 Invited Speaker, 22nd Congress of the German Society of Vascular Surgery Meeting, Mulheim, Germany. Talk on “ The New York and World Experience With EVAR for Ruptured AAAs: Technical Tips to Achieve Optimal Results”.
- Sept 19 Invited Speaker, Peripheral Vascular Disease, Management for the Primary Care Provider, New York Hospital Queens. Talk on “Endovascular Management of Ruptured Aortic Aneurysms”.

- Oct 1-5 Invited Speaker, UCLA Symposium: A Comprehensive Review and Update of What's New in Vascular and Endovascular Surgery, Beverly Hills, CA. Talks on "Infringuinal Arterial Occlusive Disease" and "Surgical and Endovascular Grafting and Their Management".
- Oct 11 Invited Grand Rounds Speaker, St. Raphael Medical Center, New Haven, Connecticut. Talk on "Endovascular Treatment of Ruptured Aortic Aneurysms"
- Oct 10 Invited Speaker, The New York Ace Meeting, New York, NY. Talk on "Long-Term Results of EVAR: Do the Randomized Trials Change Anything?".
- Oct 1 Invited Speaker, 7th International and Endovascular Course (IVEC): Emerging Technologies, New Achievements and Future Perspectives in Endovascular Interventions, Milan, Italy. Talks on "Elevated Creatinine Should Not Be a Contraindication to EVAR If Certain Precautions Are Followed", "Management Strategies, Adjuncts and Technical Tips to Facilitate Endovascular Treatment of Ruptured AAAs", and "Update on the Collected World Experience With Ruptured AAAs and TAAs".
- Oct 20 Invited Speaker, 16th Annual Vascular/Endovascular Surgery Conference, Charleston, West Virginia. Talks on "What Will The Impact of Endovascular Treatments on the Practice of Vascular Surgery and What Will Be the Role for Open Vascular Procedures?" and "How to Get Improved Survival By Using Endovascular Techniques and Grafts to Treat Ruptured AAAs.
- Oct 26 Invited Speaker, Transcatheter Cardiovascular Therapeutics (TCT), Washington, D.C. Talk on "Endograft Treatment of Ruptured Thoracic and Abdominal Aortic Aneurysms".
- Oct 26-28 Invited Speaker, Endovascular Therapies Course 2006: Management Strategies for Vascular Patients, Pinehurst, North Carolina. Talks on "EVAR II Is Level I Evidence, But is Misleading: EVAR Is Indicated in Most High Risk Patients With AAA" and "Current Indications for Carotid Intervention and Are Protection Really Necessary".
- Oct 31-Nov 4 Invited Speaker, IX Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on "Management Strategies, Adjuncts and Technical Tips to Facilitate Endovascular Treatment of Ruptured AAAs", "Fluoroscopy and Endovascular Adjuncts to Simplify and Improve the Management of Failed PTFE Lower Extremity Bypasses", "The Survivor of the Vascular Surgery: The Role of the International Society of Vascular Surgery".
- Dec 1 Invited Speaker (Carl W. Hughes Distinguished Vascular Lecture), Uniformed Services University of the Health Sciences, Bethesda, Maryland. Talk on "Technical Tips, Adjuncts and Strategies to Improve Results With the Endovascular Treatment of Ruptured AAAs: An Explanation for the Variable Results With EVAR in this Setting".
- Dec 12 Invited Speaker, Newark Beth Israel Second Annual Parsonnet Visiting Lectureship in Surgery, Newark, NJ. Talk on "Management Strategies, Adjuncts and Technical Tips to Facilitate Endovascular Treatment of Ruptured AAAs".
- Dec 14-15 Invited Speaker, Northwestern University, Trends in Vascular Surgery: New Technologies in Vascular Surgery, Chicago, Illinois. Talk on "Results of Global Registry on the Use of Endovascular Grafts in Ruptured Aortic Aneurysms".

Major Presentations, Lectures and Visiting Professorships - 2007

- Jan 19-20 Invited Speaker, Controversies and Updates in Vascular Surgery, Paris, France. Talk on “A Solution for Angulated Necks and Other Uses: A Balloon Expandable Aortounifemoral Endograft”.
- Feb 12-14 Invited Speaker, International Congress XVII on Endovascular Interventions, Scottsdale, Arizona. Talk on “Flaws in the EVAR II Trial: EVAR Is Still Indicated and Justified in High-Risk Patients”
- Feb 15-17 Invited Speaker, North American Vascular Society Meeting, Snowmass, Colorado. Talk on “What Will the Impact of Endovascular Treatments on the Practice of Vascular Surgery and What Will be the Role for Open Vascular Procedures?”
- March 1-3 Invited Speaker, Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Endovascular Aortic Repair Should Be the Gold Standard for Ruptured AAAs - And all Vascular Surgeons Should be Prepared To Do Them”
- March 9-10 Invited Speaker, Total Endovascular Carotid I Symposium, Houston, Texas. Talk on “Ex Vivo Model for Evaluating: 1) The Embolic Potential of Carotid Stenting and 2) Methods to Protect the Brain from Particulate Material Generated”.
- March 11-14 Invited Speaker, Surgical and Radiological Endovascular Symposium (SRES), Salvador de Bahia, Brazil. Talk on “The Role of Aorto-uniiliac Graft for EVAR in 2007: Why Should We Consider It?”
- April 13-17 Invited Speaker, More Vascular and Endovascular Controversies, Charing Cross International Symposium, London. Talks on “Explanation for Variable Results of EVAR for Ruptured Abdominal Aortic Aneurysms”.
- April 19-21 Invited Speaker, Concepts in Contemporary Cardiovascular Medicine, Houston, Texas. Talk on “No, The Latest Clinical Trials Revealed that Endoluminal AAA Repair Is a Failed Experiment!”.
- April 27-28 Invited Speaker, CICE - Endovascular Surgery Specializing Course, Sao Paulo, Brazil. Talks on “Update on the Collected World Experience with Ruptured AAA”, “Detection and Management of Visceral Artery and Hypogastric Artery Disease in AAA Patients to be Treated with EVAR”, and “Flaws in the EVAR II Trial: EVAR Is Still Indicated and Justified in High Risk AAA Patients”.
- May 2-6 Invited Speaker, 7th International Symposium on Endovascular Therapeutics (SITE 2007) Barcelona, Spain. Talks on “USA Reactions”, “Updated World Experience on EVAR for Ruptured AAA” and “Evolution of Vascular Surgeons to Vascular Specialists: Toward a New Era”.
- May 23-24 Invited Speaker, EuroPCR 2007, Barcelona, Spain. Talk on “Endovascular Repair of Ruptured AAA: The Best Indication for Endovascular AAA Treatment”.
- June 11-15 Invited Speaker, Multidisciplinary European Endovascular Therapy (MEET) meeting, Cannes, French Riviera. Talk on “Flaws in the EVAR II Trial: EVAR Is Still Indicated and Justified in High-Risk Patients”

- June 24-27 Invited Speaker, 14th International Workshop on Endovascular Surgery, Ajaccio. Talks on “Update on World Registry: Explanation of Variable Results”
- June 30 - July 2 Invited Speaker, 15 Anniversary of the New Devices Seminar, Orlando, Florida. Talks on “Surgical Management of Complications from Endovascular Procedures”, “Case Review from Faculty”, and “Endovascular Repair for Ruptured Aortic Aneurysms”.
- Sept 18 Invited Speaker, Hackensack Medical Center, Hackensack, NJ. Talk on “Endovascular Treatment of Ruptured Aneurysms”
- Oct 2 Invited Speaker, The 2nd Annual Symposium: Vascular Disease in Primary Care, New York Hospital Queens, New York. Talk on “Long Term Results With EVAR: Have the Randomized Trials Changed Anything”.
- Oct 3-4 Invited Speaker, 25th UCLA Symposium: A Comprehensive Review and Update of What’s New In Vascular and Endovascular Surgery. Talks on “Infringuinal Arterial Occlusive Disease” and “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysms”.
- Oct 8 Invited Speaker, New York ACE 2007, New York, NY. Talk on “Is Contrast CT Necessary in Follow-up EVAR”
- Oct 10 Invited Video Presenter, American College of Surgeons, New Orleans, Louisiana. Video on “Treatment of Ruptured Abdominal Aortic Aneurysms”.
- Oct 13-17 Invited Speaker, International Vascular and Endovascular Course and 1st European Congress of the International Society for Vascular Surgery, Milan, Italy. The Edmondo Malan Lecture on “Charles Darwin and the Evolution of Vascular Surgery”.
- Oct 19 Invited Speaker, 17th Annual Vascular and Endovascular Surgery Conference, Robert C. Byrd Health Sciences Center of West Virginia University, Charleston, West Virginia. Talks on “Long-Term Results With EVAR: Have Randomized Trials Changed Anything” and “Detection and Management of Visceral Artery and Hypogastric Artery Disease in AAA Patients to be Treated With EVAR”.
- Oct 25-27 Invited Speaker, Endovascular Therapies 2007, Pinehurst, North Carolina. Talks on “Why Medical Management Should be Included in Carotid Disease Trial Designs” and “Surgical Adjuvants for the Lower Extremity Procedures Are Nonsense”.
- Nov 1-3 Invited Speaker, 1st Endovascular Panamerican Congress (Endopan) Meeting, Rio de Janeiro, Brazil. Talks on 1) “Why We Need Trials Comparing Carotid Stenting With Best Current Medical Therapy: The Most Important Question About Managing Carotid Plaques”, 2) Flaws in the EVAR II Trial: EVAR Is Still Indicated and Justified in High Risk AAA Patients?”, 3) Balloon Expandable Aorto-Unifemoral Endograft: Solution for Angulated Necks and Other Problems”, 4) “Safety of Bilateral Hypogastric Artery Interruption When

Necessary” and 5)

“Level I Evidence: Is It a Great Boon to Medical Practice or a Misleading Waste”?

Nov 13-18 Chairman, VEITHsymposium 2007, New York, New York. Talk on “EVAR Should Be the Gold Standard for Treatment of Ruptured AAAs: All Vascular Surgeons Should Be Prepared to Do It and Do It Right”.

Nov 29 Invited Speaker, Society for Military Vascular Surgery and Chesapeake Vascular Society Scientific Meetings, Bethesda, Maryland. Talk on “Why Results With EVAR for ruptured AAAs Vary; Technical Strategies and Adjuncts Make A Difference”.

Major Presentations, Lectures and Visiting Professorships - 2008

Jan 18-19 Invited Honored Speaker, Controversies and Updates in Vascular Surgery, Paris, France. Talk on “Impact of Endovascular Treatments on the Surgical Practice: What Will Be the Place of Open Surgery in 5 Years”?

Jan 20-23 Invited Speaker, ISET Meeting, Hollywood, Florida. Talk on “Is Level 1 Evidence Necessary Medical Decision Making” and “In Favor of the Proposition”.

Jan 23-26 Invited Speaker, LINC Meeting, Leipzig. Talks on “Small Bowel Infarction After EVAR of an Infraarenal Aortic Aneurysm” and “Magistral Lecture on What Is Established and What Will Be the Future of Endovascular Therapy”.

Feb 7 Invited Grand Rounds Speaker, Stamford Hospital, Stamford, Connecticut. Talk on “Repair of Ruptured Abdominal Aortic Aneurysms”.

Feb 10-14 Invited Speaker, International Congress XXI on Endovascular Interventions, Scottsdale, Arizona. Talk on “Present Level 1 Evidence: A Great Boon to Medical Practice or a Misleading Waste”.

March 13-15 Invited Speaker, Total Endovascular Series Lower Extremity 1 Symposium, Houston, Texas. Talk on “Use of Endovascular Techniques to Improve the Management of Failed Lower Extremity Prosthetic Bypasses”.

March 5-8 Invited Speaker, Society for Clinical Vascular Surgery 36th Annual Symposium. Case Report on “A Difficult Case for EVAR Results In Vexing Complications” and “Why the Primary Certificate Is a Good Thing But Not Enough”.

March 19-20 Invited Speaker, 2008 Pacific Norwest Endovascular Conference, Tacoma, Washington. Talks on “Asymptomatic Carotid Artery Stenosis: Medical Management is the Best (Frank Veith) vs Mechanical Repair is the Best (Peter Schneider)” and “Endovascular Management of Ruptured AAA”.

March 23-26 Invited Speaker, Neuro-Radiological Endovascular Symposium, Tulum, Mexico. Talks on “Carotid Stenosis Evaluation 20 Years After NASCET Trial” and “EVAR: How to Manage the Upper Challenging Neck”.

April 7-9 Invited Speaker, Concepts in Contemporary Cardiovascular Medicine, Houston, Texas. Talks on “Impact of Endovascular Treatments on the Practice of Vascular Surgery: What Will The Role of Open Vascular Procedures Be In 2010?” and “Why We Need Trials Comparing CAS With Best Current Medical Therapy: The

Most Important Question About Managing Carotid Plaques”.

- April 11 Invited Speaker, 16th Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Technical Tips for Endovascular Aortic Repair of Ruptured AAAs”.
- April 12-14 Invited Speaker, Charing Cross International Symposium 2008, London. Talks on “Femoropopliteal reconstruction: The Best of VEITHsymposium 2007” and “Balloon Expandable Aorto-Unifemoral Endograft: Solution for Angulated Necks and Other Problems”.
- April 23-26 Invited Speaker, CICE 2008, Sao Paulo, Brazil. Talks on “The Vascular Surgeon Stand Point of View”, “Why Results With EVAR for Ruptured AAAs Vary: Technical Factors Make A Difference” and “Is Unilateral and Bilateral Hypogastric Interruption Safe During EVAR?”
- May 7-10 Invited Honored Speaker, Chilean Vascular Society, Santiago, Chile. Talks on 1) Balloon Expandable Aorto-Unifemoral Endograft: Solution for Angulated Necks and Other Problems”, 2) Detection and Management of Visceral Artery and Hypogastric Artery Disease in AAA Patients to be Treated With EVAR”, 3) Is Unilateral and Bilateral Hypogastric Interruption Safe During EVAR?”, 4) The Present Role of CAS and CEA: What We Know, What We Do Not Know, and What We Need to Know” and 5) “Fluoroscopy and Endovascular Adjuncts to Improve the Management of Failed PTFE Grafts”.
- May 12-15 Invited Speaker, EuroPCR08, Barcelona, Spain. Talks on “From Trials to Daily Practice: What Have We Learned So Far? The Surgeon’s Perspective” and “Unrecognized Visceral Artery Disease Complicating EVAR”. Case Presentation on “Difficult 9 cm Iliac Aneurysm in a Fat Inoperable (Open) Patient With Difficult Iliac v Anatomy: A Creative Solution to the Problem”.
- May 20 Invited Walsh Lectureship, Washington, D.C. Talk on “Endovascular Management of Ruptured AAAs: Is it the Best Way?”
- May 29-30 Invited Speaker, 6th Western WVI Symposium, Ballybrit, Galway, Ireland. Talks on “Vascular Surgery Independence: We Have More In Common in Cardiologist, Cardiac Surgeons and Interventionalists. Our Differences With General Surgery Are Too Great to Sustain a Meaningful Relationship”, EVAR Should Be the Gold Standard for Treatment of Ruptured AAAs: All Vascular Surgeons Should Be Prepared to Do It and Do It Right”.
- June 8 Invited Speaker, Capital Cardiovascular Conference (C3), Baltimore, Maryland. Talk on “EVAR for AAA: Has it Stood the Test of Time?”
- June 22-25 Invited Speaker, 15th International Workshop of Endovascular Surgery, Ajaccio, France. Talks on “Avoiding Mesenteric Ischemia When Performing EVAR in a Patient With Visceral Artery Disease” and “A Difficult Iliac Aneurysm in an Inoperable Patient With Marked Iliac Tortuosity”.
- June 26-29 Invited Speaker, MEET 2008, Cannes, France. Talks on “EVAR for Ruptured AAA: Clearly a Good Idea - So, Why Is There Controversy”, “Why I Think That Only Symptomatic Patients Must Be Treated?” and “Why I Don’t Do Carotid Stenting in Octogenarians”.
- July 2-5 Invited Speaker, Critical Issues 2008, Cologne, Germany. Talk on “A Single

Center and Collected World Experience With Endovascular Treatment of Ruptured Aneurysms: What Strategies and Techniques Make It Work Better??"

- July 3-5 Invited Speaker, 12th International Symposium on Critical Issues in Endovascular Stent Grafting, Cologne. Talk on "Collected World Experience With Endovascular Treatment of Ruptured Aneurysms: What Strategies and Techniques Make it Work Better?"
- Aug 13 Visiting Professor, The University of Arizona, Tucson, Arizona. Talk on "Endovascular Treatment of Ruptured AAAs: Evolution and Present Status".
- Sept 5-6 Invited Speaker, 26th Annual UCLA Vascular Surgery Symposium, Beverly Hills, California. Talks on "Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm" and "Infringuinal Arterial Occlusive Disease: Surgical Management".
- October 3 Invited Honorary Chair Lecturer, Pittsburgh Vascular Symposium, Pittsburgh, Pennsylvania. Talk on "Endovascular AAA Repair: What Has Changed in the Last 15 Years?"
- Oct 7-10 Invited Speaker, International Vascular Endovascular Course (IVEC) and Life Case Reviews and Workshop on: Emerging Technologies, New Achievements and Future Perspectives in Endovascular Interventions in Conjunction With ISVS", Milan, Italy.
Talks on 1) "Is Carotid Screening Necessary or Overvalued?", 2) "Level 1 Evidence: Is It a Boon to Medical Practice or a Misleading Waste or Both?", 3) "Technical Tips for Supraceliac Balloon Occlusion With EVAR for Ruptured AAAs, 4) "Why Results With Endovascular Treatment of Ruptured AAAs Vary: Do We Need a Randomized Controlled Comparison of EVAR and Open Repair: Technical Factors and Adjuncts Make a Difference.", and 5) "Long-Term Results With EVAR: What Have the Randomized Trials Changed and What Should They Not Change?"
- Oct 18 Invited Speaker, 17th Annual Vascular/Endovascular Surgery Conference, Charleston Area Medical Center, Charleston, West Virginia. Talks on "Fluoroscopy and Endovascular Adjuncts to Improve the Management of Failed PTFE Lower Extremity Bypasses" and "Role of CAS and CEA in 2008: What We Know, Don't Know, and Need to Know".
- Oct 21 Invited Honored Speaker, Center for Vascular Awareness, Albany, New York. Talk on "Infringuinal Occlusive Disease".
- Oct 21 Invited Speaker, The 3rd Annual Symposium: Vascular Disease in Primary Care, New York Hospital Queens, Flushing, New York. Talk on "How Do NASCET and Other Landmark Trials Relate to Asymptomatic and Symptomatic Carotid Stenosis in 2008: What is the Basis for Carotid Stenting and What is the Role of Best Medical Treatment?"
- Oct 24 Invited Speaker, Endovascular Therapies 2008, Pinehurst, North Carolina. Talks on "Clinical Trial Updates" and "Management of Concomitant Visceral Atherosclerotic Disease".
- Oct 28-Nov1 Invited Speaker, X Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on "Role of Aortounilateral/femoral Endografts for AAA in 2008: When Should We Consider Them?", Detection and Management of Visceral and hypogastric Artery Disease With AAA Patients

About to Undergo EVAR: Why Is It So Important and What Should We Do About It?" and "The Ideal Training Paradigm for the Modern Vascular Surgeon: Is the Status Quo Acceptable"

- Nov 4-5 Invited Honored Speaker, The Mexican Society for Vascular Surgery, Los Cabos, B.C.S., Talk on "Endovascular Treatment of Ruptured AAAs: Background and Present Status".
- Nov 19-23 Chairman 35th Annual VEITH Symposium, New York, NY.
- Dec 4-5 Invited Speaker, 36th Annual Vascular Surgery Seminar and Meetings of the Society for Military Vascular Surgery and Chesapeake Vascular Society, Bethesda, Maryland. Talk on "Why Only Asymptomatic Patients With Carotid Stenosis Should Be Treated".
- Dec 8-14 Invited Speaker, 2008 New Horizons in Cardiovascular Treatment Symposium, Shanghai, China. Talks on "Endovascular Management of Ruptured Infrarenal Aortic Aneurysm" and "The Management of Asymptomatic Carotid Stenosis".

Major Presentations, Lectures and Visiting Professorships - 2009

- Jan 14-17 Invited Speaker, LINC meeting, Leipzig. Talk on "The Evolution of Revascularization Strategies for Critical Limb Ischemia".
- Jan 18-22 Invited Speaker, The International Symposium on Endovascular Therapy, Hollywood, Florida. Talk on "Why Results of EVAR for Ruptured AAA Vary: Techniques and Strategies that Make a Difference".
- Jan 28-31 Invited Speaker, Controversies and Updates in Vascular Surgery, Paris, France. Talk on "Success and Leadership In Vascular Surgery: What is the Right Stuff".
- Feb 7-11 Invited Speaker, International Congress XXII (ISES), Scottsdale, Arizona. Talk on "Don't Stent". Medical Treatment Is Better for Most Asymptomatic Patients with Carotid Stenosis".
- Feb 18-22 Invited Speaker, The Sanctuary of Endovascular Therapy, Kiawah Island, South Carolina. Talk on "EVAR for Ruptured AAA".
- March 16-20 Invited Speaker, Endovascular Therapy International, Genoa, Italy. Talk on "Treatment of Peripheral Artery Disease: A Glimpse Into the Future".
- March 25-26 Invited Speaker, 2009 Pacific Northwest Endovascular Conference, Tacoma, Washington. Talks on "Vascular Surgery: Where We Came From and Where Are We Going" and "Carotid Artery Stenting - More Trials Are The Answer".
- March 27 Invited Speaker, The Houston Aortic Symposium: Frontiers in Cardiovascular Disease, The Second in the Series, Houston, Texas. Talk on "EVAR for Ruptured AAA".
- April 4-6 Invited Speaker, Charing Cross Symposium on Vascular and Endovascular Controversies Update, London, United Kingdom. Talks on "Debate: Surgery Is a Minor Part of Vascular Disease Management - Against The Motion" and "Lower Limb Endovascular Options and Leading Edge Peripheral Techniques".
- April 14 Invited Speaker, Concepts in Contemporary Cardiovascular Medicine (CCC 2009), Houston, Texas. Talk on "Who Are the Candidates for Endovascular Repair of Ruptured Aortic Aneurysms?"

- April 17 Invited Speaker, European Surgical Association. Talk on “Single Center and Collected World Experience with Endovascular Treatment of Ruptured Abdominal Aortic Aneurysms”.
- April 22-25 Invited Speaker, CICE 2009, Sao Paulo Brazil. Talks on “The Evolution of Revascularization Strategies for Critical Limb Ischemia in Diabetic Patients”, “Technical Tips on How to Manage Challenging Upper Neck in EVAR”, “All Patients Should Have An Attempt at Endovascular Therapy Prior to Open Surgery” and “Role of CAS in 2009: What We Know, Don’t Know and Need to Know”.
- April 29-May2 Invited Speaker, ESCVS International Congress, Warsaw, Poland. Talk on “The Future of Vascular Surgery”
- May 6-9 Invited Speaker, 8th International Symposium on Endovascular Therapeutics (SITE 2009), Barcelona, Spain. Talks on “Update on a Single Center and Collected World Experience With EVAR in Ruptured AAA” and “We Still Need a Multicenter Randomized Trial on Acute EVAR”.
- May 14 Invited Speaker, 17th Annual Pennsylvania Vascular Symposium, Philadelphia, PA. Talks on “Internal Iliac Artery Revascularization During EVAR: When Is It Necessary and Techniques to Do It” and “Update of the Role of EVAR for ruptured AAAs”.
- May 19-20 Invited Speaker, EuroPCR09, Barcelona, Spain. Talk on “The Surgical Bypass Standard of Care. Good Results at a Steep Price”.
- May 20 Invited Speaker, 7th Annual WVI Symposium, New Horizons in Vascular & Endovascular Therapy, Galway, Ireland. Talks on “13 Year Experience With Bilateral Hypogastric Interruption: When Is It Safe and When Not During EVAR: A Multicenter Study in 135 Patients” and “Update and New Findings From the RESILIENT Trial Comparing the (Bard) LifeStent with POBA: Is the Improvement With Stenting Durable Beyond 1 Year”.
- June 2-6 Invited Speaker, Critical Issues in Endovascular Treatment and More., Assisi, Italy. Talk on “Overtreatment is the reason why CAS is spreading”.
- June 14-17 Invited Speaker, C3- Capital Cardiovascular Conference, Baltimore, Maryland. Talks on “Crossfire 2 Debates: Long SFA Occlusive Disease is Better Treated with Surgery - Pro” and “Imaging and Endovascular Options for Ruptured AAA”.
- June 18-21 Invited Speaker - MEET - Multidisciplinary European Endovascular Therapy Symposium, Cannes, French Riviera. Talks on 1) “EVAR Technologies: Unmet Needs and a Future Perspective”, 2) “Crural Vein Bypass for Critical Ischemia”, 3) Medical Treatment is Better than Carotid Artery Stenting for Most Asymptomatic Patients With Carotid Stenosis - Pro”, and 4) “The Best of the VEITH Symposium”.
- June 21-24 Invited Speaker, 16th International Workshop on Endovascular Surgery, Ajaccio. Talks on “Type II Endoleaks Can be Prevented by Preoperative Embolization” and “You Do Not Need Level 1 Evidence to Practice Good Medicine”.
- July 2-3 Invited Speaker, BSET Meeting, Wellesbourne, Warwickshire, United Kingdom. Talks on “Should Vascular Surgery Be a Mono-Specialty” and “Top Ten Tips For Ruptured Aneurysms”.

- July 15 Invited Grand Rounds Speaker, Iowa Methodist Medical Center, Des Moines, Iowa. Grand Rounds Presentation on “The Present Status of EVAR and Other Endovascular Techniques for Ruptured AAAs”
- July 22 Invited Grand Rounds Speaker, Scott & White Memorial Hospital and the Central Valley Veterans Health Care System, Austin, Texas. Talk on “Endovascular Treatment of Ruptured Abdominal Aortic Aneurysm”.
- Aug 19-23 Invited Speaker, Russian Vascular Surgery and Angiology Meeting, Tumen and Tobolsk, Russia. Talk on “The AUF/AUI Endograft and Its Present Role in EVAR” and “The Present Status of EVAR for Ruptured AAAs: Including the Collected World Experience”.
- Aug 30-Sept 2 Invited Speaker, Global Endovascular Complications: A Multidisciplinary Peer Review Seminar, Teton Village, Wyoming. Presentation on case complications.
- Sept 15 Invited Speaker, The Heart Hospital, Baylor Plano, Plano, Texas. Talk on “The Present Status of Endovascular Treatment for Ruptured Abdominal Aortic Aneurysms”.
- Sept 24 Invited Speaker, Diabetic Limb Salvage Conference, Georgetown University Hospital, Washington, D.C. Talk on “Evolution of Treatment Options for Critical Limb Ischemia”.
- Sept 27 Invited Speaker, SICVE Congress, Milan, Italy. Talk on “All Broken Aneurysm Can Be Treated by EVAR”.
- Oct 1-4 Invited Speaker, Vascular 2009 - Innovation in Intervention, Sydney, Australia. Talks on 1) “Debate: Do We Need a Randomized Trial To Validate the Use of EVAR for Ruptured AAA”, 2) “Collected World Experience With Endovascular Treatment of Ruptured Aortic Aneurysms”, 3) The Future of Vascular Specialists: Evolution, Collaboration and the Concept of the Complete Vascular Specialist: The Justin Miller Oration”, 4) Why Medical Treatment Might Be Better Than CEA or CAS for Most Patients With Asymptomatic Carotid Stenosis”; and 5) “Debate: Most Asymptomatic Carotid Stenoses Should be Treated Medically and the Only Reason for Carotid Screening Is To Pick Up Patients Who Should Be On Intensive Statins and Other Lipid Modifying Drugs: For Frank Veith”.
- Oct 6 Invited Speaker, New York Hospital Queens 4th Annual Symposium: Vascular Disease in Primary Care, Queens, New York. Talk on “Three-Decade Perspective on Treatment of Lower Limb Ischemia: What Does the Future Hold?”
- Oct 7 Invited Speaker, Annual Congress SMACV 2009, Leon, Guanajuato, Mexico. Talks on “Don’t Stent: Medical Treatment Is Better than CAS and CEA for Most Patients With Asymptomatic Carotid Stenosis”, “New Developments and Present Status in EVAR for Ruptured AAAs and “Treatment of Lower Extremity Arterial Disease Is Changing: A Glimpse At the Future”.
- Oct 13-17 Invited Speaker, 10th Annual Congress of Asian Society for Vascular Surgery (ASVS) Meeting, Busan Korea. Talks on “Present Status of EVAR for Ruptured AAAs”, “Endovascular Options in Vascular Surgery”, and “Future Direction of Vascular Surgery With Progression of Endovascular Techniques”.
- Oct 23-24 Invited Speaker, Adriatic Vascular Summit 2009, Ljubljana, Slovenia. Talks on “History and Evolution of Treatment of PVD of the Lower Extremity” and “Ruptured AAA - EVAR or Surgery”.

- Oct 19 Invited Speaker, VIVA 09, Las Vegas, Nevada. Talk on “How Will True Percutaneous Delivery of AAA Stent Grafts Change the Landscape”.
- Oct 29-30 Invited Speaker, 10th International Vascular and Endovascular Course, IVEC, Milan, Italy. Talks on “What Motivates Other Than Patients Benefit Prompt Us As Vascular Surgeons and Interventionalists to Perform Procedures?”, “Technical Tips for Supraceliac Balloon Occlusion With EVAR for RAAAs”, “Collected World and Single Center Experience With EVAR for RAAAs through 2009” and “Why Medical Treatment Is Better Than CAS and CEA for Most Patients With Asymptomatic Carotid Stenosis: 2009 Update Based On Recent Trial Results”.
- Oct 31 Invited Speaker, London Cardiovascular Symposium, London, England. Talks on “Endovascular Is The Way to Go for Ruptured TAA As It Is for Ruptured AAA”
- Nov 4-11 Invited Speaker, Endopan Conference, Rio de Janeiro, Brazil. Talks on “Stenting Should Not Be Done for Asymptomatic Carotid Lesions, Period”, “Detection and Management of Visceral Artery Disease in Patients About to Undergo EVAR”, “What Motivates Other Than Patient Benefit Prompt Us As Vascular Surgeons and Interventionalists To Perform Procedures” “Lower Limb Treatment Options and Leading Edge Peripheral Techniques: Past, Present and Future”.
- Nov 18-22 Chairman and Speaker, VEITHsymposium, New York, NY. Talks on “Technique for Continuous Supraceliac Balloon Aortic Control With Ruptured AAAs and Hemodynamic Collapse (video presentation)”, “Updated (2009) World Experience with EVAR for Ruptured AAAs: The Case That EVAR is Better If The Anatomy is Favorable”.
- Dec 4 Invited Speaker, 37th Annual Vascular Surgery Seminar and Meetings of the Society for Military Vascular Surgery & Chesapeake Vascular Society, Bethesda, Maryland. Talk on “ Updated (2009) World Experience with EVAR for Ruptured AAAs: The case that EVAR is Better if the Anatomy is Favorable”.

Major Presentations, Lectures and Visiting Professorships - 2010

- Jan 17-21 Invited Speaker, 22nd Annual ISET Meeting, Hollywood, Florida. Talks on “Endovascular Repair For Ruptured Abdominal Aortic Aneurysms” and “Hypogastric Artery Embolization for EVAR: How Safe Is It?”
- Jan 21-23 Invited Speaker, CACVS 2010, Paris, France. Talk on “Controversy: Ruptured Aneurysms: A Randomized Study Is Not Necessary - For the Motion”.
- Feb 18-20 Invited Speaker, The Annual Sanctuary of Endovascular Therapy, Kiawah, South Carolina. Talks on “EVAR Technologies 2010: Unmet Needs and Future Perspectives” and “Follow-up Protocols After EVAR”.
- Feb 21 Invited Speaker, CRT 2010, Washington, D.C.. Talks on “Vascular surgeons: It’s a Complicated Procedure” and “Acute Aortic Rupture” Open vs Endograft (EVAR)”
- Feb 23 Endoluminaries Meeting, New York, NY. Talk on “Future of Vascular Surgery”
- Feb 28- Mar 4 Invited Speaker International Congress XVII on Endovascular Interventions, Phoenix, Arizona. Talk on “Present What Motivates Us as Vascular Surgeons and Interventionalists to Perform Procedures Other Than Patients’ Benefit”.

- March 18-20 Invited Speaker, ETI, Siena, Italy. Talks on “The History of Disruptive Technology in Vascular Surgery” and “ The Role of EVAR for RAAA”
- March 20 Invited Speaker, Diabetic Foot Global Conference 2010, Los Angeles, California. Talk on “A Three Legged Stool: Medical Therapy, Surgical Therapy, Endoluminal Therapy - Can It Bear the Weight of Scrutiny?”
- March 25 Invited Speaker, 2010 Pacific Northwest Endovascular Conference, Tacoma, Washington. Talks on “No Need for Randomized Trial - World Data on EVAR for Ruptured AAA” and “Asymptomatic Carotid Artery Disease - Decreasing the Need for Intervention With Medical Management”.
- March 26 Invited Speaker, The Houston Aortic Symposium, Houston, Texas. Talk on “Ruptured AAA: Worldwide Experience - Time for a Randomized Trial?”
- April 8-10 Invited Speaker, Concepts in Contemporary Cardiovascular Medicine, Houston, Texas. Talks on “Ruptured Aortic Aneurysms: When to Stent Graft and When to Operate?” and “What Have We Learned About the Benefit of Medical Therapy of Cerebrovascular Disease, and How We Use This Information?”
- April 10 Invited Speaker, Charing Cross Symposium on Vascular and Endovascular Challenges, London, England. Talk on “Evolution of Treatment for Critical Limb Ischemia - From Amputation to Bypass to Endovascular Treatment”.
- April 15 Invited Speaker, Ninth Vascular and Endovascular Interventions Symposium, Toledo, Ohio. Talks on “Endovascular Repair for Ruptured AAA” and “Current Concepts in Lower Extremity Revascularization”.
- April 21-24 Invited Speaker, CICE 2010, Sao Paulo, Brazil. Talks on “Technical Tips for Supraceliac Balloon Occlusion With EVAR for Ruptured AAAs: How It’s Done Matters” and “Stenting Is Superior to Angioplasty Alone (Subintimal) in SFA Occlusion”
- April 21 Invited Speaker, Endoluminaries Meeting, Sao Paulo, Brazil. Talk on Collected World Experience With EVAR for Ruptured Abdominal Aortic Aneurysms”.
- May 7 Invited Speaker, Gore Aortic Summit Meeting, Vienna. Talk on “Clinical Triumphs and Challenges Ahead for Endovascular Therapy”
- May 14 Invited Speaker, Innovations and Practical Applications in Vascular Surgery, New York, NY. Talk on “History and Update on the Endovascular Management of Ruptured AAA”
- May 18 Invited Speaker, William H. Baker Vascular Lectureship, Oak Brook, Illinois. Talk on “History and Present Status of EVAR for Ruptured AAAs”.
- May 21 Invited Speaker, Save a Life, Save a Limb Meeting, Yale School of Medicine, New Haven, Connecticut. Talk on “Limb Salvage for Critical Ischemia: Past, Present and Future”.
- May 29-30 Invited Speaker, LIVE 2010, Corfu, Greece. Talks on 1) “Carotid Stenting Is Not Dead for the Treatment of Symptomatic Carotid Stenosis”, 2) Present Status of EVAR for Ruptured AAAs Based on the Collected World Experience”, and 3) “The Future of Vascular Surgery: How We Got Here and Where We Are Going”.
- June 4 Invited Speaker, New Cardiovascular Horizons 2010, New Orleans, Louisiana. Talk on “Present Status of Endovascular Treatment for Ruptured AAAs”.

- June 12 Video Presentation, Society for Vascular Surgery, Boston, Massachusetts. Video presentation on “Technique for Supraceliac Balloon Aortic Control During EVAR for Ruptured Abdominal Aortic Aneurysms”.
- June 17-18 Invited Speaker, 4th International Symposium on Critical Issues on Aortic Endografting, Malmo, Sweden. Talk on “Top Ten Tips to Improve Outcome of rEVAR”.
- June 24-25 Invited Speaker, Western Vascular Symposium (WVI) 2010, Galway, Ireland. Talks on “Screening for Carotid Artery Disease Is A Futile Endeavor and Waste of Money. There is No Evidence to Suggest that CEA or CAS Are Warranted in Symptomatic Patients”; “EVAR Is The Current Gold Standard For Ruptured AAA Opening a Ruptured AAA Is Murder! Results of a Worldwide Registry”; “Bilateral Hypogastric Revascularization Is Not Necessary”; “Are our Practice Guidelines Outdated and Who Needs to Be At the Table When Formulating a Contemporary Consensus”; “USA v Europe: Who Has Got it Right?”
- June 24 Invited Speaker, UK Technological Exchange, Statford, United Kingdom. Talk on “Experience As a Physician Taking Ideas to Industry”.
- July 1-2 Invited Speaker, British Society for Endovascular Therapy (BSET) Meeting, Stratford Upon Avon, United Kingdom. Talks on “What Makes a Great Talk” and “If I Were a Trainee in 2010, How Would I Engage With the Shifting Face of Vascular Surgery?”
- August 4-8 Invited Speaker, Russian Society of Angiologists and Vascular Surgeons, Ulan-Ude, Russia. Talks on “An Update on the Present Status of EVAR for Ruptured Aneurysms” and “The History and Present Status of Vascular Surgery” Should it Be a Separate Specialty”.
- Sept 6-8 Invited Speaker, Adriatic Vascular Summit 2010, Split, Croatia. Talk on “Is Medical Therapy Currently the Best Option for Patients With Asymptomatic Carotid Artery Stenosis?”
- Sept 8-11 Invited Speaker, German Vascular Society, Berlin, Germany. Talks on “A Look at the Past, Present and Future of Vascular Surgery” and “A Randomized Trial Comparing EVAR With Open Repair for rAAA Is Not Necessary Based on the Collected World Experience”.
- Sept 13-16 Invited Speaker, 28th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular Surgery”, Hollywood, California. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm” and “Infrainguinal Arterial Occlusive Disease” Surgical Management”.
- Sept 24-26 Invited Speaker, 10th China National Congress of Vascular Surgery, Nanjing, China. Talks on “EVAR for rAAA” Have We Reached the Verdict for Standard Practice”, “EVAR as Preferred Approach for AAA Repair: Implications of Recent Studies for Clinical Practice”, “Vascular Surgery: Where Did It Come From and Where Is It Going? How to Be a Vascular Surgeon in the 21st Century”, “The Present Role of Carotid Stenting in Light of the CREST and ICSS Trials”.
- Oct 11-12 Invited Speaker, 5th Annual NYHQ Symposium on Vascular Disease in Primary Care, Flushing, NY. Talk on “Spinning of CREST: More Trials Are Needed in the Carotid Stenting Debate.

- Oct 14-15 Invited Speaker, Diabetic Limb Salvage (DSL) Meeting, Washington, D.C. Talk on “Evolution of Limb Salvage Techniques and Where They Are Going”.
- Oct 16-17 Invited Speaker, 20th Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “Why Medical Treatment is Better than CAS and CEA for Most Patients With Asymptomatic Carotid Stenosis - 2010 Update” and “Evolution, Present Status and Future Predictions for Critical Limb Ischemia: From Amputation to Bypass to Endovascular Treatment”.
- Oct 21 Invited Speaker, 11th IVEC International Vascular and Endovascular Course: Emerging Technologies, New Achievements and Future Perspectives in Vascular Surgery, Milan, Italy. Talks on 1) “Fifteen Year Experience With Bilateral Hypogastric Interruption and AAA Repair in 150 Patients: When Is It Safe and When Not?”; 2) “A Randomized Trial Comparing EVAR With Open Repair for Ruptured AAAs Is Not Necessary Based on the Collected World Experience”; 3) “EVAR Technologies 2010: Unmet Needs and Future Perspectives”.
- Oct 22 Invited Speaker, The London Cardiovascular Symposium, London, England. Talk on “EVAR is the Best Option for Ruptured AAA: We Do Not Need a Trial”.
- Oct 27-30 Invited Speaker, Turkish Society of Cardiovascular Surgery 11th Annual Meeting, Antalya, Turkey. Talks on “EVAR: Past, Present and Future” and “The Present Status of EVAR for Ruptured AAAs Based on the Collected World Experience”.
- Oct 21 Invited Speaker, 11th IVEC International Vascular and Endovascular Course, Milan, Italy. Talks on “Fifteen Year Experience With Bilateral Hypogastric Interruption and AAA Repair in 150 Patients: When Is It Safe and When Not?”, “A Randomized Trial Comparing EVAR With Open Repair for Ruptured AAAs Is Not Necessary Based on the Collected World Experience” and “EVAR Technologies 2010: Unmet Needs and Future Perspectives”.
- Oct 22 Invited Speaker, The London Cardiovascular Symposium 2010, London, England. Talk on “EVAR Is the Best Option for Ruptured AAA: We Do Not Need a Trial”.
- Nov 2 -6 Invited Speaker, Pan American Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on 1) “Stenting for Symptomatic Carotid Stenosis Is Not Dead But Other Trials Are Needed”; 2) “Ten Top Tips for Treating Ruptured AAAs by EVAR”; 3) “Evolution in the Management for Critical Limb Ischemia: From Amputation to Bypass to Endovascular Treatment”.
- Dec 3-4 Invited Speaker, USUHS, Vascular Surgery Seminar and Meeting of the Society for Military Vascular Surgery. Talk on “Spinning or Misinterpretation of CREST and Some of the Other Excellent Randomized Carotid Trials”
- Dec 10-12 Invited Speaker, 1st Lisbon Forum on Vascular Disorders, Lisbon, Portugal. Talk on “Endovascular Treatment of Ruptured Aortic Aneurysms - The True Gold Standard”.
- Dec 11-12 Invited Speaker, European Society for Vascular Surgery, Zurich, Switzerland.

Talk on “Collective World Experience With Endovascular Graft Treatment of Ruptured AAA”.

Major Presentations, Lectures and Visiting Professorships - 2011

- Jan 15 Invited Speaker, ISET 2011, Miami, Florida. Talks on “Top Ten Tips on using EVAR for Ruptured AAA” and “Bilateral Hypogastric Artery Interruption and AAA Repair: When Is IT Safe and When Is It Not?”
- Jan 13-14 Invited Speaker, John J. Cranley MD Memorial Lectureship, Good Samaraton Hospital, Cincinnati, Ohio. Talks on “EVAR for Ruptured AAAs: History and Present Status”.
- Jan 19-22 Invited Speaker, LINC 2011, Leipszig, Germany. Talks on “Bilateral Hypogastric Artery Interruption at AAA Repair: When Is It Safe and When Is It Not?” and “Transpedal, Transcollateral Recanalization, DEB, DES and Distal Bypasses - Are We Too Aggressive?”
- Jan 27-29 Invited Speaker, CACVS meeting in Paris, France. Talk on “Controversy - Hypogastric Arteries - They Can Be Covered Safely”.
- Feb 13-17 Invited Speaker, iCON Meeting, Phoenix, Arizona. Talk on “Screening for Carotid Disease Is A Futile Endeavor: There Is No Evidence that CAS or CEA is Justified For Most Asymptomatic Patients (Don’t Cut Me, Don’t Poke Me, Just Give Me A Pill”.
- Feb 23 Invited Speaker, The Annual Sanctuary of Endovascular Therapy, Kiawah Island, South Carolina. Talks on “Top Tips For Treating Ruptured AAA By EVAR: How It’s Done Matters” and “Interpreting and Misinterpreting The recent Carotid Trials”.
- Feb 27 Invited Speaker, 5th Gulf Vascular Society Conference in Conjunction With the 5th Scientific Meeting of the Saudi Society for Vascular Surgery, Dubai, India. Talk on “The Current Status of EVAR for Ruptured AAAs”
- March 9-10 Invited Speaker, Total Endovascular Series: Aorta II with Cardiovascular Simulation Rodeo Symposium, Houston, Texas. Talk on The Aorta and Its Challenges: The Next Decade”.
- March 15-18 Invited Speaker 2011, Sienna, Italy. Talks on “EVAR Is Currently the Best Option for Treating Most Ruptured AAAs: We Do Not Need Randomized Trials”; “The Present Role for CAS in Light of CREST and ICSS”; “Stenting Symptomatic Carotid Stenosis Is Not Dead: But More and Different Trials Are Needed”; “Screening for Carotid Disease Is a Future Endeavor & a Waste of Money: No Evidence That CAS or CEA Is Justified in Most Asymptomatic Patients”.
- March 25-26 Invited Speaker, Houston Aortic Symposium, Houston, Texas. Talk on “How Should We Interpret CREST and Other Recent Carotid Trials in Symptomatic and Asymptomatic Patients”.
- April 9-12 Invited Speaker, 33rd International Symposium Charing Cross Controversies, Challenges Consensus, London, England. Talk on “How to Make EVAR Work Better in the Ruptured Abdominal Aortic Aneurysm Setting”.
- April 15-16 Invited Speaker, 50 Years of Cardiac Surgery, Zurich, Switzerland. Talk on “The

Evolution of Vascular Surgery”.

- April 20-23 Invited Speaker, CICE 2011, Sao Paulo, Brazil. Talks on “Infrainguinal Angioplasty For Limb Salvage: Always the First Option”; “How Should Crest Be Interpreted and How Has It Been Spun?”; and “EVAR Is the Current Gold Standard For Treating Most Ruptured AAAs”.
- May 3-7 Invited Speaker, SITE meeting, Barcelona, Spain. Talks on “To My Mind Today: If I Would Have A Symptomatic Carotid Stenosis I Would Prefer”; “Spinning of Crest”; and “A Trial About rAAA Is Not Necessary: World Accumulated Experience Is Enough”.
- May 12-13 Invited Speaker, New York-Presbyterian Hospital, Innovations in Complex Vascular & Endovascular Interventions Symposium. Talk on “Evolution of Limb Salvage Techniques and Where They Are Going”.
- June 2-3 Invited Speaker, 12th Annual New Cardiovascular Horizons 2011 (NCVH), New Orleans, LA. Talk on “The Spinning of CREST and Other Trials”.
- June 15-18 Invited Speaker, Fifth Annual Meeting of the World Federation of Vascular Societies, Chicago, Illinois. Talk on “The Robert B. Rutherford Award: How Can Good Randomized rials Be So Misinterpreted in Leading Journals”.
- June 23-26 Invited Speaker, 6th Five-Continent International Symposium, Beijing, China. Talks on “Present Status of endovascular Graft Treatment for Ruptured AAAs” and “Spinning of CREST and Other Trials”.
- June 30-July 1 Invited Speaker, British Society for Endovascular Therapy, Stratford upon Avon, United Kingdom. Talks on “Debate 1: Modern Aortic Practice Should BeBased on Trial Evidence: Frank J. Veith - Against” and “Debate: Stenting Should Be Adopted in Clinical Practice - Frank J. Veith Against”.
- Sept 8-10 Invited Speaker, Adriatic Vascular Summit. Talks on “The Great Debate: CREST Results Have Been Over-Spun and Misinterpreted and Therefore CAS Is Not Equal to CEA for Most Patients With Carotid Stenosis” and “The Great Debate: Ruptured Aortic Aneurysms Are for the Most Part Best Treated With Endovascular Approach”.
- Sept 12-15 Invited Speaker, 29th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular and Endovascular Surgery. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm” and “Infrainguinal Arterial Occlusive Disease: Surgical Management”.
- Sept 18-20 Invited Speaker, SICVE - Societa Italiana di Chirurgia Vascolare ed Endovascolare meeting, Rome, Italy. Talk on “Which Treatment for Asymptomatic Carotid Artery Stenosis: Medical Management”.
- Sept 22-25 Invited Speaker, European Society for Vascular Surgery (ESVS) Meeting, Athens, Greece. Talks on “Mininterpretation of CREST Trial and Its Misleading Impace on the US AHA Guidelines” and “Emergency EVAR: Who, Where and How?”
- Sept 28 Invited Speaker, Cook Pre-Congress Meeting, Taipei, Taiwan. Talk on “EVAR As A

Standard for AAA Repair: Elective and rAAA”.

- Sept 29-Oct 2 Invited Speaker, 12th Asian Society for Vascular Surgery, Taipei, Taiwan. Talks on “Present Status of EVAR for Ruptured AAAs”, “Interpretations and Misinterpretations in the Recent Carotid Endarterectomy Versus Stenting Trial (CREST) and the AHA Guideline”.
- Oct 12-16 Invited Speaker, Endovascology 2011, Shanghai China. Talks on “Evolution of Lib Salvage techniques and Where They Are Going”, “10 Top Tips for Treating Ruptured AAAs by EVAR: How Its Done Matters”.
- Oct 18 Invited Speaker, The 6th Annual Vascular Symposium: Vascular Disease in Primary Care”, New York Hospital Queens, Flushing, NY. Talk on “Why Good Randomized Trials in Leading Journals Can Be So Misleading”.
- Oct 22-23 Invited Speaker, 21st Annual WestmVirginia Vascular/Endovascular Symposium, White Sulphur Springs, West Virginia. Talks on “The EVAR Trials Are Good But Reach the Wrong Conclusions: EVAR Is Preferable Treatment in Fit and Unfit Patients” and “10 Top Tips for Treating Ruptured AAAs by EVAR”.
- October 27-29 Invited Speaker, 12th IVEC International Vascular and Endovascular Course on Emerging Technologies New Achievements and Future Perspectives in Endovascular Interventions”, Milan, Italy. Talks on “Against the Motion: Debate I: All Ruptured AAAs Must Be Treated by EVAR”; “Why the Ongoing Initiative to Separate Physicians from Industry Is Bad for Patient Care and Society?”; “For the Motion: Debate 4: The Statin Saga”; “The Present Role for Carotid Stenting in Symptomatic Patients in Light of CEST and ICSS”; “Against the Motion: Debate : Patient Selection Can Justify CS or CEA in a Large Population of Asymptomatic Patients?”.
- Nov 3-5 Invited Speaker, 2st Munich Aortic Conference (MAC), Munich, Germany. Talks on “RCTs Comparing Open and Endovascular AAA Repair Are Good Bu Reach the Wrong Conclusions: EVAR is Preferable in All Patients”, and “The Misinterpretation of CREST and Its Misleading Impact on the AHA Guidelines”.
- Nov 27-29 Invited Visiting Professor, Mayo Clinic, Rochester, Minnesota. Talk on “EVAR for Ruptured AAAs” and “Why the EVAR 1 and 2 Trials Reached Misleading Conclusions”.
- Dec 1-3 Invited Speaker, MEET Congress, Rome, Italy. Talks on Ruptured AAA. Evidence for EVAR, Are We Guilty When Not Offering This Option?”, “The Spinning Or Misinterpretation of CREST and the AHA Guidelines: What Impact Should They Have on Practice?”, “Evolution of Treatment for Critical Limb Ischemia from Amputation to Bypass to Endovascular Treatment”.

Major Presentations, Lectures and Visiting Professorships - 2012

- Jan 10 Invited Visiting Professor, Brigham and Women’s Hospital, Boston Massachusetts. Talk on “How Randomized Controlled trials Can Be

Misleading”.

- Jan 11 Invited Visiting Professor, Massachusetts General Hospital. Talk on “How Randomized Controlled trials Can Be Misleading”.
- Jan 13-17 Invited Speaker, ISET 2012, Miami Beach, Florida. Talks on “Which Asymptomatic Carotid Stenoses Should Be Treated”, “Most Asymptomatic Patients Are Best Treated With Best Medical Therapy” and “EVAR 2012: Should EVAR Be th First Choice for AAA Therapy? Yes, EVAR Should Be the First Choice for AAA Therapy”.
- Jan 18-21 Invited Speaker, CACVS meeting, Paris, Franc. Talk on Controversay: CAS Is Back: Is It Justified? No: CREST and Other Trials Are Misinterpreted”.
- Jan 26-27 Invited Speaker, LINC, Leipzig, Germany. Talks on “Editorial Comments” and “Despite Level 1 Evidence EAR is superior to Open Repair for Suitable AAAs in Fit and Unfit Patients.
- Feb 2 Invited Speaker, 27th Angiology Workshop Debate vs CEA, Rosyln, New York. Talk on “How I See Randomized Studies and the AHA Guidelines on CAS vs CEA”.
- Feb 4-8 Invited Speaker, 3rd International Conference on Hybrid Technologies in Treatment of Cardiovascular Diseases, Moscow, Russia. Talk on “Treatment of Aortic Aneurysms: Yesterday, Today and Tomorrow”.
- Feb 12-16 Invited Speaker, iCON 2012. Talk on “CREST Was Misinterpreted and This Made the AHA/ACC Guideline for Treating Symptomatic Carotid Stenosis Misleading”.
- Feb 22-26 Invited Speaker, Seventh Annual Sanctuary of Endovascular Therapy, Kiawah Island, SC. Talk on “What’s the Current Best Endovascular Therapy for SFA Occlusions?”
- March 9-11 Invited Speaker, ISVS 2012 Meeting, Miami, Florida. Talks on “How the CREST Trial Is Being Misinterpreted and Rendering the AHA Guideline Misleading” and “What Motivates Physician Behavior?”
- March 13 Invited Speaker, Grand Rounds, New York Methodist Hospital, Brooklyn, NY. Talk on “How Randomized Trials Like Crest in good Journals Can Be Misleading”.
- March 21-23 Invited Speaker, Houston Aortic Symposium, Houston, Texas. Talk on “Misinterpretation of PRCT in Leading Journals”.
- March 29 Invited Speaker, Twentieth Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talks on”Diagnosis and Management of Unrecognized Visceral and Hypogastric Disease During EVAR” and “Cardiologists and Surgeons Have Financial Incentives - Optimal Medical

Therapy Is Best”.

- April 13 Invited Speaker, Medtronic CX rAAA Physicians Panel, London. Talk on “Development of EVAR for Ruptured AAA”.
- April 14 Invited Speaker, 34th Charing Cross International Symposium 2011, London. Talk on “The Great Debate. Crest is Telling Us to Swing Towards Carotid Stenting. Should We? Against the Motion.”
- April 20 Invited Speaker, Endovascular Solutions to Complex Vascular Injuries, Royal Oak, MI. Talks on Endovascular Control of Intra-Abdominal Bleeding”
- April 25-28 Invited Speaker, CICE 2011, Sao Paulo, Brazil. Talks on “The EVAR 1 and 2 Trials Are Good But Reach the Wrong Conclusions: EVAR Is Preferable Treatment in Fit and Unfit AAA Patients”; “Most Asymptomatic Patients With Severe Carotid Stenosis Are Best Treated Medically Rather Than By CEA or CAS”; “How Randomized Controlled Trials Can Be So Misleading - Even in Leading Journals”; “Current Role of EVAR in the Treatment of Ruptured AAAs: EVAR Is Better Than Open Repair”.
- May 4-5 Invited Speaker, The 10th Hawaii Vascular Symposium, Kapolei, Hawaii. Talks on “Why EVAR Trials Are Misleading: EVAR Is Better Than Open Repair for all Elective AAA’s in Fit and Unfit Patients” and “The Spinning of CREST and the AHA Guidelines For Carotid Stenosis”.
- May 10-11 Invited Speaker, NYPH Innovations in Complex Vascular and Endovascular Interventions, New York. Talks on “Management of Asymptomatic > 80% Stenosis: Medical Management”, “Management of Asymptomatic > 80% Stenosis: Carotid Stent Your Response”, “Current Critical Issues and Controversies: Ruptured AAA: Treatment Options”.
- May 24-26 Invited Speaker, 16th International Experts Symposium on Critical Issues in Aortic Endografting 2012, Euralille, France. Talks on “Does EVAR Suitability Impact Outcomes of AAA and rAAA Repair?” and “Internal Iliac Occlusions Safe During EVAR”.
- June 6 Invited Speaker, Young Surgeons Advisory Committee VAM 2012. Talk on “Managing Industry Relations”.
- June 8 Invited Speaker, New Cardiovascular Horizons, New Orleans. Talk on “How Can Randomized Controlled Trials in Leading Journals Be So Misleading”.
- June 29-July 1 23rd Meeting of the Russian Society of Angiologists and Vascular Surgeons, St. Petersburg. Talk on “Misinterpretation of CREST Investigation and Its Negative Influence on Recommendations of American Heart Association: Stenting Is Not Equivalent to Endarterectomy”.
- Sept 5-8 Invited Speaker, ETI & AVS 2012, Siena, Italy. Talks on “The EVAR Trials Are Good But Reach the Wrong Conclusions: EVAR Is the Best Treatment for Fit and Unfit AAA Patients With Suitable Anatomy and Large AAAs” and “Evolution of Limb Salvage Techniques and Where They Are Going”.
- Sept 13-14 Invited Speaker, 30th Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular Surgery and Endovascular Surgery, Hollywood, California. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysms” and “Infrainguinal Arterial Occlusive Disease: Surgical Management”.

- Sept 19-24 Invited Speaker, Chinese Vascular National Congress, Changsha, China Talks on “The Present Status of EVAR for Ruptured AAAs - How It Is Done Matters” and “The EVAR Trials Are Good But Reach the Wrong Conclusions: EVAR Is the Best Treatment For Fit and Unfit AAA Patients With Suitable Anatomy and Large AAAs”.
- Sept 15 Invited Speaker, Eastern Vascular Society, Pittsburgh, PA. Talk on “Asymptomatic Carotid Artery Stenosis - Intervention v Medical Management: Pro Medical Management” and “Critique of CREST”.
- Sept 29 Invited Speaker, Newark Beth Israel Medical Center, Newark, NJ. Talk on :How Can Good Randomized Trials in Leading Journals Be So Misleading”Oct 4-6
Invited Speaker, 3rd International Meeting on Aortic Diseases, Liege, Belgium. Talks on “The Status of EVAR for Ruptured AAAs” and “Why the EAR Trials Are Misleading: EVAR Is Better Than Open Repair in Fit and Unfit Patients”.
- Oct 12-14 Invited Speaker, 22nd Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “Most Asymptomatic Patients With Carotid Stenosis Are Best Treated Medically and Not by CEA or CAS” and “Misinterpretation of the CREST Trial and Its Misleading Impact on the AHA Guidelines”.
- Oct 17-21 Invited Speaker, Endovascology 2012, Shanghai, China. Talks on “How to Become an Investigative Doctor”; “Evolution of Limb Salvage Techniques and Where They are Going”; “Most Asymptomatic Patients With Carotid Stenosis Are Best Treated Medically and Not By CEA or CAS”; “Th EVAR Trials Are Good But Reach the Wrong Conclusions: EVAR Is the Best Treatment for Fit and Unfit AAA Patients With Suitable Anatomy and Large AAAs”; “How Can Randomized Trials In Good Journals Be So Misleading”.
- Oct 26-28 Invited Speaker, Endovascular Therapies Conference, Pinehurst, North Carolina. Talk on “How RCTs in Leading Journals Can Be So Misleading”.
- Oct 30-Nov 3 Invited Speaker - XII Panamerican Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on “Screening for Asymptomatic Carotid Stenosis Is a Waste of Time and Money Except to Put Patients On An Increased Statin Dose”; “Will We Even Use Bare Metal Stents? Against 3 Year Results of Zilver PTX Trial (Cook)”; “Critical Evaluation of carotid Artery Stenting: Critique of CREST and ITS Misleading Impact on AHA Guidelines (For Gore)”; “Evolution of Limb Salvage Techniques and Where They Are Going”; “The Evar Trials Are Good But Reach the Wrong Conclusions: EVAR Is the Best Treatment for Fit and Unfit AAA With Suitable Anatomy”
- Nov 28-Dec1 Invited Speaker, 2nd Munich Aortic Conference (MAC) and the 2nd Munich Conference (MCC), Munich, Germany. Talks on “What Besides Patient Benefit Motivates Vascular Surgeons and Vascular Specialists?” and “CREST: The Ongoing Debate About CREST-1 and How Does that Impact CREST2?”
- Dec 1-3 Invited Speaker, ESVS Management of Aortic Rupture, Zurich Switzerland. Talk on “World Experience With Endovascular Treatment of RAAA”
- Dec 7 Invited Speaker, Festschrift for Dr. Ramon Berger, University of Michigan Health Sciences System, Ann Arbor, MI. Talk on “The Road to Independence for Vascular Surgery”
- Dec 13-14 Invited Speaker, 5th International Aortic Surgery and Anesthesia: How To Do It, Milan, Italy. Talk on “Despite the Level 1 Evidence, EVAR Is the Best Treatment for AAAs in Fit and Unfit Patients With Suitable Anatomy”.

Major Presentations, Lectures and Visiting Professorships - 2013

- Jan 17-20 Invited Speaker, CACVS 2013, Paris, France. Talk on “EVAR Is Better Than Open Repair: Do Not Believe Figures”.
- Jan 20-22 Invited Speaker, ISET 2013, Miami, Florida. Talk on “Evolution of Limb Salvage Techniques and Where They Are Going”.
- Jan 23-26 Invited Speaker, LINC (Leipzig Interventional Course), Leipzig, Germany. Talks on “Never Give Up! - Always a Valid Concept for CLI Treatment?”; “Look at the SVS Guidelines”, “Great Debate: Level 2 Evidence from randomized Controlled Trials Discourages Best Practice: For the Motion”.
- Feb 14-16 Invited Speaker, ISVS Meeting, Miami, Florida. Talk on “All Asymptomatic Carotid Stenoses Should Be Treated Medically Without Intervention”
- March 21-23 Invited Speaker, Houston Aortic Symposium, Houston, Texas. Talk on “The EVAR Trials Are Good, But Reach the Wrong Conclusions: EVAR Is the Best Treatment for Fit and Unfit AAA Patients With Suitable Anatomy and Large AAA’s”.
- April 6-9 Invited Speaker, 35th Annual Charing Cross Symposium, London. Talk on “The Uncertainty Is Over - Do It By EVAR”.
- April 24-27 Invited Speaker, CICE 2013, Sao Paulo, Brazil. Talks on “Why The Ongoing Initiative To Separate Physicians From Industry Is Bad For Patient Care And Society”; “Facts, Unknowns And Reasons For the Ongoing Controversy About The Best Treatment For Asymptomatic Carotid Stenosis”; “Never Give up! Always a Valid Concept for CLI Treatment”; “The EVAR Trials Are Good But Reach The Wrong Conclusions: EVAR Is The Best Treatment For Fit And Unfit AAA Patients With Suitable Anatomy And Large AAAs”.
- May 8-11 Invited Speaker, 10th International Symposium on Endovascular Therapeutics, Barcelona, Spain. Talks on “Evolution of Limb Salvage Techniques and Where They Are Going”; “Most Asymptomatic Patients with Carotid Senosis Are Best Treated Medically and Not By CEA or CAS”; “Misinterpretation of CREST Trial and Its Misleading Impact on the Latest AHA Guidelines”; “Current Real Life EVAR Practice Is Not Influenced By Randomized Clinical Trials”; “We Can Cover Straightaway”
- May 17-18 Invited Speaker, 6th Mediterranean Meeting of Venous Disease (MMVD) Meeting, Nice, France. Talk on “How Randomized Controlled Trials in Leading Journals Can Be So Misleading”
- May 22-23 Invited Speaker, Pacific Northwest Endovascular 2013 Symposium (PNEC). Talks on “Despite the Level 1 Evidence, EVAR Is Better than Open Repair for Large AAAs in Fit and Unfit Patients” and “Tips and Tricks to Make EVAR Better Than Open Repair for the Treatment of Ruptured AAA’s”.
- Sept 11-12 Invited Speaker, 31st Annual UCLA Symposium: A Comprehensive Update of What’s New in Vascular and Endovascular Surgery, Beverly Hills, CA. Talks on “Infringuinal Arterial Occlusive Disease: Surgical Management” and “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm”
- Sept 19-20 Invited Speaker, 27th Annual Meeting of the Eastern Vascular Society Meeting, White Sulphur Springs, West Virginia. Talk on “Past, Present, and Future of Vascular Surgery in Relationship to Other Specialties: The Impact of This Relationship on Vascular Surgery’s Survival”.
- Sept 30-Oct 3 Invited Speaker, 40th Brazilian Congress of Angiology and Vascular Surgery, Florianopolis, Brazil. Talks on “All Ruptured Aneurysms Should Be Endomanaged”; “Open Repair Remains a Great Operation If You Know How to

Do It”; “I Would Not Intervene (Management of An Asymptomatic 90% Carotid Artery Stenosis in a Healthy 65 Year Old Man”); and “Vascular Surgery in the Last 30 Years”.

- Sept 27-28 Invited Speaker, Inaugural Annual Meeting of the Georgia Vascular Society. Talks on “How Can Randomized Controlled Trials Even In Leading Journals Be So Misleading” and “Best Medical Treatment Is the Best Treatment for Most Patients With Asymptomatic Carotid Stenosis: What is the Evidence”.
- Oct 12-15 Invited Speaker, Vascular 2013, Hobart, Tasmania, Australia. Talks on “The Evolution and Present Status of Vascular Surgery and Where It Is Going”; “Most Asymptomatic Patients With Carotid Stenosis Are Best Treated Medically and Not By CEA or CAS”; What Beside Patients Benefit Motivates Vascular Surgeons and Vascular Specialists”; How Can Randomized Trials In Leading Journals (Like CREST and the EVAR Trials Be So Misleading?”; “Top Tips for Getting Good Results With EVAR for Ruptured AAA”; “Evolution of Limb Salvage Techniques and Where Are They Going”
- Oct 19-20 Invited Speaker, 23rd Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “How the AHA Guideline for Treating Extracranial Carotid Disease is Different From and Out of Step With Other Carotid Treatment Guidelines” and “Why The Ongoing Initiative to Separate Physicians from Industry is Bad for Patient Care and Society”.
- Oct 24-26 Invited Speaker, Endovascular Therapies 2013, Pinehurst, North Carolina. Talks on “Screening for Asymptomatic Carotid Disease: A Waste of Time” and “Open Surgery and Alternative Approaches for Exposure of the LE Arteries”.
- Nov 7 Invited Speaker, International College of Angiology, New Haven, Connecticut. Talk on “How Can Randomized Controlled Trials in Leading Journals Be So Misleading”.
- Nov 14 Invited Speaker, Vascular Society of New Jersey, Trenton, NJ. Talk on “How Can Randomized Controlled Trials (RCTs) Even in Leading Journals Be So Misleading”.
- Nov 19-23 Chairman and Speaker, VEITHsymposium, New York, NY. Talks on “Carotid Artery Treatment: My Pearls and Summary After Attending Every Conference on Every Continent” and “Technique for Supraceliac Balloon Aortic Control During EVAR for Ruptured AAA (Video)”.
- Nov 29-30 Invited Speaker, 2nd Munic Aortic Conference (MAC) and the 2nd Munich Carotid Conference (MCC), Munich, Germany. Talks on “Most Asymptomatic Patients with Carotid Stenosis Are Best Treated medically and Not By CEA or CAS” and “The EVAR and OVER Trials Are Good But Reach the Wrong Conclusions: EVAR Is the Best Treatment for Fit and Unfit AAA Patients With Suitable Anatomy and Large AAAs”.
- Nov 30 Invited Speaker, European Society for Vascular Surgery, Zurich, Switzerland. Talk on “Dangers to Vascular Surgery from Relationships With Other Specialties

in the Perspective of the Past, Present and Future of Vascular Surgery.

Dec 13-14 Invited Speaker, 4th Lisbon Vascular Forum, Lisbon, Portugal. Talk on “CEA vs CAS” - A Perspective from the USA” and “End of Controversy: Endo for all AAA! Open Surgery is no Longer Required.”

Major Presentations, Lectures and Visiting Professorships - 2014

Jan 18-22 Invited Speaker, ISET 2014, Miami, Florida. Talks on “Carotid Artery Disease: Why and How to Treat (or Not)”; “Asymptomatic Patients Should Have Neither CEA nor CAS”; “110% of Ruptured AAA Can Be Treated by EVAR”; “Hypogastric Artery Occlusion is Safe, But.”

Jan 23-25 Invited Speaker, CACVS 2014, Paris, France. Talk on “Looking for Truth: Is RCT’s the Proper Way?... Not At All, RCTs Can Be Misleading and Do Not Reflect the Real World”.

Jan 27-30 Invited Speaker, LINC 2014, Leipzig, Germany. Talks on “Data Are Date and the Message is Clear” and “There is A Best Way to Manage Ruptured Abdominal Aortic Aneurysms”.

Feb 20-22 Invited Speaker, 9th Annual Sanctuary of Endovascular Therapies (SET), Kiawah Island, South Carolina. Talks on “Update on EVAR for RAAAs: Impact of Improve Trial 100% of RAAAs Can Be Treated by EVAR” and “How RCTs In Leading Journals Can Be So Misleading”.

March 6-8 Invited Speaker, Houston Aortic Symposium. Talks on “CEA vs CAS for Carotid Stenosis” and “Debate: Medical Therapy is the Treatment of Choice for Asymptomatic Moderate Carotid Stenosis”.

March 13-16 Invited Speaker, 14th Panhellenic Congress of Vascular and Endovascular Surgery, Athens, Greece. Talk on “Treatment of Ruptured AAAs in the Endovascular Era”.

April 5-8 Invited Speaker, 36th Charing Cross International Symposium, London, UK. Peter Taylor Festschrift: Talk on “Why Randomized Controlled Trials Can Be So Misleading and Not the Holy Grail Some Make Them Out to Be”

April 17 Invited Speaker, Gardner Smith Lecture, Johns Hopkins Grand Rounds 2014 Series, Baltimore, Maryland. Talk on “How Randomized Controlled Trials (RCTs) in Leading Journals Can Be So Misleading”

April 28 Invited Speaker, Medtronic Dinner Meeting on Advances in Endovascular Aortic Repair, New York, NY. Talk on “Overview of Type B Aortic Dissection”.

May 1-2 Invited Speaker, E. Starr Judd Lecture Series, 78th Annual Surgery Course 2014: Vascular Disease, Minneapolis Minneapolis. Talk on “How Can Randomized Controlled Trials: Even in Leading Journals Be So Misleading”.

- May 2 Invited Speaker, 22nd Annual Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Danger to Vascular Surgeons on Relationships With Other Specialties: Perspectives of Past, Present and Future”.
- May 9 Invited Moderator and Speaker, International Symposium on Endovascular Therapeutics, Barcelona, Spain. Moderator: Session 1 - Current Limitations on Thoracic Endografting: Ascending, Arch and Thoraco-Abdominal Fates. Moderator: Session 2 - Current Unmet Needs on Abdominal Aorta Endografting. The Infrajuxta and Pararenal Aneurysm Fates. Case Presentations on Unsolved or Unsuitable Cases for Discussion. The Trash Foot.
- May 12-14 Invited Speaker, 18th European Vascular Course, Maastricht, The Netherlands. Case Presentations: Carotid.
- May 21 Invited Speaker, Pacific Northwest Vascular Course (PNEC), Seattle, Washington. Talk on “What Do the Results of Randomized Trials Comparing EVAR to Open Repair for Ruptured AAAs Tell Us?”
- June 4-7 Invited Speaker, Society for Vascular Surgery, Boston, MA. Debate: “Type II Endoleaks”.
- July 10 Invited Speaker, 16th Francis D. Moore Sr. Distinguished Surgical Lecture, Bethesda Maryland. Talk on “How Can randomized Controlled Trials - Even in Leading Journals Be So Misleading”
- Aug 14-17 Invited Speaker, IV Vascular and Endovascular Controversies, Sao Paulo, Brazil. Talks on “Carotid Disease: 805 Stenosis, Asymptomatic Patient, Low Surgical Risk for Most Patients (Controversy 1)” and “Best Medical therapy (BMT) Is the treatment Ruptured Abdominal Aortic Aneurysm, Endovascular Repair is the Treatment for Most Patients (Controversy 3)”.
- Sept 5 Invited Visiting Professor, Annual EVMS Vascular Lecture, Norfolk, Virginia. Talk on “Why Randomized Controlled Trials Can Be Misleading: The Holy Grail Is Not Always So Holy”.
- Sept 11 Invited Speaker, 32nd Annual Ucla Symposium: A Comprehensive Review and Update of What’s New in Vascular and Endovascular Surgery”. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm” and “Infrainguinal Arterial Occlusive Disease: Surgical Management”.
- Sept 18 Invited Speaker, 2nd Annual 2014 Jerry Goldstone Vascular Endowed Lectureship”, Cleveland, Ohio. Talk on “How Can Randomized Controlled Trials Even in Leading Journals Be So Misleading?”
- Sept 24-27 Invited Speaker, 30th Annual Meeting of the German Vascular Society, Hamburg, Germany. Talks on “Past, Present and Future of Vascular Surgery: Why Relationships with Other Specialties May be Dangerous and Why Vascular Surgery Needs to be an Independent Specialty: What Would Darwin Say About

It?” and Transatlantic Debate - EVAr vs Open Repair of Ruptured Abdominal Aortic Aneurysms: Results from a Clinical Trial. VEITH: Is the Last Thing We Need.”

- Oct 9-11 Invited Speaker, Endovascology 2014, Shanghai, China. Talks on “Despite Current Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright”; “Evolution of Limb Salvage Techniques and Where They Are Going”; “100% of Ruptured AAAs Can Be Treated BY EVAR If Appropriate Adjuncts Are Used”; “Past, Present and Future of Vascular Surgery and Why Relationships With Other Specialties May be Dangerous to Vascular Surgery”.
- Oct 18-19 Invited Speaker, 24th Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “Despite Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright” and “Evolution of Limb Salvage Techniques and Where They Are Going”.
- Oct 24-26 Invited Speaker, Endovascular Therapies 2014, Pinehurst, North Carolina. Talk on “Trial Data Is Misleading for RAAA: EVAR Is Still Best”.
- Oct 28 - Nov 1 Invited Speaker, Pan 2014, Rio de Janeiro, Brazil. Talks on “Despite Level 1 Evidence, the Outlook for an Upsurge in Carotid Stenting is Bright”; “All Ruptured Infrarenal, Perirenal and Suprarenal Aortic Aneurysms Can Be Repaired With Endovascular Techniques: It’s the Modern and Safe Approach, Like it or Not”; “Evolution of Limb Salvage Techniques Over the Last 3 ½ Decades: An Exciting Journey!”; Technical Tips and Tricks to for Achieving Successful Supraaortic Balloon Control with Ruptured Aneurysms: It Is Not Simple”
- November 19-23 Chairman and Speaker, VEITHsymposium, New York, NY. Talks on “Improve Trial is a Laudable Study, But Its Conclusion Is Flawed: EVAR Is Better Than Open Repair for RAAAs” and “Carotid Artery Revascularization: Why Do We Need More Trials?”
- Dec 5-6 4th Munich Aortic and Carotid Conference (MAC), Munich, Germany. Talks on “Debate: With Appropriate Adjuncts Almost 100% of rAAAs Can Be Treated By EVAR (PRO”); “Despite Current Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright”; and “Why the Ongoing Initiative to Separate Physicians from Industry is Bad for Patient Care and Society”.
- Dec 11-13 6th International Congress Aortic Surgery and Anesthesia: How to Do It, Milan, Italy. Talks on “Misinterpretation of the CREST Trial and Its Misleading Impact on the AHA Guidelines” and “EVAR: Yesterday, Today and Tomorrow”.

Major Presentations, Lectures and Visiting Professorships - 2015

- Jan 22-24 Invited Speaker, CACVS 2015, Paris, France. Talks on “Should We Stop Investigating Asymptomatic Carotid Stenosis?”; Why the 3 Recent Randomized Trials Comparing EVAR and Open Repair for Ruptured AAAs Reach the Wrong Conclusions”; and “Why the Ongoing Initiative to Separate Physicians from Industry Is Bad for the Patient and Society”.
- Jan 27-30 Invited Speaker, Leipzig Interventional Course, Leipzig, Germany. Talks on “Despite Current Level 1 Evidence - the Outlook for an Upsurge in CAS is

Bright” and “EVAR Is Better Than Open Repair for Ruptured AAAs Despite Recent Level One Evidence: IMPROVE, AJAX and ICAR Are Misleading”.

- Jan 31 - Feb 4 Invited Speaker, 27th International Symposium on Endovascular Therapy (ISET), Hollywood, Florida. Talks on “Carotid Artery Disease: Why and How to Treat (or not)” and “Ruptured AAA: 100 Percent Can Be Treated by EVAR”.
- Feb 19-20 Invited Speaker, 10th Annual Sanctuary of Endovascular Therapies (SET), Kiahwah Island, South Carolina. Talk on “Despite the Level 1 Evidence, the Outlook for an Upsurge in Carotid Stenting is Bright”.
- March 5-7 Invited Speaker, Houston Aortic Symposium, Houston, Texas. Talk on “The IMPROVE Trial and Other Randomized Trials Comparing EVAR and Open Repair for Ruptured AAAs Are Flawed and Misleading: EVAR Is the Best Treatment If It Can Be Done”.
- March 13-14 Invited Speaker Critical Issues America, New Orleans, Louisiana. Talk on “What Is Everybody Waiting For? Another Useless Randomized Trial?”
- April 15-19 Invited Speaker, CICE 2015, Sao Paulo, Brazil. Talks on “Despite Current Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright”; “Severe Carotid Stenosis in Asymptomatic Patients: CAS vs CEA vs BMT”; “Debate 2: EVAR Is Better Than Open Repair for Ruptured AAAs Despite Recent RCT Trial Evidence to the Contrary (PRO)”
- April 17 Invited Speaker, 23rd Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Asymptomatic Carotid Stenosis: Is Intervention Ever Needed?”
- April 20-21 Invited Speaker, William Beaumont Hospital, Royal Oak, Michigan. Talk on “How Can Randomized Controlled Trials Be So Misleading: CREST and IMPROVE Are Two Prime Examples”.
- April 28- May 1 Invited Speaker, Charing Cross International Symposium 2015, London. Talks on “Challenges of Setting Up A Global Conference”, Debate - for “The Hay Day of Open Aortic Surgery Is Over”.
- May 19 Invited Speaker, New York Society for Vascular Surgery, New York. Talk on “Why Randomized Trials Can Be Misleading”.
- May 21 Invited Speaker, PNEC meeting, Seattle, Washington. Talk on “Why RCTs Comparing EVAR With Open Repair for Ruptured AAAs Are Misleading: EVAR Is Still the Best Treatment If It Can Be Done”.
- June 8-9 Invited Speaker, MEET 2015, Nice, France. Talks on “How Do I See the Future of Carotid Stenting” and “The Lessons I have Learned from RCT on AAA Management”.
- June 12 Invited Speaker, Dutch Vascular Fellows Meeting, Videoconference. Talk on “Evolution of Vascular Surgery: Its Past, Present and Future. How to Be a Vascular Surgeon in the 21st Century”.
- June 14-15 Invited Speaker, C3 Meeting - Complex Cardiovascular Catheter Trials Can Be Misleading: The IMPROVE-IT Trial Comparing EVAR With Open Repair for Ruptured AAA”
- June 17-20 Invited Speaker, Society for Vascular Surgery, Chicago, Illinois. Talk on

“Clinical Trials in Peripheral Vascular Disease Pipeline and Trial Designs: An Evaluation of the Clinical Trials-gov Database”.

- June 24-27 Invited Speaker, SITE - 11th International Symposium on Endovascular Therapeutics, Barcelona, Spain. Talks on “A New Better Fluoroscopically Guided Technique for Restoring Patency to Occluded PTFE Bypass Grafts” and “Debate: Nowadays, EVAR Is Always the First Choice for Ruptured AAA Treatment”.
- September 2-3 Invited Speaker, 33rd Annual UCLA Symposium: A Comprehensive Review and Update of What’s New in Vascular and Endovascular Surgery, Los Angeles, California. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysm” and Surgical Management of Infrainguinal Occlusive Disease”.
- September 16-19 Invited Speaker, 31st Annual Meeting of the German Society for Vascular Surgery, Muenster, Germany. Talk on “Take Home Messages of the AJAX, IMPROVE and ECAR Trials”.
- September 14 Invited Speaker, 43rd Walter Reed Vascular Surgery Symposium, Bethesda, Maryland. Carl A. Hughes Lecture on “Management of Ruptured AAAs”.
- September 26-30 Invited Speaker, CIRSE 2015, Lisbon, Portugal. Talk on “Ruptured Abdominal Aortic Aneurysm”.
- Oct 4-6 Invited Keynote Lecturer, 14th National Congress of the Italian Society of Vascular and Endovascular Surgery, Milan, Italy. Talks on “Despite Current Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright” and “Why Trials for AAA Are Misleading”.
- Oct 8-11 Invited Speaker, Endovascology 2015, Shanghai, China. Talks on “Improved Method to Salvage Failed PTFE Grafts When Endovascular Treatments Fail”; “Update on EVAR for rAAAs: With Appropriate Adjuncts Almost 1005 of rAAAs can Be Treated by EVAR With a Lower Mortality and Turndown Rates”; “Technical Tips and Tricks for Achieving Successful Supra-Aortic Balloon Control with rAAAs: It Is Not Simple”; “Despite Current Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright”; “What Motivates Vascular Specialists to Do Interventional Procedures”; and “Why the Ongoing Initiative to Separate Physicians from Industry Is Bad for Patients and Society”.
- Oct 16-20 Invited Speaker, 25th Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “Why the Recent RCTs Comparing EVAR and Open Repair for Ruptured AAAs Are So Misleading: EVAR Is the Best Treatment If It Can Be Done” and “Tips and Tricks for Getting Supraceliac Aortic Control With Ruptured AAAs: It Is Not Simple”.
- Oct 22-25 Invited Speaker, Endovascular Therapies, Pinehurst, North Carolina. Talks on “Why the Randomized Trials Comparing EVAR With Open Repair for Ruptured AAAs Are Misleading” and “Debate: Medical Therapy Is the Best Treatment For Asymptomatic Carotid Artery Stenosis?”
- Dec 10-11 Invited Speaker, 40th Annual Northwestern Vascular Symposium, Chicago, Illinois. Talk on “Interpreting Randomized Controlled Trials of Vascular Treatment: Why They Can Be Misleading”.

Major Presentations, Lectures and Visiting Professorships - 2016

- Jan 19-25 Invited Speaker, CACVS 2016, Paris, France. Talk on “Duel. Is the Debate Above Ruptured Aneurysm Treatment Over? Forget the Knife: EVAR Is a Most Valuable Option In All Ruptures”.
- Jan 25-29 Invited Speaker, LINC (Leipzig Interventional Course), Leipzig, Germany. Talks on “Despite Level 1 Evidence, the Outlook for an Upsurge in CAS Is Bright and Getting Brighter” and “IMPROV and the Other Two Recent RCTs Comparing EVAR to Open Repair for Ruptured AAAs Reach Misleading Conclusions: EVAR Is the Best Treatment If It Can Be Done” and Charing Cross at Link “Debate on Label Use of EVAR Is Essential - Against”.
- Feb 7-10 Invited Speaker and Awardee of ISET Career Achievement Award, 28th Annual International Symposium on Endovascular Therapy (ISET), Hollywood, Florida
Talk on “Ruptured AAA: EVAR vs Open Repair”.
- Feb 12-13 Invited Speaker, Critical Issues America. Talk on “RCT’s of Ruptured AAA Treatment: 3 Wrongs Don’t Make A Right”.
- Feb 18-20 Invited Speaker, 10th Annual Sanctuary of Endovascular Therapies (SET), Kiawah Island, South Carolina. Talks on “Why the IMPROV and Other Trials Comparing EVAR and Open Repair for Ruptured AAAs Are Misleading: EVAR Is Clearly Best If It Can Be Done” and “Despite the Level 1 Evidence, the Outlook for CAS Is Bright”.
- March 3-5 Invited Speaker, Houston Aortic Symposium, Houston, Texas. Talk on “Despite Current Evidence, the Outlook for CAS Is Bright”.
- April 8-9 Invited Speaker, 24th Annual Pennsylvania Hospital Vascular Symposium, Philadelphia, Pennsylvania. Talk on “Why the IMPROVE and Other Randomized Trials Comparing EVAR and Open Repair for Ruptured AAAs Are Misleading: EVAR Is the Best Treatment for Ruptures If It Can Be Done”.
- April 19 Invited Speaker, St. Louis Vascular Society, St. Louis, Missouri. Talk on “Evolution and Current Status of EVAR for the Treatment of Ruptured AAAs”.
- April 20 Invited Speaker, Washington University Grand Rounds, St Louis, Missouri. Talk on “Evolution and Current Status of EVAR for the Treatment of Ruptured AAAs”.
- April 13-16 Invited Speaker, CICE 2016, Sao Paulo, Brazil. Talks on “A New Fluoroscopically Guided Technique for Restoring Patency To Occluded PTFE Bypass Grafts”; Final Debate - First Place Americas? Groups vs First Place Europe’s Group: Small AAA (5.0-5.4cm) Should Be Treated by EVAR - Pro - USA”; IMPROVE and the Other 2 Recent Randomized Trails Comparing EVAR to OPEN Repair for Ruptured AAAs Reach Misleading Conclusions: EVAR Is the Best Treatment If It Can Be Done”.
- May 24-25 Invited Speaker, ROMA CAPVT Mundi, Rome Italy. Keynote Lecture on “Why the Recent Randomized Trails Comparing EVAR With Open Repair for Ruptured AAAs Are

Misleading: EVAR Is the Best Treatment If It Can Be Done” and “Despite Results of latest RCTs, The Future of CAS Is Bright”.

- June 8-11 Invited Homans Lecture, Society for Vascular Surgery, Washington, D.C. Talk on “A Look at the Future of Vascular Surgery”. Also spoke on “Managing and Resolving Turf Battles and the C10 Essential Tools for Young Academic and Private Practice Surgeons”.
- June 29-July 1 Invited Speaker, BSET 2016, Warwickshire, UK. Talks on “Chee Soong Lecture: Vascular and Endovascular Surgery: A Glimpse at Where It Will be in 10 Years” and a talk at the National Vascular Training Day on June 29th on “Why the IMPROVE and Other RCTs Comparing EVAR and Open Repair for Ruptured AAAs are Misleading”.
- Aug 4 Invited Honoree and Guest Speaker, Vascular Techniques and Technology Thinktank, Saratoga Springs, New York. Talk on “Some Thoughts About the Future for Vascular Surgery and How to Succeed In It”.
- Aug 28-30 Invited Speaker, UCLA/SVS Symposium: A Comprehensive Review and Update of What’s New in Vascular and Endovascular Surgery, Beverly Hills, California. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic aneurysm” and “Surgical Management of Infrainguinal Occlusive Disease”.
- Sept 11-13 Invited Speaker, CIRSE 2016 - Interdisciplinary Endovascular Aortic Symposium, Barcelona. Talk on “Tips and Tricks for Obtaining Supraceliac Aortic Control for rAAA”.
- Oct 5-8 Invited Speaker, XIV Panamerican Congress on Vascular and Endovascular Surgery, Rio de Janeiro, Brazil. Talks on 1) “Strategies and Techniques for Improving Results with EVAR for Ruptured AAAs”; 2) “Improved Hybrid Method to Salvage Failed PTFE Grafts When Endovascular Treatment Fails”; 3) “Dealing with Adversity: A requirement for Success in Vascular Surgery”; 4) “Despite Level 1 Evidence to the Contrary, the Future Outlook for Carotid Stenting Is Bright”; 5) “Tips and Tricks for Obtaining Supraceliac Aortic Control With EVAR for Ruptured AAAs”
- Oct 20 Invited Speaker, 44th Walter Reed Vascular Surgery Symposium, Bethesda, Maryland. Talk on “Why the RCTs Comparing EVAR to Open Repair for Rupturing AAAs Are Misleading”.
- Oct 22-23 Invited Speaker, 26th Annual West Virginia Vascular/Endovascular Surgery Symposium, White Sulphur Springs, West Virginia. Talks on “What Is Wrong With Current Carotid Guidelines?” and “Despite Level 1 Evidence the Future Outlook for Carotid Stenting Is Bright”
- Oct 27-31 Invited Speaker, XLVII Congreso Nacional de Angiología Y Cirugía Vascular, Chihuahua, Mexico. Talks on “Surgical and Endovascular Management of Ruptured Abdominal Aortic Aneurysms: History and Present Status” and “Future of Vascular surgery and How to Succeed in it”.
- Nov 15-19 Chairman, VEITHsymposium. Talk on “Carotid Stenting: A New Era, or Just Reinterpretation of Data”.
- Dec 1-3 Invited Speaker, 6th Munich Vascular Conference 2016, Munich, Germany.

Talks on “Update on the North American RCTs CREST-2 and ACST-1: Will Carotid Artery Stenting (CAS) Survive As An Alternative to BMT or CEA?” and “Dealing With Adversity: A Requirement for Success in Vascular Surgery”.

B. Books, Chapters in Books and Review Articles
